## **Additional Retail Adaptations Announced**

**Amador County, CA** – Amador County Public Health learned last evening that the State has allowed for additional retail establishments to open today, May 8, 2020. This includes curbside retail for bookstores, jewelry stores, toy stores, clothing stores, shoe stores, home and furnishing stores, sporting goods stores, antique stores, music stores, florists, and the supply chain supporting these businesses.

Industry specific guidelines and checklists are now posted on California's COVID-19 Roadmap website: <https://covid19.ca.gov/roadmap/#guidance>. These guidelines are being implemented to ensure a safe, clean environment for both workers and patrons.

"We were pleased to learn of these additions late last evening," says Dr. Rita Kerr, "As we move into Stage 2 of reopening, our intention is to attest as quickly as possible, and move to allowing seated dining and in-store retail with guidelines for social distancing."

Amador County remains under the statewide order. Amador County Public Health will continue to work with the Emergency Operations Center (EOC) moving the attestation forward and to strategize on our local community moving safely through this staged process of reopening during this pandemic.
