Dear Chairman of TAC,

My name is Tim Postel and I own a neighboring property (same private road the quarry will use) where the rock quarry is planned and use permit requested by RA Investments, LLC.

I'm **firmly in opposition** to proposed rock quarry business for the following reasons (not all-inclusive):

1. Noise and dust.
2. Traffic.
3. Declining Property Value.
4. Pollution.
5. Ground water Contamination.
6. Surface Water Contamination.
7. Vibration.
8. Property access
9. Safety

In addition, I was just made aware of the application and I have many concerns about the significant negative impact that the proposed quarry will endanger my family, the environment and my property. Please include me in any additional follow-up or hearings on this matter.

Sincerely,

Tim Postel
[220 Highway 16 Plymouth, CA 95669](#)
