DATE: February 24, 2022

FROM: Ruslan Bratan, Planning Department

PROJECT: Tentative Parcel Map #2904, which proposes to divide ±118 acres into three ±20-acre parcels, one ±11-acre parcel, and one ±47-acre remainder. APN: 011-270-003.

Applicant: ERJ Enterprises LLC

Supervisorial District: 1

Location: Located approximately 2,000 feet west of the SR88 & SR104 intersection and immediately north of Sunset Drive.

REVIEW: As part of the preliminary review process, this project is being sent to State, Tribal, and local agencies for their review and comment. The Technical Advisory Committee (TAC) will review the project for environmental impacts and Conditions of Approval during its regular meeting on **Thursday, March 10, 2022 at 10:00 a.m.** in the Board Chambers at the County Administration Building, 810 Court Street, Jackson, California as well as via teleconference.

**APPLICATION FORM AND CHECKLIST FOR
TENTATIVE PARCEL MAP AND SUBDIVISION MAP**

The following information shall be included with this application:

1. Parcel Map Number: **2904**
Subdivision Name/Number:
2. Subdivider and/or Land Owner: **ERJ Enterprises LLC, a California limited liability company**

Name: **Rachel Rey**
Address: **1989 Paradise Meadow Lane, Templeton, CA 93465**
Phone: **(805) 423-0380**
Email: **rachel@erjranch.com**
3. Surveyor: **Toma and Associates, 41 Summit St., Jackson, CA 95642**
4. Assessor Plat Number: **011-270-003**
5. Existing Zoning District: **"R1-A"**
6. General Plan Classification: **R-R Rural Residential**
7. Date Application Submitted:
8. Proposed Use of Parcels: **Residential**
9. Special Use Districts (if applicable): **Amador Fire Protection District**
10. Source of Water Supply: **Individual Wells (0 existing, 4 proposed)**
11. Sewage Disposal System: **Indiv. Septic Systems (0 existing, 4 proposed)**
12. Signature of Landowner/Applicant: 
13. Signature of Surveyor: 

The following shall be included with this application:

- ✓ Thirty-five (35) copies of tentative map
Option for 35 copies:
 - 15 copies 18" x 26" in size (folded to 6" x 9-1/2" in size)
 - 20 copies 11" x 17" in size
- ✓ One (1) copy of Assessor's Plat Map
- ✓ Two (2) copies of deed(s)
- ✓ Two (2) copies of completed environmental information form (Sections 19, 30 and 31 require description and photos)
- ✓ Two (2) copies of preliminary map report
- ✓ One (1) reduced 8-1/2" x 11" copy of tentative map
- ✓ Application fee (see Fee Schedule)
- ✓ Copy of receipt of Environmental Health Dept. and Public Works Dept.
- ✓ Completed and signed Indemnification Agreement
- ✓ If your project access off a State highway, provide encroachment permit or other pertinent information (e.g., a road maintenance agreement if your project access from a road directly connected to a State highway)
- ✓ Oak Woodlands Study prepared by a Registered Professional Forester
- ✓ Cultural Analysis

ENVIRONMENTAL INFORMATION FORM

(To be completed by applicant; use additional sheets as necessary)
Attach plans, diagrams, etc. as appropriate

GENERAL INFORMATION

Project: **Tentative Parcel Map No. 2904**
Date Filed:

Applicant: **ERJ Enterprises LLC, a California limited liability company, Attn: Rachel Rey
1989 Paradise Meadow Lane
Templeton, CA 93465
(805) 423-0380**

Record Owner: **Same**

APN: **011-270-003**
Zoning: **"R1-A"**
Gen. Plan: **R-R Rural Residential**

List and describe any other related permits and other public approvals required for this project, including those required by city, regional, state and federal agencies:

WRITTEN PROJECT DESCRIPTION

Include the following information where applicable, as well as any other pertinent information to describe the proposed project:

1. Site Size
2. Square Footage of Existing/Proposed Structures
3. Number of Floors of Construction
4. Amount of Off-Street Parking Provided (provide accurate detailed parking plan)
5. Source of Water
6. Method of Sewage Disposal
7. Attach Plans
8. Proposed Scheduling of Project Construction
9. If project is to be developed in phases, describe anticipated incremental development.
10. Associated Projects
11. Subdivision/Land Division Projects: Tentative map will be sufficient unless you feel additional information is needed or the County requests further details.
12. Residential Projects: Include the number of units, schedule of unit sizes, range of sale prices/rents and type of household size expected.
13. Commercial Projects: Indicate the type of business, number of employees, whether neighborhood, city or regionally oriented, square footage of sales area, loading facilities.
14. Industrial Projects: Indicate the major function, estimated employment per shift, estimated occupancy, loading facilities and community benefits to be derived/project.
15. Institutional Projects: Indicate the major function, estimated employment per shift, estimated occupancy, loading facilities and community benefits to be derived/project.
16. If the project involves a variance, conditional use permit or rezoning application, state this and indicate clearly why the application is required.

Are the following items applicable to the project or its effects? Discuss below all items checked "yes". Attach additional sheets as necessary.

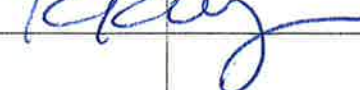

YES NO

- 17. Change in existing features, lakes, hills, or substantial alteration of ground contours
- 18. Change in scenic views or vistas from existing residential areas, public lands or roads
- 19. Change in pattern, scale or character of general area of project
- 20. Significant amounts of solid waste or litter
- 21. Change in dust, ash, smoke, fumes or odors in the vicinity
- 22. Change in lake, stream, ground water quality/quantity, or alteration of existing drainage patterns
- 23. Substantial change in existing noise or vibration levels in the vicinity
- 24. Site on filled land or on slope of 10 percent or more
- 25. Use or disposal of potentially hazardous materials, such as toxic substances, flammables or explosives
- 26. Substantial change in demand for municipal services (police, fire, water, sewage, etc.)
- 27. Substantial increase in fossil fuel consumption (electricity, oil, natural gas, etc.)
- 28. Relationship to a larger project or series of projects

ENVIRONMENTAL SETTING

- 29. Describe the project site as it exists before the project, including information on topography, soil stability, plants and animals, and any cultural, historical or scenic aspects. Describe any existing structures on the site and the use of the structures. Attach photographs of the site.
- 30. Describe the surrounding properties, including information on plants and animals, and any cultural, historical or scenic aspects. Indicate the type of land use (residential, commercial, etc.), intensity of land use (single family, apartments, shops, department stores, etc.) and scale of development (height, frontage setbacks, etc.) Attach photographs of the vicinity.
- 31. Describe any known mine shafts, tunnels, air shafts, open hazardous excavations, etc. Attach photos of these known features.

I hereby certify that the statements furnished above and in the attached exhibits present the data and information required for this initial evaluation to the best of my ability, and that the facts, statements and information presented are true and correct to the best of my knowledge and belief.

Date: _____ Signature:

ENVIRONMENTAL INFORMATION FORM**

ENVIRONMENTAL SETTINGS

29.

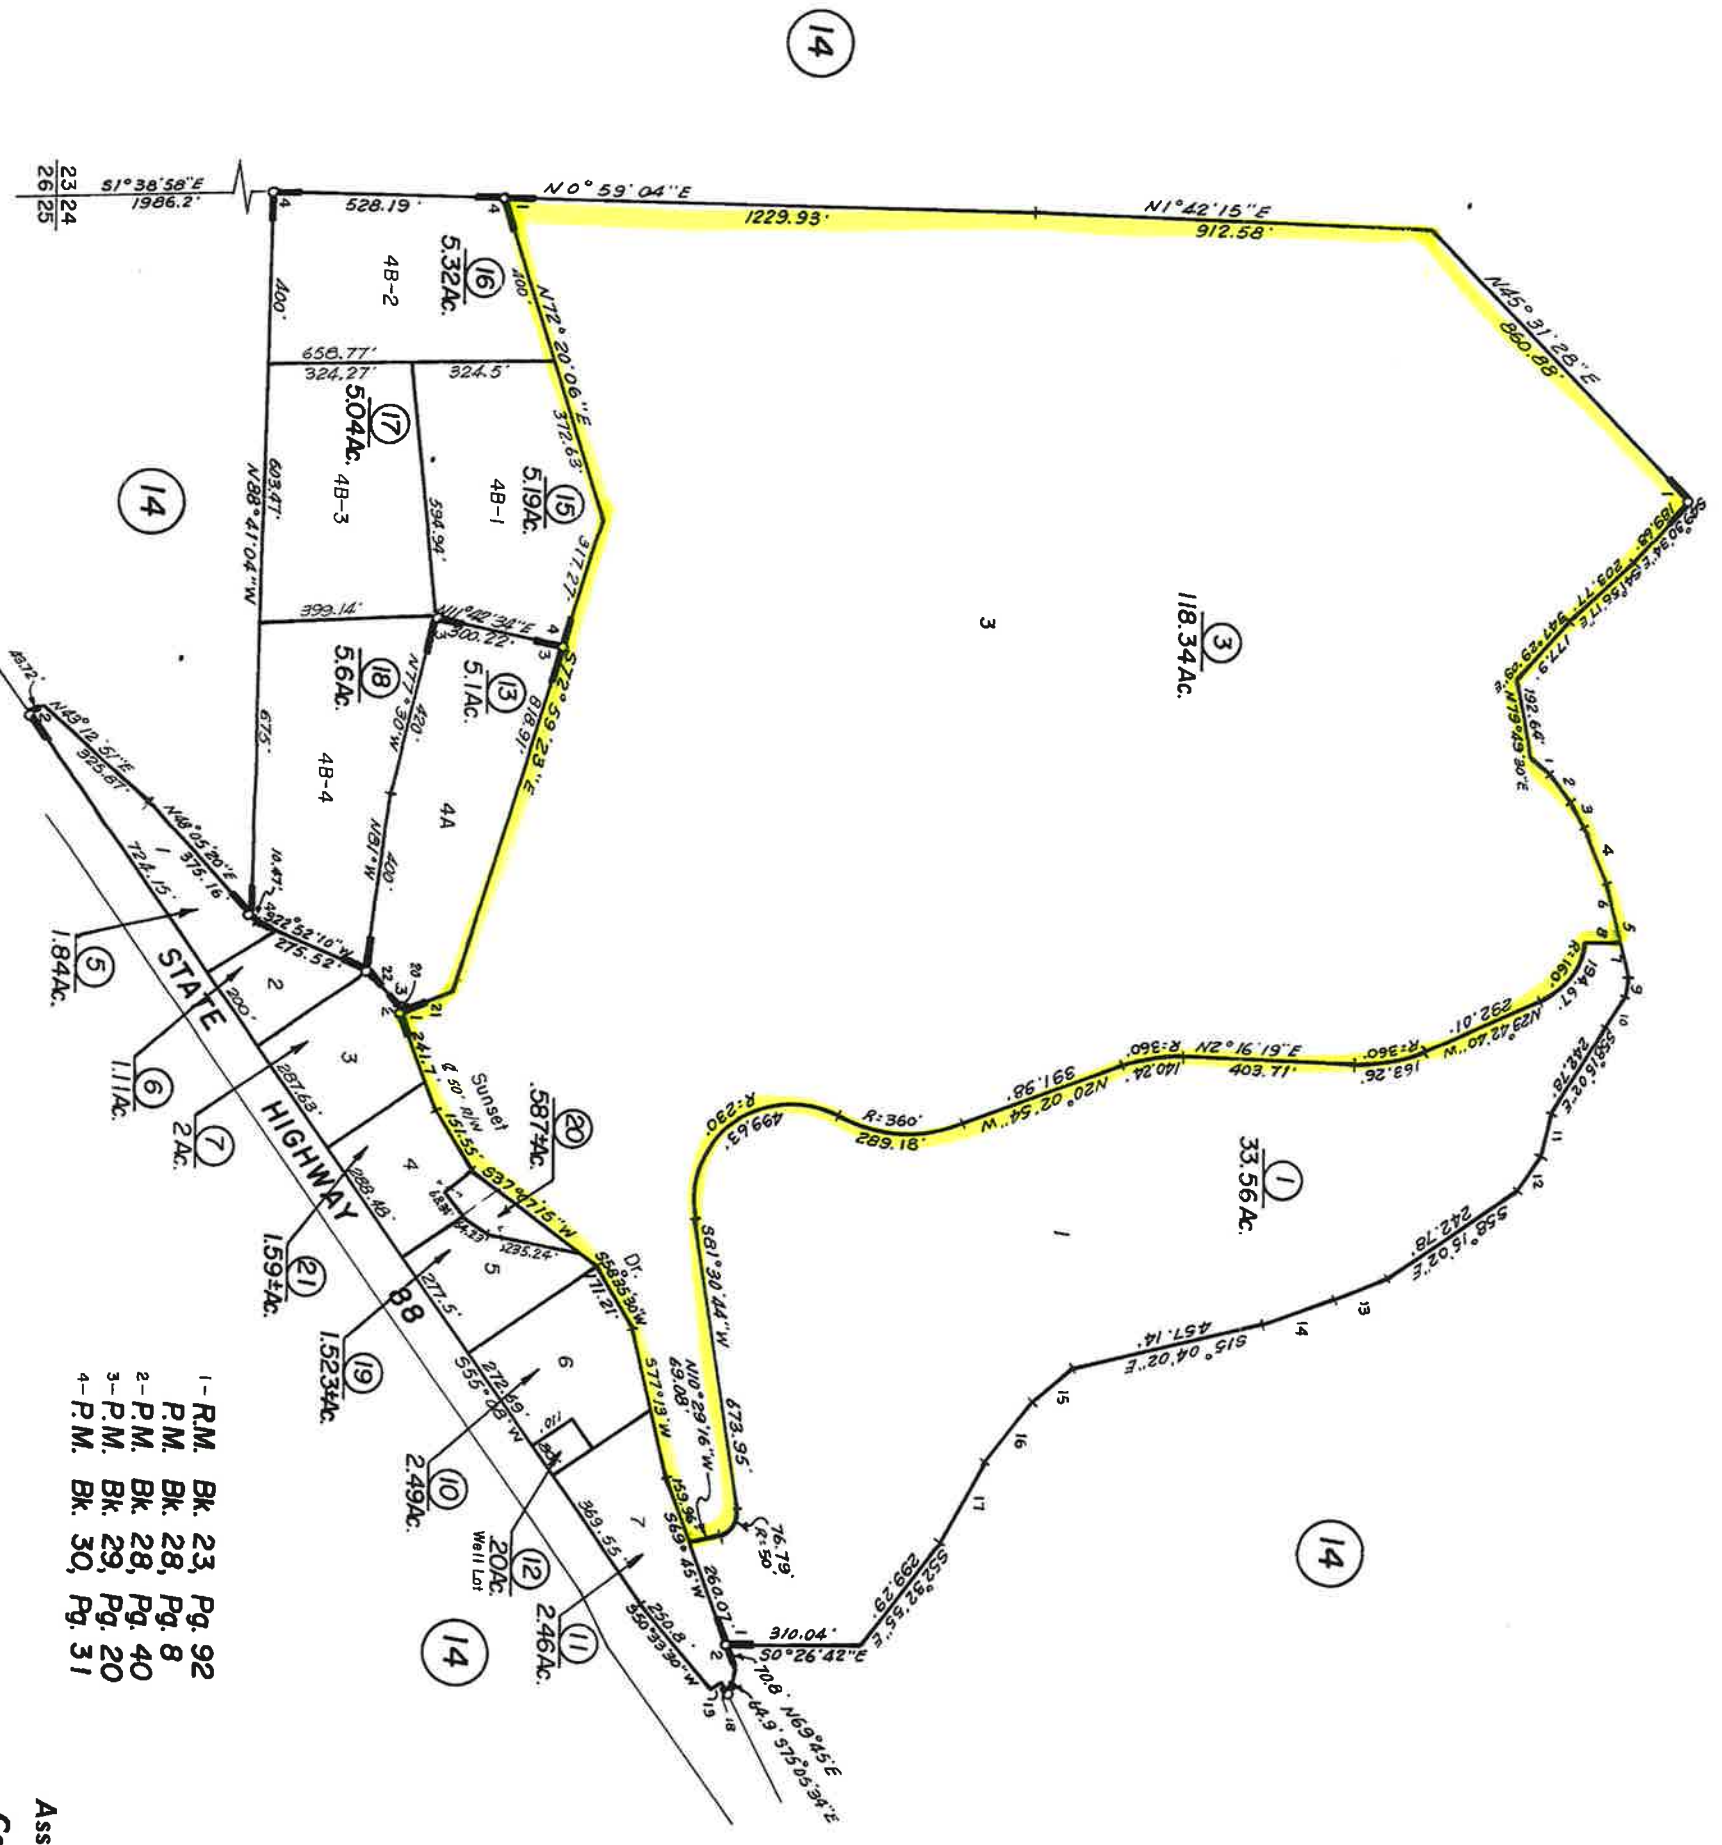

Project site is rolling hills with scattered oaks, bull pines and buckeyes. No portion of it lies within the FEMA 100-year flood plain as shown on tentative parcel map. Current use of the property is vacant. Proposed use is residential. There are no residential structures or outbuildings on the property. A small section of the Ione canal crosses over the west property line. No known cultural, historical or scenic aspects on the project site.

30.

Surrounding properties range from commercial (south) to open grazing land (north and east) to Williamson Act (west). A portion of the north line directly borders the Sutter Creek City limits.

31.

There are no known mine shafts, tunnels, air shafts, open hazardous excavations on the project site.

22. TOPOGRAPHIC MAPPING AND FEATURES ARE NOTED.

23. THE FOLLOWING EASEMENTS ARE NOTED IN PRELIMINARY REPORT ORDER NO. 42238-PNG PREPARED BY WESTERN LAND TITLE COMPANY AND DATED DECEMBER 1, 2021 AS AFFECTING THIS PROPERTY (SEE SAID PRELIMINARY REPORT FOR COMPLETE LIST OF EXCEPTIONS):

ROADWAY SUMMARY

1. EXISTING RW LENGTH:	EXISTING 50' ACCESS AND PUE (WHEAT ROAD) FROM SUNSET DRIVE NORTH IS 3278± LF.
2. 15.30.210:	15.30.210 MAX LENGTH OF DEAD-END ROAD FOR PARCELS 20 ACRES OF LARGER IS 5,280 LF.
3. PROPOSED RW LENGTH:	LENGTH OF PROPOSED PRIVATE 50' ACCESS AND PUE OVER PARCEL 1, TO REMAINDER PARCEL IS 850± LF.
4. PARCEL 4:	PARCEL 4 WILL TAKE ACCESS OFF OF SUNSET DRIVE.

INDEMNIFICATION

Project: Tentative Parcel Map No. 2904

In consideration of the County's processing and consideration of the application for the discretionary land use approval identified above (the "Project") the Owner and Applicant, jointly and severally, agree to defend, indemnify and hold harmless the County of Amador from any claim, action or proceeding against the County to attack, set aside, void or annul the Project approval, or any action relating to the Project approvals as follows:

1. Owner and Applicant shall defend, indemnify and hold harmless the County and its agents, officers or employees from any claim, action or proceeding against the County or its agents, officers or employees (the "County") to attack, set aside, void or annul the Project approval, or any prior or subsequent determination regarding the Project, including but not limited to determinations related to the California Environmental Quality Act, or Project condition imposed by the County. The Indemnification includes, but is not limited to damages, fees and or costs, including attorneys' fees, awarded against County. The obligations under this Indemnification shall apply regardless of whether any permits or entitlements are issued.
2. The County may, within its unlimited discretion, participate in the defense of any such claim, action or proceeding if the County defends the claim, action or proceeding in good faith.
3. The Owner and Applicant shall not be required to pay or perform any settlement by the County of such claim, action or proceeding unless the settlement is approved in writing by Owner and Applicant, which approval shall not be unreasonably withheld.

IN WITNESS WHEREOF, by their signature below, Owner and Applicant hereby acknowledge that they have read, understand and agree to perform the obligations under this Indemnification.

Planning Department, County of Amador
810 Court Street
Jackson, CA 95642

26 October 2021

Re: Rey property, APN 011-270-003

Dear Mr. Beatty,

At the request of Ms Rachel Rey, I conducted an inspection of the parcel referenced above. I was told by Ms Gina Waklee of Toma and Associates that the Planning Department has required that an Oak Woodlands Assessment shall be done for the parcel since they are planning a subdivision of the property. This letter is in response to that requirement.

Section 21083.4 of the California Public Resources Code requires that counties determine if there will be a significant effect on oak woodlands as a result of a project proposed to the county. The first question that must be answered is whether a project area does indeed qualify as an "Oak Woodland". The Fish and Game Code of the State of California defines "Oak Woodland" under Section 1361(h) as "...an oak stand with a greater than 10 percent canopy cover or that may have historically supported greater than 10% canopy cover". Additional important information comes from PRC 21083(a), where it is stated that oaks included in the determination of oak woodland status cannot come from the Group A or Group B commercial species as defined by 14 CCR 895.1 (Forest Practice Rules). California Black Oak (*Quercus kelloggii*), a species common at the elevation of APN 038-010-117, is a Group B species under the Forest Practice Rules.

On the 13th of October, 2021, I visited the Rey property and conducted an evaluation of the property. It seemed to be obvious from the air photos and a casual drive-by that this property would qualify as an "Oak Woodland", as defined by the Fish & Game Code. As a requirement of that observation, I walked the parcel along Sunset Drive and an un-named ranch road on the east side of the parcel and then through the central part of the property from east to west. I conducted my reconnaissance taking note of the vegetation types that exist on the 118.34 acre parcel. I observed the species of trees and other vegetation and their average spacing. I also made notes about the diameters at breast height (DBH) of the species pertinent to an oak woodlands assessment. Using the aerial photo I have of the area and confirming the forested areas on the property with my verification on the ground, I have delineated the areas covered with native oaks. I used a planimeter to estimate the number of square inches of oak canopy coverage and converted the total square inches to acres using a conversion factor of 25 acres per square inch.

The results of my calculations and estimations are as follows:

Species encountered – Interior live oak (*Quercus wizlizenii*), Blue oak (*Quercus douglasii*), and Canyon live oak (*Quercus chrysolepis*). Gray pine (*Pinus sabiniana*) is also associated with the oak forest on the Rey property. All of the oak species on the Rey property are native oaks and fall under the requirements for classification of native oak woodland as specified by PRC 21083.4.

Diameter range of native oaks – 4 inches DBH to 20 inches DBH

Average oak diameter @ 4.5 ft. above ground – 14 inches

Average spacing between oak trees – 16 feet (range of 6 ft. to 35 ft.)

Average number of oak trees per acre – 160 trees/ac.

Average oak basal area per acre – 106 sq. ft./ac.

Average crown diameter – 18 feet (range of 10 - 30ft.)

Estimated acreage of oak forest with live oak canopy – 93 acres

The total acreage of the Rey property associated with this proposed subdivision is 118.34 acres. The area forested with all oak species is 93 acres, of which much is covered with native oak canopy. Some areas have more scattered oak trees, but the distance between the individual trees and small groups of trees is not enough to disqualify those areas from the classification of oak woodland. By my estimation, the property is 79% oak woodland. Consequently the Rey property qualifies as an "Oak Woodland" under the Fish & Game Code.

The second question that is necessarily needing to be answered is: "Will the proposed subdivision of this property result in a significant impact to the Oak Woodland?"

The proposed subdivision would split the property into five parcels of 20 ac., 20 ac., 15.64 ac., 30 ac., and 32.7 acres. No residences or associated outbuildings exist on the property. There is evidence that the property has been grazed in the past. The impact of cattle grazing on oak woodlands is that many seedlings are grazed or trampled by cattle and the effect is to minimize the perpetuation of young oak trees.

While I cannot anticipate the use of the proposed parcels by the eventual landowners, the parcel sizes proposed do not lend themselves to successful cattle ranching. The likely area to be developed for residence and associated outbuildings by each future landowner is not likely to exceed 2 acres on each parcel. If the residential development of each parcel does not focus on existing openings in the oak woodland, the maximum amount of oak woodland reduction as a result of this proposed subdivision would be 10 acres. Since there are an estimated 93 acres of oak woodland on the property at the present time, a reduction of 10 acres would represent a less than significant reduction of oak woodland and the properties would still qualify as oak woodland.

In summary and to reiterate, the Rey property definitely qualifies as an Oak Woodland under the California Fish & Game Code. The answer to the second question required under PRC 21083.4 is that in my professional opinion, the proposed Rey property division will not result in a significant reduction of oak woodland area.

If you have any questions, please feel free to call.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Cannon", with a long horizontal flourish extending to the right.

Steve Q. Cannon, Registered Professional Forester #2313

MEMORANDUM

TO: Chuck Beatty, Planning Director
FROM: Richard Vela, Director of Transportation and Public Works
DATE: January 31, 2022
SUBJECT: Tentative Parcel Map No. 2904 – Proposed Conditions

DEDICATIONS:

1. None. Property does not front on a county maintained road.

ENCROACHMENT:

2. None. No encroachment conditions required since proposed lots do not have direct access to a county road.

MISCELLANEOUS:

3. Property does not front on a county maintained road. Sunset Drive is not a county maintained road, therefore Wheat Road will not be a county maintained road.
 - a. Access to Parcels 1, 2 and 3 is via Wheat Road
 - b. Access to Parcel 4 is via Sunset Drive
 - c. Access to remainder lot is via 50' private access easement connecting to Wheat Road.

TAC Project Referral - Parcel Map #2904 ERJ Enterprises - Completeness

RE: **Tentative Parcel Map #2904**

Dear Cultural Resources Representative:

I have received your request to consult on the above proposed project in Amador County in the area shown on the enclosed maps. As mentioned in my initial Application Referral dated February 9, 2022, this project will include the **division of ±118 acres into three ±20-acre parcels, one ±11-acre parcel, and one ±47-acre remainder. APN: 011-270-003.** The consultation may be done by email, by letter, by phone or in person with me. It may cover potential significant adverse effects to tribal cultural resources within the geographic area traditionally and culturally affiliated with the tribe. This may include discussion concerning the type of environmental review necessary, the significance of tribal cultural resources, the significance of the project's impacts on the tribal cultural resources, and, if necessary, project alternatives or the appropriate measures for preservation or mitigation that the tribe may recommend. Please contact me at your earliest convenience in order to arrange a date, time, and location for the consultation. I may be reached at the above address, phone number, and email.

The consultation does not limit the ability of the tribe to informally submit information to Amador County regarding the significance of tribal cultural resources, the significance of the project's impact on tribal cultural resources, or any appropriate measures to mitigate the potential impacts. Please feel free to contact me if you have any questions concerning this proposed project or what is being requested in this letter.

Sincerely,

Dear Ruslan Bratan,

On behalf of the United Auburn Indian Community, Tribal Historic Preservation Department, thank you for the notification and opportunity to consult on the project referenced above. UAIC would like to consult on this project pursuant to AB52.

Our records indicate that this parcel is culturally sensitive with at least three known indigenous sites recorded in the CHRIS system. We show the parcel has been surveyed for archaeological resources as well as three of the known sites having been tested and evaluated using archaeological methods and values.

Although we agree with the archaeological assessment that the cultural sites are potentially eligible for inclusion in the California Register of Historical Resources, we would rather not have the sites excavated to make this determination.

Will you be conducting a new cultural study? We would like to have a field visit to reassess the known cultural sites that are present and discuss avoidance and protection measures to ensure that they are not disturbed in the future.

Thank you,

Anna Starkey

Thank you, Anna

The lone Band of Miwok Indians would also like to participate in a site visit. Could the County suggest some possible dates for the site visit?

Thank you,

Lone Band

Hello Anna,

See attached oak woodlands study, and a confirmation of consultation. I don't believe I sent the Cultural Resources Study to UAIC, so I've attached that as well. Jereme, I'll get with the applicant to see what their availability is like, and get back to you.

Let me know if you need anything else.

Ruslan, Planner

Hello Ruslan,

The California Department of Transportation (Caltrans) appreciates the opportunity to review and comment on the Early Consultation Application Referral and proposed Tentative Parcel Map (TPM) #2904 for ERJ Enterprises LLC, which proposes to divide ± 118 acres into three ± 20 -acre parcels, one ± 11 -acre parcel, and one ± 47 -acre remainder.

The project is approximately 2,000 feet west of the State Route 88 & 104 intersection and north of Sunset Drive. The northern boundary borders Sutter Creek's City limits. The Assessor's Parcel Number is 011-270-003.

Caltrans has no comments at this time. However, Caltrans requests to be included in the review process for any future development.

Thanks,

Paul Bauldry
