TO: Board of Supervisors

FROM: Jim McHargue, REHS, SC, Director Solid Waste/Safety Programs

DATE: May 7, 2014

RE: ACES Waste Services Inc. Refuse Rate Adjustment Request

BACKGROUND:

On May 6, 2014 the Amador County Public Committee considered the 2014 ACES Waste Services Inc. rate adjustment request and corresponding review report by the county's rate setting consultant R3 Consulting Group Inc. (Attachment)

ACES submitted a request that contained several items that are not considered part of the Rate Adjustment Methodology (RAM) and both county staff and R3 Consulting Group recommended to the Committee approval of a rate adjustment that considers only RAM-authorized items.

PUBLIC WORKS COMMITTEE DIRECTION TO STAFF:

Upon review and discussion at the Public Works Committee, It was found that ACES healthcare and worker's compensation costs were beyond the company's control and could be considered during this review.

In addition, staff was asked to review ACES' request for a Master Plan of site improvements for the Buena Vista Transfer Station. The estimated cost for an engineering firm to develop a Plan to be used in creating a Master Plan for Site Improvements is \$12,000 – \$14,500. These costs would result in a 0.82%* increase in the costs of services to the public at the Buena Vista Transfer Station only.

Staff has reviewed ACES' submission and has conducted a site visit to Rock Creek Landfill in Calaveras County. Staff recommends a focused Plan with a narrow scope that is specific to storm water liability. The cost for a more abbreviated Plan is anticipated to be less than \$12,000 - \$14,500 as proposed; therefore the 0.82% adjustment would decrease correspondingly.

In addition to site improvements specific to storm water, the Board may want to consider following:

Grading for drainage, road base preparation and paving of business areas

- Transfer station perimeter security fencing
- Consider options for truck wash rack which may include waste water recycling

The rate adjustments as a result of consideration of healthcare and worker's compensation and Site Master Plan costs are as follows:

AREA 1	AREA 2	AREA 3	PGTS	BVTS
3.35%	3.18%	3.49%	0.89%	1.38 + 0.82* =
				2.20%

Finally, the Public Works Committee, along with staff, will work with ACES over the next year on possible changes to the RAM for consideration of:

- (1) Development of a CPI index that more closely resembles Amador County as opposed to the San Francisco index that is currently used
- (2) Consider the retirement plan as proposed by ACES
- (3) Consider additional cost of financial consulting as proposed by ACES.

RECOMMENDED BOS ACTION:

- 1. Adjust refuse rates as indicated above.
- 2. Set Proposition 218 protest hearing for Tuesday, July 15, 2014.
- 3. Direct staff to develop and mail Prop 218 notice, with proposed rate schedule, to all owners and/or customers with ACES subscription waste services.

COUNTY ADMINISTRATION CENTER • 810 COURT STREET • JACKSON, CA 95642-2132

MEMORANDUM

TO:

Public Works Committee

FROM:

Jim McHargue, REHS, SC, Director of Solid Waste/Safety Programs

DATE:

April 22, 2014

SUBJECT:

ACES 2014 Refuse Rate Adjustment Request

On March 13, 2014, the county received a refuse rate adjustment request from ACES Waste Services Inc. (attachment A). The county's rate adjustment consultant, R3 Consulting Group Inc. reviewed ACES' request and submitted a draft report to the county on April 14, 2014 (attachment B).

ACES rate adjustment request is as follows:

Area 1	Area 2	Area 3	PGTS	WARF
5.34%	5.53%	4.93%	4.60%	4.77%

R3's review of the request in compliance with the Rate Adjustment Methodology (RAM) is as follows:

Area 1	Area 2	Area 3	PGTS	WARF
1.91%	1.83%	2.11%	-0.02%	0.97%

The difference in the rate adjustment requested by ACES and what is allowed by the RAM is due to ACES' inclusion of the following non-RRI expenses: Financial Consulting Fees, Retirement Plan, Labor Related Costs/Wage Increases and WARF Long Term Master Planning (attachment C).

The RRI is calculated using the index of values established by the Rate Adjustment Methodology, adopted by the Board in December 2008. The Rate Adjustment Methodology does not provide for consideration of the non-RRI items for which ACES has requested rate adjustment.

Based upon the county's rate adjustment practices over the last six years and the strict application of the mutually-agreed upon RAM, staff recommends implementing only the R3

supported rate adjustments. The RAM (attachment D) was developed as a cooperative effort between the county and its waste haulers in 2008 in response to a need by both the county and the waste haulers to have a regular, systematic approach to refuse rate adjustments. Prior to 2008 there were times when several years would elapse before a rate adjustment was implemented leading to less frequent but larger rate increases, sometimes double-digit increases. When the RAM was adopted it was clear that it could not encompass all possible rate adjustment issues, however it has served both the county and its waste hauler.

Staff recommends that ACES petition the Board to amend the Rate Adjustment Methodology to include the identified non-RRI items prior to initiation of the planned 2015 Detailed Rate Review.

RE: RRI adjustment for 2014-15

Dear lim,

Attached please find the worksheets for this year's RRI computations. The RRI for 2014-2015 is:

- Area 1 5.34%
- Area 2 5.53%
- Area 3 4.93%
- PGTS 4.60%
- WARF 4.77%

Also attached is a copy of the current rates for waste collection in each franchise area along with the proposed rates.

We would like to meet with you at your earliest convenience to review this information and answer any questions you may have.

Awaiting your direction, I remain,

me Malulle of

Sincerely,

Paul J. Molinelli, Sr

President

Mr. Jim McHargue, R.E.H.S. Solid Waste Program Manager County of Amador 810 Court Street Jackson, CA 95642

Subject: Letter Report - Review of ACES Rate Year 7 Indexed Rate Adjustment

Dear Mr. McHargue:

R3 Consulting Group, Inc., (R3) was engaged by Amador County (County) to assist with a review of ACES Waste Services' (ACES) Rate Year (RY) 7 Rate Adjustment Request. This letter report presents the results of our review.

Objectives

To review and either confirm or revise ACES' RY 7 Rate Adjustment calculations for each three (3) franchise areas and two (2) transfer stations.

Background

In December 2008, the Amador County Board of Supervisors approved the use of the Rate Adjustment Methodology (RAM) for the analysis and calculation of annual refuse rate adjustments within the county's franchise waste hauler system. The RAM uses a hybrid model for rate adjustments based on a three year cycle with a detailed analysis of the waste hauler's operating expenses and revenues in RY 1 (Detailed Rate Adjustment) followed by Indexed Rate Adjustments (Refuse Rate Index (RRI) in Rate Years 2 and 3). The Index consists of five separate indices: labor, diesel fuel, industrial vehicle replacement, industrial vehicle maintenance, and CPI (all urban consumers), as well as an indexed adjustment for landfill disposal costs based upon actual projections. The cycle then repeats with a Detailed Rate Adjustment in RY 4 and so on.

By mutual agreement of the parties, the RRI can be used in place of the Detailed Rate Review in Year 4 or any other years in which case the Detailed Rate Review is deferred to the following year. The Detailed Rate Review that was to be conducted in Rate Year 4 was deferred to Rate Year 5 due to ACES purchase of Amador Disposal Services Buena Vista Transfer Station and Franchise Area 1 collection operations and the lack of financial statements for a full calendar year for those operations at the time the RY 4 Detailed Rate Review was to occur. A Detailed Rate Review was conducted in RY 5 with the RRI used in RY 6.

As part of the RY 5 rate adjustment process, ACES projected the need to replace vehicles in 2012 and the projected cost of those vehicles was included in the RY 5 calculated rate adjustment. At that time, it was agreed that the RY 6 RRI rate adjustment calculation would account for any

Mr. Jim McHargue April 14, 2014 Page 2 of 5

difference between the actual and projected cost for any vehicles that were replaced in 2012. It was also agreed that any interest and depreciation expense savings associated with fully depreciated vehicles would also be accounted for as part of future indexed rate adjustments.

At the time of the RY 5 rate adjustment, ACES also projected the need to replace additional vehicles in 2013, 2014 and 2015, with all of the vehicles proposed to be replaced older than ten years. The County and ACES agreed that the cost for those vehicles would be handled in a similar manner with the projected vehicle replacement costs included in the associated Rate Year rate adjustment calculation and a corresponding adjustment the following year to account for any difference between the actual and projected vehicle cost. Finally, it was also agreed that starting in RY 6, the annual indexed rate adjustments would account for the actual interest expense on ACES loans for the purchase of Franchise Area 1 and the WARF to reflect the decreasing annual interest expense over the life of the loans.

Overview of Rate Adjustment Request

ACES submitted its RY 7 rate application that requested the following rate adjustments:

3	Franchise Area 1	5.34%
28	Franchise Area 2	5.53%
#	Franchise Area 3	4.93%
3	Pine Grove Transfer Station (PGTS)	4.60%
3	Buena Vista Transfer Station (WARF)	4.77%

During the course of the review of ACES RY 7 Rate Adjustment Request ACES made a number of adjustments to its projected RY 7 Rate Adjustments to account for updated information largely related to depreciation and interest expenses. In addition, an adjustment was made to reduce the RY 7 expenses to account for the half-year adjustment to the RY 5 Rate Review Expense that was not included in the RY 6 adjustment, as discussed in the RY 6 report.

In addition to the specified Refuse Rate Indexed (RRI) adjustments, ACES requested RY 7 rate adjustments for the following expense items (Non-RRI Expense Items) that are not specified in the RRI guidelines:

- Financial consulting fees related to the RY 7 RRI adjustment;
- Projected retirement plan expenses;
- Projected expenses related to increased labor related costs (health and welfare benefits and insurance; and
- Projected costs related to a long-term master plan for the WARF (for WARF rate adjustment only).

Attachment 1 contains a letter provided by ACES explaining the basis for the Non-RRI Expense Items that it is requesting the County include in the RY 7 Rate Adjustments. The referenced supporting detail has been provided to the County under separate cover. While a detailed review of ACES Non-RRI Expenses is beyond the scope of our RRI review, we offer the following for the County's consideration, although it should be noted the approved Rate Adjustment Methodology does not provide for consideration of any such expenses as part of this or any year in which the RRI is used to set the rates:

Mr. Jim McHargue April 14, 2014 Page 3 of 5

Financial Consulting Fees – We cannot offer an assessment of the need for this additional expense at this time without a more thorough review of existing staffing resources.

Retirement Plan - It is not uncommon for some reasonable level of retirement related expenses for franchised haulers to be included in the rate base.

Labor Related Costs / Wage Increases - The extraordinary cost increases related to health insurance and workers compensation reported by ACES are similar to what we have seen with other solid waste management operations in recent years.

WARF Long Term Master Planning – This issue is similar to the discussion related to including ACES purchase of the WARF in the rate base as part of the RY 5 Detailed Rate Review. The following "note" was included in the RY 5 Detailed Rate Review Report related to that purchase:

The County's rate payers are essentially paying for the purchase of the facility. Assuming the County had purchased the facility, the rates would need to be adjusted by a similar amount to cover that expense. The only difference is the Company also earns profit on that additional expense. While covering the cost of the purchase of the facility in the rate base is "acceptable practice," a case could be made that the ratepayers should realize any net value of the facility and land (less any remaining depreciation expense) if and when it is sold or no longer services the County since the ratepayers have paid for the facility. This approach is similar to the rate payers paying for collection vehicles through the rates but then realizing any value for such vehicles when they are sold or scraped as franchise revenue.

With respect to ACES request for the above Non-RRI Expense Items, it is noted that the RRI rate adjustment methodology was intended to simplify the rate adjustment process in interim years with the periodic detailed rate review provided as a methodology to "true-up" to actual expenses to protect both parties. While ACES may have or will realize such additional expenses that are not provided for by the RRI methodology, there may be certain other offsetting expenses that have or will decrease, and as noted above, the Rate Adjustment Methodology does not provide for consideration of any such expenses as part of this or any year in which the RRI is used to set the rates:

Summary Findings and Recommendations

Based on our review, R3 recommends the following RY 7 RRI Specific Rate Adjustments, which we understand ACES agrees with:

3	Franchise Area 1	1.91%
調	Franchise Area 2	1.83%
排	Franchise Area 3	2.11%
138	Pine Grove Transfer Station	-0.02%
語	Buena Vista Transfer Station	0.97%

The above recommended rate adjustments do not account for any of ACES Non-RRI Expense Items. The additional rate impact of each of those items is included in the following table should the County decide to include any of those Non-RRI Expense Items in the RY 7 Rate Adjustments.

	Total Rate Impact (1)				
	Franchise Area 1	Franchise Area 2	Franchise Area 3	PGTS	WARF
2014 Financial Consulting Fees	0.42%	0.63%	0.78%	0.48%	0.29%
Retirement Plan	0.48%	0.72%	0.90%	0.55%	0.33%
2013 Wage Increase 2.58%	0.99%	0.93%	0.95%	0.75%	0.85%
2014 Wage Increase 2.50%	0.96%	0.90%	0.92%	0.72%	0.82%
WARF Long Term Master Planning	0.00%	0.00%	0.00%	0.00%	0.82%
Total	2.83%	3.17%	3.55%	2.49%	3.11%

⁽¹⁾ Includes Franchise Fees and Profit on adjustments

It should be noted that allowing any of the Non-RRI Expense Items would increase the RRI disposal expense adjustments for Franchise Areas 1, 2 and 3, which are based on the overall rate adjustments for the PGTS and WARF and as a result increase the RRI specific rate adjustments listed above. Because those Non-RRI Expense Items are not part of the agreed upon RRI methodology, we suggest that if any of those expenses are allowed they not be factored into the RRI disposal expense adjustment for Franchise Areas 1, 2 and 3 for purposes of the RY 7 rate adjustment.

The following table provides a summary of ACES requested rate adjustments and R3's recommended RRI adjustments. The County will need to decide which, if any, of ACES Requested Non-RRI Adjustments are to be included in the Rate Year 7 rate adjustment as they are not covered in the agreed upon Rate Adjustment Methodology.

	ACES Total Original Requested Adjustment	R3 Recommended RRI Adjustment	ACES Requested Non-RRI Adjustments	Total ⁽¹⁾
Area 1	5.34%	1.91%	2.83%	4.74%
Area 2	5.53%	1.83%	3.17%	5.00%
Area 3	4.93%	2.11%	3.55%	5.66%
PGTS	4.60%	-0.20%	2.49%	2.29%
WARF	4,77%	0.97%	3.11%	4.08%

⁽¹⁾ R3 Recommended RRI Adjustment + Aces Requested Non-RRI Adjustments - Does not account for any adjustment to Disposal RRI associated with any Non-RRI percentage adjustments that are approved.

R:\Projects\Amador County Rate Year 7 RRI - 114008\Report\Rate Year 7 Rate Adjustment Letter Report 041414.doc

Attachment 1

April 10, 2014

Subject: 2014 Rate Adjustment

ACES's recent RRI submission included the below adjustments to the RRI model for which we request the County's consideration of, and our reasoning as follows:

• 2013 and 2014 wage increase of 2.58% and 2.50%, respectively:

If we do not provide our employees with a competitive wage and annual COLA adjustments, we will lose our trained labor forces to other haulers, particularly in Sacramento. Prior to September 2013, in which we provided a COLA adjustment of 2.58%, our previous adjustment was in July 2011. We are anticipating our 2014 COLA adjustment to be approximately 2.50% which will be implemented in July 2014.

The RRI adjustment for "Salaries" is intended for COLA and inflation adjustments for wages, health insurance and workers compensation insurance.

For the two year periods ended December 31, 2012 and 2013, our actual increases for health insurance and workers compensation insurance was \$40,692 and \$26,343 for a total of \$67,034. The RRI increase allowed for "Salaries" (including health insurance and workers compensation insurance) over the same period was \$35,162 and \$31,135 for a total of \$66,298. Although the RRI model was intended to cover all employee related costs, it clearly does not. In our rate adjustment we have allowed for the actual COLA adjustments for our employees, or alternatively, the RRI model could be amended to allow for actual changes in health insurance and workers compensation insurance. Our calculations are attached.

SIMPLE IRA:

We have responded to our employees request to help them save for their retirement by providing an employer based SIMPLE (Savings Incentive Match Plan for Employees) IRA. Similar to the COLA adjustments, we need to respond to our employees requests or face the risk of losing our trained labor force to other employers whom provide retirement programs. Under the SIMPLE IRA, ACES is responsible to make contributions to the plan through a matching or non-elective contribution. A description of the plan is attached, furthermore, we can arrange for our plan provider to meet with you to provide additional details regarding the plan.

• Long Term Site Master Planning:

It is necessary for various improvements be made to the Buena Vista site to bring the facility current with the governing codes, regulations and practices. We have retained the

Attachment 1

engineering and design firm Weatherby – Reynolds – Fritson (WRF), to assist us with the long term master planning for the Buena Vista site. We have allowed for the cost of WRF to prepare an estimate to complete the Master Plan. A copy of their proposal is attached to this letter.

• Financial and Regulatory:

As our business continues to evolve and grow with the region and the every changing complexities of compliance and financial management, we have found it necessary to add additional expertise to our company. Towards this end, we have been actively seeking a professional to fill this role. We anticipate the salary to be approximately \$60,000 to \$75,000 plus approximately a 30% burden. Our search has currently been unsuccessful, so in the interim we have retained our outside CPA to assist in this position. We have included the CPA's entity-wide agreed annual fixed fees of \$36,000 in our application, the agreement is attached.

SIMPLE IRA

Description

The SIMPLE (Savings Incentive Match Plan for Employees) IRA is a business sponsored retirement plan which allows employees to contribute to the plan through salary deferrals. The business is responsible to make contributions to the plan through a matching or non-elective contribution.

Suitability

This plan is suitable for sole proprietors, partnerships, non-profit organizations, government entities, and corporations who do not maintain, during any part of the caiendar year, another qualified plan with respect to which contributions are made or benefits are accrued for service in the calendar year. The employer must have 100 or fewer employees who have earned at least \$5,000 in compensation for the prior year.

Contributions

The SIMPLE IRA is funded by both employee and employer contributions. An eligible employee is allowed to defer the lesser of 100 percent of their salary or the applicable deferral limit below:

Year	Deferral Limit	Catch-up for Age 50 and up
2013	\$12,000	\$2,500
2014	\$12,000	\$2,500

The business is required to make one of the following mandatory contributions:

- A dollar for dollar match of the employee's deferral (if any) up to 3 percent of the employee's annual compensation (no compensation cap). The match can be reduced to as low as 1 percent for two years out of any five year period; or,
- A non-elective contribution of 2 percent of the employee's compensation (capped at \$255,000 for 2013 and \$260,000 for 2014) for eligible employees. It's given to employees who are eligible, whether or not they contribute.

Notes:

- Catch-up contributions apply to anyone who reaches age 50 (or over) during the calendar year.
- Contributions to the SIMPLE IRA are excludable from a participant's federal income tax and thus not subject to federal income tax withholding.
- Matching and non-elective contributions are a business tax deduction.
- Salary deferral contributions to a SIMPLE IRA are subject to FICA (Social Security and Medicare) and FUTA (federal
 unemployment) taxes, as well as taxes arising under the Railroad Retirement Act (RRTA).
- Matching and non-elective contributions to the employee's SIMPLE IRA are not subject to federal income tax withholding, FICA, FUTA, or RRTA taxes.

Maximum Eligibility Requirements

Employers can restrict participation to employees who had at least \$5,000 compensation in any 2 previous years, and are reasonably expected to receive \$5,000 of compensation in the current year. The employer may be able to exclude union employees, but cannot exclude employees based on age.

Vesting

The SIMPLE IRA does not offer a vesting schedule, all contributions are 100 percent vested to the employee.

Deadlines

- An existing employer may establish a SIMPLE IRA plan effective on any date between January 1 and October 1, provided that
 the employer did not previously maintain a SIMPLE IRA. If an employer previously maintained a SIMPLE IRA, it may only
 establish a SIMPLE effective on January 1.
- Employee salary deferrals must be deposited as soon as administratively feasible, but no later than the 30th day following the
 month of deferral.
 - o Note: The DOL has provided a safe harbor for the deposit of deferrals for small plans (less than 100 participants). If deferrals are deposited to the plan within 7 business days of receipt or withholding, they will be considered timely and meet the above deadline.
- Employer matching and non-elective contributions must be deposited by the business tax-filing deadline including extensions.
- The deadline to make changes to an existing SIMPLE, such as employee eligibility or matching contribution amounts, is November 1st prior to the year for which the change(s) are to become effective.

Additional Information

Early Withdrawal Penalty - A 25 percent penalty applies to withdrawals taken during the first two-year period of participation (exceptions apply). After this period, a 10 percent penalty applies to early withdrawals (exceptions apply). The two-year period begins on the date of the first contribution.

January 21, 2013

Mr. David Ianni, Vice President ACES Waste Services, Inc. 6500 Buena Vista Road Ione, CA 95640

Long Term Site Master Planning RF: ACES Waste Services Facilities Amador County Buena Vista Landfill Ione, California

David.

I have attached the "Preliminary Outline For Master Plan" I created to help define what will be presented in the Master Plan. From this Outline and the Work Item List that I previously e-mailed to you I have attempted to complete an estimate of the engineering fees required to prepare the Estimate of engineering fees required to prepare the Master Plan. In preparing this estimate it has become evident that the Outline and the Work Item List will need to be part of the Estimate to complete the Master Plan. Additionally, pictures and preliminary exhibits will need to accompany the two documents to make the Estimate comprehensible. With that being said, some of the work being accomplished to complete the Estimate to prepare the Master Plan will be able to be used in completing the Master Plan. At this point the full extent of the use really can't be determined, but an effort will be made to not duplicate as much work as possible.

The total estimated fees to complete the Estimate to complete the Master Plan are based upon the following items of Work:

- 1) Create a preliminary overall site exhibit. The existing aerial topographic map from the year 2000 will be used for the Estimate unless an updated map is required to secure funding. Costs for new mapping are not included in this estimate.
- 2) Create preliminary exhibits for each Work Item from the Work Item List.

(209)-223-0381 [Voice] (209)-223-0716 [Fax] 206 Peek Street Jackson, CA. 95642 http://www.wrfed.com Page 2 Mr. David Ianni Long Term Site Master Planning ACES Waste Services Facilities Amador County Buena Vista Landfill

- 3) Take additional pictures at site, Kiefer Landfill, and the I-5 Auto Truck Wash and process and label the pictures for use in the Estimate document.
- 4) Create estimates to complete the Master Planning for each Work Item.
- 5) Create an estimate for the Master Plan Report.
- 6) Present Estimate in bound report form.

Total Estimated Fees to Complete Items 1 through 5:

\$12,000.00 to \$14,500.00

Please review the information I have presented. All work will be billed on a time and materials basis per the rate schedule attached to our contract. I am hoping that as we progress with the Estimate to complete the Master Plan some duplication will be found and help reduce the time to complete the task. I am available to discuss this estimate at your convenience. Please contact me if you have any questions or require any additional information.

Sincerely,

Weatherby-Reynolds-Fritson Engineering & Design

Grant Reynolds, President

Lan Leguros

ACES WASTE SERVICES, INC.

LONG TERM MASTER PLANNING - BUENA VISTA LANDFILL

WORK ITEM LIST

1. GRADE AND PAVE ALL GRAVEL AREAS

- a. Due to existing clay soils at site a suspended solids problem exists with the storm water discharge. Pat Dunne with Amador County should be of assistance with information regarding the problem.
- b. Contract services of a Geotechnical Engineer will be required during the Master Planning portion of work to review clay soils and provide specifications for subsurface preparation (possibly overexcavate and recompact) for placement of aggregate base and paving.

2. INSTALL NEW SECURITY FENCING AT PERIMETER OF ACES BUSINESS AREA.

- a. Fencing to be 6 foot tall cyclone fencing with three strand barbed wire on 45 degree arms at top.
- b. Entry gate at Buena Vista Road to be Secure Power Gate with remote for drivers.

REDESIGN INGRESS AND EGRESS AT BUENA VISTA ROAD ENTRANCE

- a. Addition of second scale.
- b. One scale in / one scale out. Use Kiefer Landfill entrance as example.
- c. Construct Scalehouse in middle of two scales.

4. INSTALL STORMWATER INLET AND DRAINAGE PIPING SYSTEM TO ASSIST WITH STORMWATER CAPTURE

- a. Entire yard needs to be graded to inlets.
- 5. PAVE ALL AREAS EITHER TO THE FACE OF ALL BUILDINGS OR TO EDGE OF ALL CONCRETE AREAS AT BUILDINGS.
- 6. THE OLD HOLDING TANKS LOCATED AT THE SOUTHEAST CORNER TO THE TRANSFER BUILDING NEED TO BE CEMENTED IN OR REMOVED.
 - a. Investigate filling with pea gravel and capping with concrete.

(209)-223-0381 [Voice] (209)-223-0716 [Fax] 206 Peek Street Jackson, CA. 95642 http://www.wrfed.com

Long Term Master Planning - Buena Vista Landfill
Work Item List
Page 2

- REDESIGN FUEL CONTAINMENT AREA TO ALLOW FOR TRUCKS TO DRIVE AROUND FUELING AREA OR DRIVE THROUGH FUELING AREA WITH A CONCRETE APRON UNDER TRUCKS FOR SPILL CONTAINMENT.
 - a. Apron will need concrete berms constructed at all edges to contain spills.
 - b. Fuel containment area and concrete apron will need a sump and pump in case of spills.
 - e. Existing fuel tank is sufficiently sized and structurally sound.
 - d. Existing fuel containment area is sufficiently sized.
- 8. CONSTRUCT COVER FOR FUEL CONTAINMENT AREA AND TRUCK FUELING APRON.
 - a. Cover to be constructed of metal building components.
- 9. REDESIGN OF FUEL CONTAINMENT AREA WILL CREATE THE NEED FOR THE BUNKERS AT THE NORTHEAST AREA OF THE YARD TO BE RELOCATED.
 - a. Ground area inside Bunkers to be paving or concrete.
- 10. CONSTRUCT COVER FOR BUNKERS.
 - a. Cover to be constructed of metal building components.
- 11. THE EXISTING COVERED AREA FOR THE COUNTY'S USE FOR HAZARDOUS MATERIALS DISPOSAL SHALL REMAIN.
 - a. Paving to be placed up to fencing /edge of concrete.
- 12. REPLACE FENCING AT TRUCK RAMP AT NORTHWEST CORNER OF TRANSFER BUILDING.
 - a. Fencing to be 42" minimum high cyclone fencing.
- 13. THE EXISTING DRAINAGE SWALE AT THE ENTRANCE TO THE TRUCK RAMP TO BE IMPROVED BY INSTALLING GRATING (TRUCK TRAFFIC RATED)OVER A CONCRETE TRENCH DRAIN.
 - a. Trench drain will discharge to the existing drainage catchment at the Northwest corner of the yard.
- 14. CONSTRUCT COVER FOR TRUCK RAMP.
 - a. Cover to be constructed of metal building components.

Aces Waste Services, Inc. Long Term Master Planning – Buena Vista Landfill Work Item List Page 3

- 15. REMOVE DEGRADATED PAVING AT OFFICE AND SHOP AREAS, REGRADE AND REPAVE AREAS.
- 16. REGRADE AND REPAVE AREA BETWEEN SHOP AND OFFICE NEAR THE EXISTING SEPTIC TANK AND INSTALL STORM DRAIN INLETS AND STORM DRAINAGE PIPING.
- 17. THE AREA BETWEEN THE SHOP AND BUENA VISTA TO BE GRADED AND PAVED TO THE TOE OF THE BANK AT BUENA VISTA ROAD.
 - a. Maintain positive drainage along toe of bank towards the south to existing drainage ditch
- 18. REDESIGN TRUCK WASH RACK AT SOUTH END OF SHOP. TRUCK WASH IS TO BE DRIVE THROUGH.
 - a. Automated truck wash with water recycling system at Highway 12 and Interstate 5 is to be used as an example.
 - b. The existing shed attached to the south end of the Shop can be removed.
 - c. The existing oil waste tank can be removed or relocated.
 - d. All of the existing concrete slab in this area to be removed up to the building footing and replaced.
 - e. Construct a cover entire concrete slab. Cover to be constructed of metal building components.
 - f. Wash water and drainage water currently flows to holding tank.
 - g. As part of redesign a water recycling system for the truck wash water is to be implemented.
- 19. AREA TO THE SOUTH OF THE SHOP (FROM END OF TRUCK WASH RACK SLAB TO THE END OF THE TRUCK PARKING AREA) TO BE GRADED AND PAVED.
 - a. Area to be graded such that it slopes to the center.
 - b. All surface storm water to be collected via drainage swale, drainage inlets, and drainage piping.
 - c. Storm water treatment at south end of Truck Parking area to be provided.
- 20. THE CONTAINER STORAGE AREA AT THE SOUTH END OF THE ACES BUSINESS AREA IS TO BE GRADED TOWARDS THE DITCH AT THE TOE OF THE BANK AT BUENA VISTA ROAD AND PAVED.
 - a. This is the WEST edge of the Storage Area.

Aces Waste Services, Inc. Long Term Master Planning – Buena Vista Landfill Work Item List Page 4

- 21. SITE LIGHTING IS TO BE INSTALLED AS REQUIRED TO IMPROVE OVERALL YARD LIGHTING.
 - a. Lighting to extend to the SOUTH end of the Truck Parking area located SOUTH of the Shop.
 - b. Contract Services of an Electrical Engineer will be required for a wiring plan, panel sizing and layout, and lighting fixture specifications and layout. Preliminary work for the Master Plan will be required.
- 22. A LEFT TURN LANE AND A NORTHBOUND ACCELERATION LANE ARE TO BE CONSTRUCTED ON BUENA VISTA ROAD AT THE EXISTING ENTRANCE TO ACES BUSINESS AREA.
 - a. Work to be designed to County Standards.
 - b. Work may be deleted from ACES Master Plan Scope of Work and be completed as part of Buena Vista Casino Project.

Certified Public Accountants

December 11, 2013

ACES Waste Services, Inc. 6500 Buena Vista Rd. Ione, CA 95640

In order to document the understanding between us as to the scope of the work that VT Williams & Associates, LLP, CPAs will perform, we are entering into this **Fixed Price Agreement** with ACES Waste Services, Inc. (the "Company"). To avoid any misunderstandings, this Agreement defines the services we will perform for you as well as your responsibilities under this Agreement.

2014 Professional Services

VT Williams & Associates, LLP will perform the following services for the Company from January 2014 through December 2014:

- Attendance and participation in monthly shareholder meetings
- Rate calculations and negotiations
- Strategic business planning
- Consulting Services*

*Included in the Consulting Services are the following services to be provided by VT Williams & Associates, LLP to the Company:

- Unlimited meetings to discuss operations of the Company, business matters, tax matters, and any other topic at the discretion of the Company or its employees and/or agents.
- Unlimited phone support for the Company personnel and/or independence contractors and agents regarding accounting assistance, recording of transactions, etc.
- Travel time and expenses to Amador County

Because our Fixed Price Agreement provides ongoing access to the accounting, tax, and business advice you need on a fixed-price basis, you are not inhibited from seeking timely advice by the fear of a clock running endlessly. Our services are designed around fixed-prices, as opposed to hourly rates, and offer you access to the accumulated wisdom of the firm through CPAs with substantial experience who can help enhance your company's future and achieve its business goals.

While the fixed-price entitles the Company to unlimited consultation with us, if your question or issue requires additional research and analysis beyond the consultation, that work will be subject to an additional price negotiation before the service is performed, and a Change Order will be issued before delivery of the additional service, with payment terms agreed to in advance.

Unanticipated Services

Furthermore, the parties agree that if an unanticipated need arises (such as, but not limited to, an audit by a taxing agency, or any other exogenous service not anticipated in this agreement by the parties), VT Williams & Associates, LLP herby agrees to perform this additional work at a mutually agreed upon price *before the service is provided*. This service will be billed separately to the Company, as part of a Change Order, and will be payable upon presentation [or payable upon terms mutually agreed upon].

Service Guarantee

Our work is guaranteed to the complete satisfaction of the customer. If the Company are not completely satisfied with the services performed by VT Williams & Associates, LLP, we will, at the option of the Company, either refund the price, or accept a portion of said price that reflects the Company' level of satisfaction.

The following payment plan is hereby agreed to by the Company and VT Williams & Associates, LLP:

• \$3,000 per month

To assure that our arrangement remains responsive to your needs, as well as fair to both parties, we will meet throughout the term of this agreement and, if necessary, revise or adjust the scope of the services to be provided and the prices to be charged in light of mutual experience.

Furthermore, it is understood that either party may terminate this Agreement at any time, for any reason, within 10 days of written notice to the other party. It is understood that any unpaid services that are outstanding at the date of termination are to be paid in full within 10 days from the date of termination.

If you agree that the above adequately sets forth the Company' understanding of our mutual responsibilities, please authorize this Agreement and return it to our office. A copy is provided for your records.

We would like to take this opportunity to express our appreciation for the opportunit you.	y to serve
Very truly yours,	
Paul Tibma, Partner VT Williams & Associates, LLP

Rate Adjustment Methodology

The Rate Adjustment Process will be on a three year cycle with a cost based adjustment (Detailed Rate Adjustment) in Rate Year 1 followed by Indexed Rate Adjustments (Refuse Rate Index) in Rate Years 2 and 3. The cycle will then repeat with a Detailed Rate Adjustment in Rate Year 4 and so on.

DETAILED RATE REVIEW

Non-Allowable Expenses

- Fines:
- Liquidated Damages
- Penalties and Violations
- Income Taxes
- Charitable or Political Contributions (including CRRC PAC expenses) (CRRC dues other than PAC expenses are an "Allowable Expense")
- Good Will
- Employee free services in excess of normal weekly garbage service and limited rolloff service (1 debris box/employee/year)
- Related party charges in excess of that which would otherwise reasonably be charged by an unrelated party
- Long-term rental or lease charges for collection vehicles / equipment which are greater than the cost of acquisition (although normal interest/financing charges and costs borne by the leasing/rental company that would normally be the responsibility of the hauling company if they owned the assets directly. These costs include but are not limited to license fees, property taxes, insurance, repairs and maintenance).
- Costs that are not reasonable or necessarily incurred in the performance of the services provided in accordance with the Franchise Agreement

Pass Through Expenses (not subject to Profit)

- Third-party Transfer, Processing and Disposal Expenses (Company material transport costs are an "Allowable Expense").
- Host Fees and Franchise Fees
- Regulatory or Other Fees
- Third Party-Rate Review Costs

County of Amador

Limitations on Allowable Expenses

- ACES Officer Salary to be set at current Officer Salary + Director Fees (based on 2007 figures) (Attachment 1) with annual increase tied to Employment Cost Index (NAICS) (Series ID: cis201s0000000000i. The County will also consider additional adjustments to Officer Salary related to growth.
- ADS Corporate Overhead charges are set at \$52,867 for the MRF/TS and \$24,609 for Collection with annual increase tied to Employment Cost Index (NAICS) (Series ID: cis201s00000000i) (Attachment 2).
- Reasonable Franchise related Marketing Expense, Promotional Expense, and Travel Expense are Allowable Expenses.

Variance Analysis

Company to provide line item revenue and expense variance analysis for prior 4 years (Since last Detailed Review) and provide explanation of significant variances as part of Detailed Rate Application.

Profit

87.5% Operating Ratio contingent upon the Company's compliance with all terms and conditions of the franchise agreement and any and all other related requirements. Determination of compliance shall rest solely with the County Board of Supervisors (Board).

The Board reserves the right to increase or decrease the Company's profit, at its sole discretion, based on its assessment of the extent to which the Company has or has not complied with all terms and conditions of the franchise agreement and any and all other related requirements.

Basis for Rate Adjustment Calculation

The rate adjustment for the Current Year is to be based on the Rate Adjustment Methodology applied to the results for the Prior Year (e.g., FYE 2007 Actual results will serve as the basis for 2008 Rate Adjustment).

Schedule for Annual Rate Adjustments

- Detailed and Indexed Rate Applications due to County by March 15th.
- Rate Review to be completed by May 1st.
- Rates to become effective on July 1st.

Other Issues

- 1. Company to Provide Income Statements annually including RRI Years.
- 2. Income Statements to be Audited for Detailed Rate Review years only (with exception of Material Sales revenues which County reserves the right to have audited every year)

G:\PWORKS\DOC\PWORKS\WASTEMGMT\ACES Rates\2014\RATE ADJUSTMENT GUIDELINES final.doc

County of Amador

- 3. Material Sales revenues to be set to prior year actuals during RRI years to account for commodity price fluctuations.
- 4. Notwithstanding the Schedule for Annual Rate Adjustments, in the event of an extraordinary or unanticipated event including change in law, new or increased/decreased governmental or regulatory fees or tip fees or other event that materially affects the Company's compensation and over which it has no control, then the Company or County may request an Interim Compensation Adjustment. In no event shall an Interim Compensation Adjustment be requested for a Company more frequently than once each calendar quarter. At the county's discretion, the Interim Compensation Adjustment, if adopted, may be either incorporated into the base rate or approved in the form of a surcharge. The party submitting the request shall clearly document the reason for the proposed adjustment, calculation of the proposed cost adjustments and supporting documentation. The County reserves the right to determine what constitutes a material affect that would trigger an Interim Compensation Adjustment.
- 5. There are to be no Balancing Accounts associated with the Rate Adjustment process. Either party may request a full cost based rate application (Detailed Rate Review) in place of an Indexed Rate Application. If allowed, any associated third party cost in excess of \$5,000 is to be paid by the party making the request.
- 6. Company is to identify any revenues and/or expenses that are allocated and identify the specific allocation methods. County reserves the right to review any such allocations for reasonableness.
- 7. County reserves the right to review Company's franchised operations to obtain assurances that the Company is operating in a cost effective manner. The County recognizes that there are many reasonable and cost effective ways of providing solid waste services and the County is not interested in dictating the specific collection methodologies, the County's concern is that the chosen methods are reasonable and can be reasonably justified by the Company.
- 8. Any third-party cost of future rate reviews are to be paid by Company and are to be allowed as a Pass-Through cost not subject to profit.
- The Rate Adjustment Process will consider all franchised operations at the same time.

INDEXED RATE ADJUSTMENT

Year 2

- RRI to be applied to the total of each applicable expense category (e.g., labor, fuel, R&M, Depreciation, Other) from Detailed Rate Review Income Statement (Rate Year 1) to generate Year 2 Indexed Expenses that will serve as the basis for the Year 2 Rate Adjustment Calculation.
- Disposal expenses to be projected based on best available information;
- Material Sales revenues to be set to prior year actual revenues during RRI years to account for commodity price fluctuations. County reserves the right to require that Material Sales revenues be audited during RRI years.

G:\PWORKS\DOC\PWORKS\WASTEMGMT\ACES Rates\2014\RATE ADJUSTMENT GUIDELINES final.doc

County of Amador

Year 3

- RRI to be applied to Year 2 Indexed Expenses that will serve as the basis for the Year 3 Rate Adjustment Calculation.
- Material Sales revenues to be set to prior year actual revenues during RRI years to account for commodity price fluctuations.

Year 4 and all other years

By mutual agreement of the parties the RRI can be used in place of the Detailed Rate Review in Year 4 or any other years. In this case the Detailed Rate Review will be deferred to the following year (e.g., the parties could agree to use the RRI in Years 4 and 5 in which case the Detailed Rate Review would be conducted in Year 6 followed by Indexed Rate Adjustments in Years 7 and 8).

Refuse Rate Index

- Indexed Adjustment for "All Other" costs to be set at 100% of CPI rather than 75% as originally proposed.
- Consideration to be given to the use of CA No 2 Diesel Fuel Index or other proposed index (e.g., CA No 2 Diesel Ultra Low Sulfur Fuel).
