

**ADAPTED MITIGATION MEASURES NEEDED WHEN ONE OR MORE CRITERIA IN AT LEAST 2 OF 3 COLUMNS (CATEGORIES) ARE MET.**

(Modified from the San Luis Obispo County Steps to Adapt and Reopen Together: The SLO County START Guide).

These criteria will be assessed on a weekly basis by the Amador County Health Officer and Amador County Public Health team.

| Epidemiology  | Healthcare  | Public Health  |
|---|---|--|
| <ul style="list-style-type: none"> <li>✓ Increasing new case counts of at least 10% for 5 consecutive days above a stable baseline in the context of no substantial increase in testing</li> <li>✓ More than 3 unlinked chains (clusters) of transmission in a 14-day period</li> <li>✓ High likelihood of exposure at mass gathering or congregation of people or delayed detection of a case (&gt;5 days from a mass gathering)</li> <li>✓ Increasing number of new health care worker infections averaged over a 7-day period</li> </ul> | <ul style="list-style-type: none"> <li>✓ Inability to scale up to 30% the number of ICU patients from current census</li> <li>✓ Can no longer screen large numbers of symptomatic patients safely, including staffing</li> <li>✓ Do not have baseline capacity in general health services, including through expansion of telemedicine for COVID-19 and usual care</li> <li>✓ Less than 14-days supply of PPE for healthcare personnel</li> </ul> | <ul style="list-style-type: none"> <li>✓ Cannot elicit contacts for 20% or more of cases</li> <li>✓ 10% or more of non-household symptomatic contacts fail to get tested</li> <li>✓ No capacity in designated facilities for non-hospitalized COVID-19 infected people who can't be safely cared for at home (e.g., because of space constraints, medically vulnerable household members, or otherwise)</li> </ul> |
