

**STATEMENT OF CANDIDATE FOR  
UNITED STATES REPRESENTATIVE, DISTRICT 4**

**Regina Bateson**

Washington, DC is broken, and it's time for a change.

We need a Representative who will stand up for what's right and be a strong, independent voice for our region.

Growing up in Roseville, our community taught me to value family, freedom, hard work, and honesty. I also learned that in tough times, we all have an obligation to do our part and help others.

After 9/11, I joined the Foreign Service, and I worked to keep us safe from terrorism. Today I'm stepping up to serve again, this time by running for Congress.

Our region is full of good, decent people, and we deserve a real voice in Congress. Whether we're Republicans or Democrats, we all want our kids to grow up with strong values and good role models. We want our seniors to enjoy a secure retirement, and our veterans to be duly honored for their service. We want our democracy to be strengthened, not undermined.

I'm running to fight for good-paying jobs, healthcare, and our public schools. I'll defend Social Security and Medicare. I'll protect our clean air and water and our pristine lakes, rivers, and forests.

I am not a career politician or a Washington insider — I'm a pragmatic problem solver. I'm running to stand up for our families, our community, and our country. I hope you will stand with me.

**STATEMENT OF CANDIDATE FOR  
UNITED STATES REPRESENTATIVE, DISTRICT 4**

**Jessica Morse** Age: 36

**Occupation:** National Security Strategist

**Education and Qualifications:**

I'm Jessica Morse, a devoted public servant and 5th generation Northern Californian, ready to be the community voice we need in Washington.

My ancestors crossed the Sierra in the 1890's, and my family still protects their beautiful forestland. A daughter of public school teachers, I grew up skiing at Tahoe, eating pie at Apple Hill, and backpacking throughout Yosemite.

From my first job cleaning at a nursing home to advising a four-star admiral at U.S. Pacific Command — I've devoted my life to service. During the year and a half I spent in Iraq, I learned to confront tough challenges head on; I never wasted time assigning blame.

That's the attitude I'll bring to Washington. It's time to solve the common challenges that affect everyone, regardless of party: the threat of wildfire and drought, the need for quality and affordable healthcare, and the demands of improving roads and rural broadband. We all want to see our children safe in their schools, our seniors retiring with dignity, and our basic American bargain restored: if you work hard and do your part, you ought to get ahead. Together, we can return public service back to politics.
