As a long time agricultural property owner and rancher in the Willow Springs area we would like to submit a letter in support of Mike and Debbie Orr's 6 block winery and tasting room.

Viticulture, farming and ranching are all permitted agricultural practices in this area and the Orr's vineyard is no different.

As ag property owners we are allowed to grow, produce and market our products and this applies to the Orr's pending winery/tasting room also.

I seriously doubt that the traffic on Willow Creek Rd will be impacted much more than it is already, and with another pending tasting room in the works fronting on Willow Creek in the same area... it's a mute point!

Hello Kathy,

Thank you for your comments! They will be added to the record for this item.

Take care,

Krista Ruesel, Planner
