I am a large land owner near this air strip. Our Ranch has been in our family for over 100 years.

First this is not an airport for commercial use, only and air stripe for private use and should not be allowed to have this kind of overreach restrictions on surrounding private owned property.

Secondly in my view. The planning commission should look at the airport at Rancho Murieta. It has lots of development within one mile radius of it. Grocery store, 3 story hotel, homes, school, cemetery, golf course plus other commercial buildings. This surely should be looked at for a guide on this smaller air stripe.
