

COVID-19 AMADOR INCIDENT – EOC DAILY UPDATE

.....

DATE : **March 27, 2020**
TYPE OF INCIDENT : **Emergency Operations Center Status Update**
DETAILS :

The Emergency Operations Center (EOC) is collaborating with Amador County Public Health Department Operations Center (DOC) on COVID-19 response by centralizing communication and funneling resource requests and allocation. EOC staff are actively answering questions from local businesses and community agencies. Public Health Medical Health Operational Area Coordination staff are imbedded into EOC operations to manage resource requests.

At this time, currently 55 of the 58 counties in California have activated their Emergency Operations Center to address the COVID-19 Pandemic.

COVID-19 testing is being done in Amador County for those with compatible symptoms including contact investigation of people exposed to positive cases. Currently there is no COVID-19 surveillance testing in Amador County. Public Health continues to monitor test results as they arrive. We are not notified about all pending tests, particularly those tests that were collected by providers outside of Amador County.

Total positive cases in Amador County remain at 2. The one non-travel associated case who tested positive is now fully recovered and is no longer in isolation.

Current information on COVID-19 may be found at: <https://www.amadorgov.org/services/covid-19>

SERVICE ● INTEGRITY ● TEAMWORK ● EXCELLENCE
