## Post-Election Updates

November 16, 2022

We updated results at 10:03 am today. This added only 57 ballots to the total. These were ballots that were postmarked and received in time or signature cure letters from voters who didn't sign their ballots or signature did not match. Voters will have until Friday at 5:00 pm to return their cure letters. There are currently 60 ballots pending for cure letters.

The canvass began on Thursday, November 10, 2022. 2 batches were randomly pulled by our observer at the time. She pulled Early Voting for Mace Meadows for the in-person manual tally and A0009 batch for the Vote by Mail manual tally. Early Voting batch has balanced with no discrepancies. Staff is currently working on manually counting the Vote by Mail batch.

Once the ballots are tabulated on Friday at the close of the deadline, we will release results again. Once ballots are adjudicated and the write-ins are reviewed, we will be able to certify the election. Note there are no certified write-ins for this election. Please let me know if you have any questions.

Thank you,
