# Proposition 1 - likely challenges

californiansagainstprop1@gmail.com <californiansagainstprop1@gmail.com>

Wed, Jan 3, 2024 at 10:17

To: jeffbrown@amadorgov.org

#### Good Afternoon!

I am part of a coalition of mental health organizations and consumers who are very concerned about a few impacts likely resulting from the impending passage of Proposition 1, which will be on the March 5 ballot

We have a number of concerns, but we would like to get a sense of the likely impacts on the county of Amador, and also in Your Area.

• It appears that well over 1/3 of the current MHSA funding (from Prop 63, the millionaire's tax) will be taken away from mental health services and diverted into other efforts. This will vary from county to county, but it's a BIG number, probably over \$1 billion per year statewide.

If this is passed, counties will still be held accountable, punitively, for not maintaining many programs which will not be funded any more. How would your city and county handle this? What community-based programs might be eliminated or reduced?

- The bond issue which is part of Prop 1 will reduce restrictions on building facilities, which could result in mental health hospital beds being placed in areas where the local communities have previously resisted having these facilities, such as near schools and other such locations. It will waive a number of building standards which could result in unsafe and environmentally unsound construction

  Are you concerned about this?
- In addition to funding being transferred to other programs, the amount going to the state for administration (local counties and communities would be losing a lot of this control)

  Are you concerned about statewide control over local programs and your inability to provide locally-culturally appropriate and needed programs while complying with top-down mandates?
- Since the bulk of the bond money would be going to build locked facilities for those with substance use and mental illness, are you concerned that very few actual housing will be built to provide domiciles for the currently homeless?

These are some of the biggest concerns we have for city-and-county-level implementation of Prop 1. Perhaps you have other concerns, or perhaps you do not expect these aspects of Prop 1 to pose a threat to your constituents in the mental health space, or to your local government's ability to fulfill the state's new expectations.

I look forward to hearing from you about any concerns you may have – and we would be happy to meet with you and your colleagues about this huge, and frankly somewhat scary, proposition.

Sincerely,

Paul Simmons curvaire@gmail.com 916-215-4948

RE:

March 2024 Ballot Initiative: Proposition 1 – INFORMATIONAL ITEM

Memo sections:

**HHS Policy Committee Action** 

**Issue Overview** 

**Proposition 1 Summary** 

**Small County Exemptions and Special Considerations** 

Policy/Fiscal Considerations

CSAC Ballot/Initiative Review Process

**HHS Policy Committee Action.** The HHS Policy Committee voted unanimously on October 30 to take "no position" on Proposition 1. As a result, the recommendation is being forwarded to the Executive Committee and Board of Directors as an informational item.

Issue Overview. On October 12, the Governor signed into law both Assembly Bill (AB) 531 (Chapter 789, Statutes of 2023) and Senate Bill (SB) 326 (Chapter 790, Statutes of 2023). The following sections of AB 531, the Behavioral Health Infrastructure Bond Act of 2024, and SB 326, the Behavioral Health Services Act, will be submitted together to the voters as a single measure to be placed first on the March 5, 2024, statewide primary election ballot and designated as Proposition 1:

- AB 531 Section 4
- SB 326 Sections 1, 2, 14, 15, 18 to 23, 28 to 30, 35 to 40, 42 to 44, 49 to 59, 62 to 64, 73 to 81, 86 to 95, 98 to 100, 103 to 112, 116, and 117

Proposition 1 will appear on the ballot as a legislatively referred state statute consisting of two main components that propose statutory changes to reform the state's behavioral health system and create more supportive housing and behavioral health treatment resources:

 Authorizes \$6.38 billion in general obligation bonds to finance the conversion, rehabilitation, and construction of supportive housing and behavioral health housing and treatment settings. Of the total, \$1.5 billion is to be awarded through grants exclusively to counties, cities, and tribal entities; and local jurisdictions are not precluded from applying for additional funds.

- Amends the Mental Health Services Act (MHSA) which was approved by the voters as Proposition 63 in 2004 and makes other statutory changes to update the state's behavioral health system. Among its provisions, Proposition 1 renames the MHSA to the Behavioral Health Services Act (BHSA), broadens the eligible uses of funds to include the provision of substance use disorder treatment services, revises the
- funding categories to include a prioritization for housing interventions for those with the most severe needs, including the chronically homeless, and establishes additional oversight and accountability measures.

NOTE: Several sections of SB 326 not included in Proposition 1 are contingent on approval by the voters of amendments to the MHSA at the March 2024 statewide primary election, and therefore, will only become operative upon the approval of Proposition 1. Most provisions are technical and conforming in nature. One issue of note is the repeal of the Mental Health Services Fund (MHSF) and establishment of the new Behavioral Health Services Fund (BHSF). Any funds remaining in the MHSF on January 1, 2025, are to be transferred to the BHSF. Amounts owed or encumbered at the time of transfer are to be used in the manner required by MHSA. Any funds not owed or encumbered at the time of transfer are to be used in the same manner as any other funds in the BHSF.

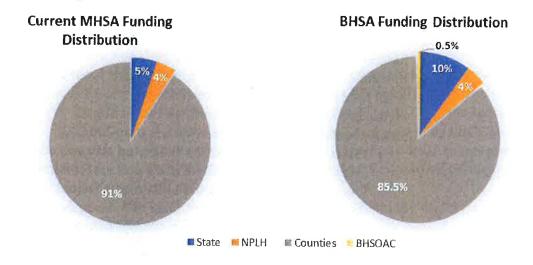

**Proposition 1 Summary.** The Behavioral Health Infrastructure Bond Act of 2024 – authorizes \$6.38 billion in General Obligation bonds for supportive housing and behavioral health treatment beds:

- \$1.99 billion in loans/grants for permanent supportive housing for homeless populations:
  - \$1.065 billion for loans or grants for veterans or their households who are homeless, chronically homeless or at risk of homelessness.
  - \$922 million for loans or grants (not specifically for veterans) for people who are homeless, chronically homeless, or at risk of homelessness AND are living with a "behavioral health challenge" (includes, but is not limited to, serious mental illness or substance use disorder (SUD)).
  - Allows for conversion, rehabilitation, or new construction of facilities.
- \$4.39 billion as grants for the continuum of behavioral health (BH) treatment resources:
  - \$1.5 billion to be awarded to cities, counties, and tribal entities as grants under the Behavioral Health Continuum Infrastructure Program (BHCIP) – specifies \$30 million to be designated to tribal entities.
  - Up to \$2.89 billion for additional grants under BHCIP, without specifying awardees – cities, counties, and tribes are not precluded from applying for these grants.
  - Grants to be administered by the California Department of Health Care Services (DHCS), as specified under BHCIP "to eligible entities to construct, acquire, and rehabilitate real estate assets or to invest in needed infrastructure to expand the continuum of BH treatment resources to build new capacity or expand existing capacity for short-term crisis stabilization, acute and subacute care, crisis residential, community-based mental health residential, SUD residential,

- peer respite, community and outpatient BH services, and other clinically enriched longer-term treatment and rehabilitation options for persons with BH disorders in the least restrictive and least costly setting."
- Specifies DHCS to determine the methodology and distribution of the funds.

The Behavioral Health Services Act – amends the MHSA and makes other statutory changes to update the state's behavioral health system:

- Recasts/renames the MHSA as the Behavioral Health Services Act (BHSA) and makes numerous amendments to the MHSA (Proposition 63, 2004), which must be placed on the ballot as a voter-approved initiative, and other statutory changes. Changes are effective January 1, 2025, unless otherwise specified.
- Redirects additional BHSA funds to the state and the Behavioral Health Services
   Oversight and Accountability Commission (BHSOAC) eff. July 1, 2026:
  - o Statewide BH workforce initiative (HCAI): minimum of 3% of BHSA funds
  - o Population-based prevention programs (CDPH): minimum of 4% of BHSA funds
    - At least 51% of funding to serve the population 25 years of age or younger.
  - State administration: up to 3% of BHSA funds
  - Total state-directed funding: up to 10% of annual BHSA revenues (compared to the current state maximum of 5%)
  - Establishes the BHSA Innovation Partnership Fund, which takes up to a maximum of \$20 million annually (2026-27 to 2030-31) off the top of total BHSA funds towards a grant program to be administered by BHSOAC, with future funding to be determined through the annual budget act.
  - After accounting for funds reserved for No Place Like Home bonds (~4%), total county allocation estimated to decrease from 91% under MHSA to 85.5% of total BHSA revenues.

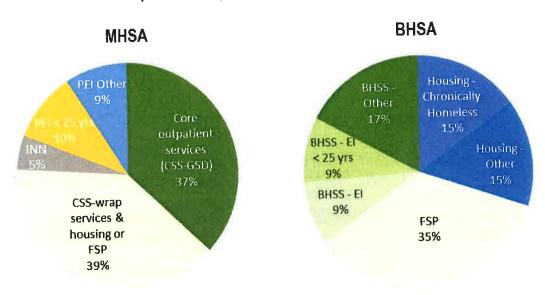

Revises the distribution of BHSA funding into the following categories (eff. July 1, 2026):

- o 30% Housing Interventions
- o 35% Full-Service Partnerships (FSP)
- o 35% Behavioral Health Services and Supports (BHSS)

Specifies the programs established for all components are to include services to address the needs of eligible children and youth, 0 to 5 years of age, inclusive, transition age youth, and foster youth.

# Component Comparison - MHSA vs. BHSA

# Housing Interventions (30%)

- A 30% set-aside for housing is estimated at about \$1 billion annually to serve the chronically homeless and those experiencing or at risk of homelessness.
- 50% of the housing component (15% of total BHSA funds) is required to be used for interventions for persons who are chronically homeless, with a focus on those in encampments.
- No more than 25% may be used for capital development projects, and the units funded must be available in a reasonable timeframe and meet a cost-per-unit threshold, as specified by DHCS. Capital projects funded in whole or in part with BHSA funds shall be a use by right and subject to a streamlined, ministerial review process if the project meets specified criteria.
- Small County Exemption (population less than 200,000):
  - Starting with FYs 2026-2029 integrated plan and ongoing, DHCS is required to establish criteria and a process for approving county requests for an exemption that considers factors including a county's homeless population, the number of individuals receiving Medi-Cal specialty BH services or SUD treatment services in another county, and other factors as determined by DHCS.
  - DHCS is required to collaborate with CSAC and the County Behavioral Health Directors Association of California (CBHDA) on "reasonable criteria" for those requests and a timely and efficient exemption process.

 Requests for approval of an exemption shall be responded to, approved, or denied within 30 days of receipt by DHCS, or shall otherwise be deemed approved by DHCS.

# Additional county exemptions:

- Starting with FYs 2032-2035 integrated plan and ongoing, DHCS may establish criteria and a process for approving requests for county exemption from the 30% housing requirement, regardless of county population size.
- DHCS is required to collaborate with CSAC and CBHDA on "reasonable criteria" for those requests and a timely and efficient exemption process.
- County programs for housing interventions may include rental subsidies, operating subsidies, shared housing, family housing for eligible children and youth, nonfederal share for transitional rent, other housing supports, as defined by DHCS, including, but not limited to, the community supports policy guide, and capital development projects, including affordable housing, project-based housing assistance, including master leasing of project-based housing.
- Specifies funds for housing interventions <u>shall not</u> be used for mental health and SUD treatment services.
- $\circ$  Specifies housing interventions <u>shall not</u> be limited to those enrolled in Medi-Cal or FSP programs.

  - FSP programs are required to employ community-defined evidence practices (CDEP), as specified by DHCS.

#### County exemption from 35% FSP requirement:

 Starting with FYs 2032–2035 integrated plan and ongoing, DHCS may establish criteria and a process for approving requests for an exemption that considers factors such as county population, client counts, and other factors as determined by DHCS.  DHCS is required to collaborate with CSAC and CBHDA on reasonable criteria for those requests and a timely and efficient exemption process.

Behavioral Health Services and Supports (35%) for services for the children's and adult/older adult's systems of care, early intervention programs, outreach and engagement, workforce education and training, capital facilities and technological needs, and innovative BH pilots and projects.

- At least 51% of BHSS funding must be for early intervention (EI) programs:
  - At least 51% of EI funding must be used to serve individuals who are 25 years of age and younger.
  - Each county is required to establish/administer an El program to include specified components, as well as "additional components developed by DHCS."
  - DHCS "may require a county to implement specific evidence-based and community-defined evidence practices."
- Also requires a county to comply with other funding allocations specified by DHCS for the other categories (i.e., WET, CF/TN, INN, but are unspecified in statute).

  - With regard to serving individuals with SUD in the various programs, WIC section 5891.5(a)(2) states "the provision of housing interventions to individuals with a SUD shall be optional for counties." There are no similar optional provisions in the FSP and BHSS categories.
  - Note: the FSP program statutes (WIC section 5887) specify each county is required to establish and administer a FSP program that includes SUD treatment services.
  - Note: the Early Intervention program statutes (WIC section 5840) require El programs to include specified components, including but not limited to MH and SUD treatment services.
  - In both the child/youth and adult system of care statutes, these sections are updated to add the provision of SUD services.
- Allowable planning expenditures:
  - Annual planning costs are capped at 5% of total annual revenues received for the Local BH Services Fund.
  - May include funding to improve plan operations, quality outcomes, fiscal and programmatic data reporting, and monitoring of subcontractor compliance for all county BH programs, capped at 2% (4% for small counties) of total annual revenues received for the Local BH Services Fund. Counties may commence use of funding for these purposes on July 1, 2025.
- Ability to transfer funds between program categories, subject to DHCS approval:

- Authorizes counties to transfer up to 14% of total funds (up to 7% per program category) allocated to counties per year, ongoing.
- County requests for changes to the allocation percentages are subject to DHCS approval.
- Requires DHCS to collaborate with CSAC and CBHDA on "reasonable criteria" for requests and a timely/efficient approval process. Specifies an application is deemed approved if not responded to, approved, or denied within 30 days by DHCS.
- Allows changes to approved transfer requests through counties' annual plan updates, subject to similar application/approval process noted above by DHCS in collaboration with CSAC and CBHDA, with applications deemed approved if not responded to, approved, or denied by DHCS within 30 days of receipt.

#### Changes to prudent reserves:

- Flexibility added by allowing counties to fund its prudent reserve from any or all funding buckets (Housing Interventions, FSP, and/or BHSS). Under MHSA, the prudent reserve may only be funded from the Community Services and Supports (CSS) category.
- Revises the prudent reserve allowance level:
  - Effective July 1, 2026, the prudent reserve is not to exceed 20% (25% for small counties) of the preceding five-year average of BHSA funds received.
  - For one-year period from July 1, 2025, to July 1, 2026, prudent reserve not to exceed 33% (25% for small counties) of the preceding five-year average of BHSA funds received.
  - Under MHSA, prudent reserves are capped at 33% of the average CSS revenue (76% of total MHSA funding) received in the preceding five years. This equates to a county prudent reserve level of approximately 25% of total MHSA funds.
- Does not allow counties to spend prudent reserve funds on capital development projects under the housing interventions category.
- Creates the BHSA Revenue Stability Workgroup to assess revenue volatility:
  - Jointly led by the California Health and Human Services Agency (CalHHS) and DHCS to commence no later than June 30, 2024.
  - Workgroup membership:
    - BHSOAC, the Legislative Analyst's Office (LAO), CBHDA, and CSAC, including both urban and rural county representatives.

  - On or before June 30, 2025, CalHHS and DHCS to submit a report that includes its recommendations to the Legislature and the Governor's Office.

- Recasts local mental health advisory boards as behavioral health (BH) boards and requires these boards to additionally review and evaluate their local public SUD treatment systems.
  - o Adds requirement that BH board membership to include at least one member
  - who is 25 years of age or younger and at least one member who is an employee of a local education agency.
- DHCS-established service standards for children and youth specify each child/youth to have a clearly designated "personal services coordinator" or case manager responsible for providing case management services and specifies the coordinator shall perform an enumerated list of activities. (eff. July 1, 2026). Similar requirement for a designated personal services coordinator for adults/older adults currently exists under MHSA and is extended under BHSA.

- DHCS may require a county to revise its integrated plan or annual update if DHCS determines the plan or update fails to adequately address local needs, as specified.
- DHCS may impose a corrective action plan or require a county to revise its integrated plan or annual update if DHCS determines that the county fails to make adequate progress in meeting the metrics established by DHCS.
- o If a county's actual expenditures of its allocations from the BH Services Fund "significantly varies" from its budget, DHCS may impose a corrective action plan, monetary sanctions, or temporarily withhold payments to the county.
- Monetary sanctions collected to be deposited in the BHSA Accountability Fund.
  - All monies in the Fund to be allocated and distributed to the county that paid the monetary sanction upon DHCS' determination that the county has come into compliance.
  - DHCS to temporarily withhold amounts it deems necessary to ensure the county comes into compliance and will release the temporarily withheld funds when it determines the county has come into compliance.

  - New FSP and Housing Interventions categories statutory language added stating implementation of those sections only to the extent BHSA funds are allocated for those purposes, and counties are not obligated to use funds from any other source for services for those sections.
  - Amendments to WIC section 5892 similarly add a provision to evaluate costs for inclusion in 2024-25 May Revision for the section, in consultation with counties.
- Authorizes DHCS to align county BH plans and Medi-Cal MCP contract terms when the same requirements exist across programs. This would be a new requirement that counties comply/align with Medi-Cal MCP contract requirements in 13 different areas, and potentially more, as determined by DHCS.
  - Requires each county Medi-Cal BH delivery system to report annually to the county board of supervisors on utilization, quality, patient care expenditures, and other data as determined by DHCS.

## Summary of Small County Exemptions and Special Considerations

• Which counties are impacted? Proposition 1 provides for potential exemptions and special considerations for counties "with a population of less than 200,000." Based on population data as of January 2023 from the Department of Finance, **30 counties** meet this threshold:

Alpine	El Dorado	Kings	Mendocino	Plumas	Sutter
Amador	Glenn	Lake	Modoc	San Benito	Tehama
Calaveras	Humboldt	Lassen	Mono	Shasta	Trinity
Colusa	Imperial	Madera	Napa	Sierra	Tuolumne
Del Norte	Inyo	Mariposa	Nevada	Siskiyou	Yuba

- What exemptions/special considerations are provided? Proposition 1 provides for the following exemptions and special considerations for small counties:
  - 30% Housing Interventions
    - Starting with the 2026-2029 integrated plan and ongoing, small counties may apply for an exemption from the 30% housing interventions requirement.
    - Reasonable criteria and timely/efficient process to be developed by DHCS in consultation with CSAC and CBHDA.
    - Approval <u>not</u> automatic subject to DHCS approval, but exemption requests must be responded to, approved, or denied within 30 days of receipt by DHCS, or shall otherwise be deemed approved by DHCS.
  - ACT/FACT Requirements for FSP
    - Small counties may request an exemption from the ACT/FACT requirements for the FSP program.
    - Reasonable criteria and timely/efficient process to be developed by DHCS in consultation with CSAC and CBHDA.
    - Approval <u>not</u> automatic subject to DHCS approval. No 30-day timeline for response/action specified in statute.
    - Note: <u>all</u> counties may potentially apply for an exemption from the 35% FSP requirement starting with the 2032–2035 integrated plan and ongoing. DHCS may establish criteria and a process for approving

requests for an exemption that considers factors such as county population, client counts, and other factors as determined by DHCS.

#### Allowable Prudent Reserve Levels

- Starting July 1, 2026, small counties are allowed to carry a prudent reserve level not to exceed 25% (larger counties cannot exceed 20%) of the average of total BHSA funds distributed to the county in the preceding five years.
- For one year starting on July 1, 2025, until July 1, 2026, small counties
  are allowed to carry a prudent reserve level not to exceed 25% (larger
  counties cannot exceed 33%) of the average of total funds distributed to
  the county in the preceding five years.
- Expenditures for Plan Operations, Quality Outcomes, Data Reporting, Contractor Monitoring
  - For small counties, these costs shall not exceed 4% of total annual revenues received. For larger counties, these costs are not to exceed 2%.

#### Reversion Periods

- Other than funds placed in a reserve, BHSA funds allocated to a small county that have not been spent for their authorized purpose within 5 years shall revert to the state for deposit in the Reversion Account for use by other counties in future years. Larger counties must spend funds within 3 years before reversion to the state.
- Consistent with MHSA, funds for capital facilities, technological needs, or education and training may be retained for up to 10 years before reverting to the Reversion Account.
- For one year starting on July 1, 2025, until July 1, 2026, allows small counties that have approval from the MHSOAC of a plan for innovative programs, the county's funds identified in that plan for innovative programs shall not revert to the state so long as they are encumbered under the terms of the approved project plan, including any subsequent amendments approved by the Commission, or until five years after the date of approval, whichever is later.

#### Integrated Plan Process Requirements

- Each county's integrated plan is to be developed with numerous local stakeholders. For counties with a population greater than 200,000, the integrated plan must be developed with the 5 most populous cities in the county. Small counties are not subject to this requirement.
- As part of the planning process, counties with a population greater than 200,000 are required to collaborate with the 5 most populous cities in the county, managed care plans, and continuums of care to outline respective responsibilities and coordination of services related to housing interventions. Small counties are <u>not</u> subject to this requirement.

**Policy/Fiscal Considerations.** The MHSA was approved by the voters nearly 20 years ago, and the short- and long-term impacts of Proposition 1 are largely unknown at this time and will depend on numerous factors, some of which are outside of county control. Numerous sections of Proposition 1 require county adherence to policy or funding allocation requirements that

are unspecified but will be developed via future regulations or plan letters/notices, shifting the discretion in setting policy and funding priorities away from counties to the state. Proposition 1 not only amends the MHSA but also adds new statutory provisions related to the state's behavioral health system seeking to improve coordination across multiple systems and provides for greater planning, oversight, and accountability measures.

Since 2020, the CSAC platform has called for reforms to MHSA. Specifically, the CSAC Board adopted a <u>set of county priorities</u> in May 2020 supporting changes to the MHSA funding silos that would allow for greater funding flexibility tied to outcomes and its usage for individuals living with a substance use disorder. Proposition 1 broadens the eligible uses of funding to include the provision of services to those with substance use disorders, but also dedicates 30 percent of BHSA revenues to a new housing interventions category to support the ongoing housing needs of those who are chronically homeless, or who are experiencing or are at risk of homelessness. Under Proposition 1, these expansions to prioritize a broader population of the most vulnerable in our communities will not be supported with new ongoing revenues.

Dedicating nearly one-third of annual BHSA funding for housing, coupled with the diversion of an additional five percent of annual revenues for state-directed purposes, is estimated to result in significantly less funding from the millionaire's tax (over \$1 billion less statewide) for core mental health and prevention services.

It is unknown to what extent this prioritization and redirection of BHSA funding may impact existing contracts with community-based organizations, programs serving local communities, and county staffing given the severe workforce shortage. Additionally, counties have a significant and growing obligation to fund behavioral health services under the Medi-Cal entitlement and use these funds to support that obligation. Reducing available BHSA revenues means less funding available to use as Medi-Cal match to draw down additional federal dollars.

Counties recognize that expanding voluntary housing placements is integral to meeting the needs of many Californians experiencing behavioral health issues, including individuals experiencing homelessness. Proposition 1 directs counties to prioritize those with the most acute behavioral health needs and provides \$6.38 billion, of which \$1.5 billion is to be awarded exclusively to counties, cities, and tribal entities, to build critically needed supportive housing and behavioral health treatment facilities at all levels of care, including investment in treatment facilities for individuals with the highest needs.

Proposition 1 presents counties with both opportunities and challenges. The behavioral health crisis requires thoughtful and immediate action at all levels of government, but making up for decades of inadequate resources and policy focus cannot be addressed overnight. The meaningful changes that Proposition 1 seeks to realize in the state's behavioral health system that is supported in part by an inherently volatile fund source will take time and resources to build capacity and recruit/retain the workforce necessary to implement these reforms.

Counties are simultaneously planning and implementing significant policy and operational changes such as the multi-year CalAIM initiative, which seeks to implement broad delivery system, program, and payment reform across the Medi-Cal program. Further, earlier this month, the first cohort of seven counties launched implementation of the Community

Assistance, Recovery and Empowerment (CARE) Act, with full statewide implementation of this new program required by December 2024.

The impacts of Proposition 1 in conjunction with these and other significant behavioral health policy changes such as the Governor's recent signing of <u>SB 43</u> (Chapter 637, Statutes of 2023), which expands the definition of "gravely disabled" for purposes of conservatorship eligibility, will likely vary greatly across counties and communities, and will be dependent on numerous factors, some of which are outside a county's control. As noted above, numerous sections of Proposition 1 require county adherence to policy or funding allocation requirements that are unspecified but will be developed via future regulations or plan letters/notices, shifting the discretion in setting policy and funding priorities away from counties to the state. Additionally, critical flexibilities afforded to counties require state approval and are not guaranteed. Lastly, it may be difficult to assess the long-term impacts resulting from the required prioritization of specified populations and the subsequent effects of that prioritization on existing populations and programs.

Proposition 1 may have unknown and long-term impacts on county planning and funding beyond the BHSA. One of the cornerstones of this reform centers on the development of an integrated county plan, annual updates, and submittal of an annual accountability and transparency report, which will require counties to plan and report on the allocation and expenditure of all fund sources. This provides counties with the opportunity to maximize the effective and equitable delivery of behavioral health services in our communities.

However, as summarized earlier, the state will have significant oversight authority to require a county to revise its integrated plan or annual update if the state determines the plan or update fails to adequately address local needs or if the county fails to make adequate progress in meeting state-established metrics. It will be critically important for the state and counties to work together to realize the opportunities Proposition 1 presents to improve the behavioral health system, and most importantly, best support the people it intends to serve.

Current CSAC policy includes a section specific to behavioral health services within <u>Chapter Six:</u> <u>Health</u>, of the CSAC Policy Platform. Relevant passages include:

Counties must have the flexibility to design and implement behavioral health services that best meet the needs of their local communities. The appropriate treatment of people living with substance use and serious mental health disorders should be provided equitably and within the framework of local, state, and federal criteria.

Counties have developed a range of locally designed programs to serve California's diverse population and must retain local authority and flexibility. At the same time, the state must ensure that counties have adequate funding to continue and evaluate such services and are provided with additional funding when new programs are created to ensure existing funds are not redirected, resulting in reduced access or quality of care. The state, counties, and other organizations must collaborate to ensure adequate resources for addressing the complex needs of individuals involved in or at risk of being involved in the criminal justice system who also live with serious mental illness and substance use disorders. The state must acknowledge the critical role of counties in

responding to emergencies, natural disasters and states of emergencies and the need for disaster response trauma-related behavioral health services.

Proposition 63: Mental Health Services Act

MHSA funding is also dedicated to meeting the needs of each community via robust stakeholder input to determine spending priorities. The Act is crucial to the stability of the Medi-Cal behavioral health safety net as counties expertly leverage available MHSA funding to provide critical Medi-Cal specialty mental health services annually. Counties value the partnership with local community stakeholders to develop priorities which address local needs, as required by MHSA.

- 1) Counties oppose additional reductions in state funding for behavioral health services that will result in the shifting of state or federal costs to counties, or require counties to use MHSA funds for that purpose. These cost shifts result in reduced services available at the local level and disrupt treatment capacity and options for behavioral health clients. Any shift in responsibility or funding must hold counties fiscally harmless and provide the authority to tailor behavioral health programs to individual community needs consistent with the Act.
- Counties also strongly oppose any effort to redirect MHSA funding to new or existing state programs and services, or removing local control over funding decisions as intended by the voters.
- 3) MHSA funds have been diverted in the past due to economic challenges and the establishment of the No Place Like Home Program in 2016. Any further diversions of MHSA funding will require robust county engagement, keeping the needs of local communities at the forefront without disruption to current programming at the local level.
- 4) Counties support timely and clear reporting standards, including reversion timelines, for MHSA expenditures and seek guidance from the Department of Health Care Services on all reporting standards, deadlines, and formats. Any development or update to reporting should be clearly established with county stakeholder involvement. Further, updates should be data-driven, measurable, and reassessed for effectiveness at specified intervals.
- 5) Counties support the fiscal integrity of the MHSA and transparency in stakeholder input, distributions, spending, reporting, and reversions, and seek collaboration with the state on developing tools that accurately report on MHSA programs and expenditures.
- 6) Counties support the continued evaluation of MHSA funding silos to allow for greater funding flexibility, accountability for outcomes, and its usage for individuals living with a substance use disorder or co-occurring disorders, provided counties are central to the development of reforms and any shift to accountability for outcomes is grounded in sound data science and client and community input.

**CSAC Ballot Initiative Review Process.** In most instances, CSAC will only take a position on a relevant ballot measure after it qualifies or has been placed on the statewide ballot for a scheduled election. The CSAC Officers referred Proposition 1 to the HHS Policy Committee for review. On October 30, after consideration and discussion, the HHS Policy Committee voted unanimously to recommend "no position" on Proposition 1.

In the absence of a "support" or "oppose" position on the measure, the HHS Policy Committee recommendation was forwarded to the Executive Committee as an informational item only, and is being subsequently forwarded to the Board of Directors as an informational item. Both the Executive Committee and the Board of Directors may accept the HHS Policy Committee's recommendation or change the recommendation. Upon approval by the Board of Directors, the position is adopted as the Association's official position.

TO: Board of Supervisors

FROM: Richard Vela, Public Works Director

DATE: January 9, 2024

SUBJECT: SR 88 Pine Grove Corridor Improvements Project

CONTACT: Richard Vela (223-6457)

#### Overview

The Amador County Department of Transportation and Public Works has been working on the design of roadway improvements along the SR 88 corridor in Pine Grove. The revised Phase A has been developed that will provide operational improvements and congestion relief corridor-wide on SR 88 from Ridge Road to just past Pine Grove Elementary School in the town of Pine Grove in Amador County, California. The primary components of the State Route 88/Pine Grove Improvement Project is as follows:

- Widening SR 88 to provide 8-foot shoulders and 12-foot lanes from Ridge Road to just past Pine Grove Elementary School.
- Relocation of egress from Pine Grove Elementary School onto Pine Grove Volcano Road
- Signalization of the SR 88/Pine Grove Volcano Road intersection.
- Providing a new pedestrian crossing near the Pine Grove Town Hall, just east of Irish Town Road.
- Constructing new sidewalks along SR 88 from Ridge Road to Pine Grove Elementary School.
- Adding on-street parking near Town Hall.
- Improving bus stops along SR88.

#### **Project Bidding, Project Costs and Funding**

Bids were due on Thursday December 7, 2023 at 1:30 pm for ITB 23-23 SR 88 Pine Grove Corridor Improvements Project. Five (5) bids were received, with the low bid of \$9,858,426 well above the engineer's estimate of \$7,670,296. Using the low bid as a basis, the project costs are estimated to be \$12,278,003. With current funding at \$9,708,179, there is an estimated \$2,569,824 shortfall.

At its December 19, 2023 meeting, the Board of Supervisors was presented with the results of the project bidding and elected to do nothing with regards to awarding the contract and wait to see if additional funds from external sources can be committed to the project, with the deadline to award the current bid being January 21, 2024 (a Sunday). Staff has reached out to Caltrans District 10 staff regarding the state funding the estimated shortfall. At the time of the writing of this document, there has been no word from Caltrans regarding this request. The Board did not express an interest in funding the estimated shortfall with internal funds (General Fund reserves, future SB1 allocation, etc.).

#### **Options**

The Board has the following options at its disposal:

- Do nothing at this time and wait to see if additional funds from external sources can be committed to the project. A special Board meeting will need to be held prior to January 21, 2024 (a Sunday) to either award the current bid or reject all bids.
- Use additional internal funding sources and award the contract to the lowest responsible and responsive bidder, George Reed, Inc.
- Reject all bids and direct staff to scale project back to as to fit the current funding. This would
  result in additional work by the design consultant, Mark Thomas, and review of the revised
  project by Caltrans. Once the reduced scope project has been approved, rebid the project. This
  would result in losing most if not all of the 2024 construction season.
- Reject all bids and terminating the project. Regarding the current funding for the project, \$3,613,379 will be lost and \$5,935,000 could be ultimately returned to ACTC in 2-5 years for reallocation.

For completeness, all options have been listed, although the Board has indicated that awarding the contract at this time is not a desired option.

#### **Requested Actions:**

One of the following:

 Do nothing at this time and wait to see if additional funds from external sources can be committed to the project. A special Board meeting will need to be held prior to January 21, 2024 (a Sunday) to either award the current bid or reject all bids.

OR

2. A) Award ITB 23-23 SR 88 Pine Grove Corridor Improvements Project to George Reed, Inc. in an amount not to exceed \$9,858,426.00 and B) Authorize the Board Chairman to sign the construction contract based on the standard sample contract (attached) contingent upon County Counsel and the Director of Public Works approval and C) Delegate authority to the Public Works Director to accept completion of the work and sign and record a Notice of Completion if no liens or stop notices have been served within the thirty (30) day period and D) Authorize the Board Chairman to sign the agreement and release of claims upon completion of the project and authorize the Public Works Director to release retention and final payment to the contractor.

OR

- 3. Reject all bids and direct staff to scale project back to fit the current available funding. OR
- 4. Reject all bids and terminate the project.

The Board has indicated that Action 2 is not desired. Again, it is listed for the sake of completeness.

#### SAMPLE CONSTRUCTION CONTRACT

Bid No. 23-23

**THIS CONSTRUCTION CONTRACT** (this "Contract") is made this 19th day of December, 2023, by and between George Reed, Inc. ("Contractor"), whose place of business is at 140 Empire Avenue, Modesto, CA 95354, and the County of Amador, a political subdivision of the State of California ("County").

WHEREAS, County awarded to Contractor the following contract:

Bid No.: 23-23

Job Title: State Route 88 / Pine Grove Corridor Improvement Project

NOW THEREFOR, in consideration of the mutual covenants hereinafter set forth, Contractor and County agree as follows:

#### Article 1. The Work

Contractor shall provide, furnish and perform all necessary permitting and support services, construction, clean-up, and all other building services of any type, provide and furnish all necessary supplies, materials and equipment (except those to be provided by the County, if any) and all necessary supervision, labor, and services required for the complete construction and all necessary installation, start-up and testing required for the State Route 88 / Pine Grove Corridor Improvement Project, as more particularly described in the Contract Documents (hereinafter, the all-inclusive obligations of Contractor set forth in this sentence shall be referred to as the "Work").

#### **Article II. Contract Time**

- 2.1 Contractor shall begin the Work within fifteen (15) calendar days after receipt of a Notice to Proceed from County's Project Manager, and shall diligently prosecute the Work to completion in strict accordance with the Contract Documents.
- 2.2 Contractor shall carry out the Work at all times with the greatest possible dispatch and complete the entire Work under this Contract within the working days set forth in the Contract Specifications (the "Completion Date").
- 2.3 The County and Contractor recognize that time is of the essence of this Contract and that County will suffer financial loss in the form of lost revenues, contract administration expenses, and other expenses if the Work is not completed within the time specified in paragraph 2.2 above, plus any extensions allowed in accordance with the Contract Documents. Contractor and the County agree that because of the nature of the Work, it would be impractical or extremely difficult to fix the amount of actual damages incurred by the County because of a delay in completion of the Work.
  - Accordingly, the County and Contractor agree that Contractor shall pay the County liquidated damages in accordance with the Contract Specifications.
- 2.3 Liquidated damages for delay shall only cover and be in lieu of the actual damages suffered by the County as a result of delay referenced above. Liquidated damages shall not cover the cost of completion of the Work, damages resulting from defective work, cost of temporary replacement facilities, damages suffered by others who then seek to recover their damages from the County (for example, delay claims of other contractors or subcontractors), and defense costs thereof.

#### **Article III. Contract Price**

- 3.1 The County shall pay Contractor for performance of the Work a fixed price in the amount of \$9,858,426.00 subject to additions and deductions by Change Order as provided in the Contract Documents. Such fixed price sum is referred to as "Guaranteed Maximum Price" or "G.M.P." and shall constitute the Contract Price.
- 3.2 The Contract Price is all inclusive and includes all Work; all federal, state, and local taxes on materials and equipment, and labor furnished by Contractor, its subcontractors, subconsultants, architects, engineers, and vendors or otherwise arising out of Contractor's performance of the Work, including any increases in any such taxes during the term of this Contract; and any duties, fees, and royalties imposed with respect to any materials and equipment, labor or services. The taxes covered hereby include (but are not limited to) occupational, sales, use, excise, unemployment, FICA, and income taxes, customs, duties, and any and all other taxes on any item or service that is part of the Work, whether such taxes are normally included in the price of such item or service or are normally stated separately. Notwithstanding the foregoing, each party shall bear such state or local inventory, real property, personal property or fixtures taxes as may be properly assessed against it by applicable taxing authorities.

#### **Article IV. Project Manager and Construction Manager**

- 4.1 The Project Manager/Engineer shall be the County's Director of Transportation and Public Works or his or her designee. The Project Manager/Engineer shall have the authority to stop work immediately on the job if hazardous or detrimental conditions are suspected, and shall represent the County in all matters pertaining to this Contract except where approval by the Board of Supervisors is specifically required.
- 4.2 The County may assign part of the Project Manager/Engineer's rights, responsibilities and duties to a Construction Manager. Project Manager/Engineer shall inform Contractor of such assignment and the extent of Construction Manager's authority.

#### **Article V. Contractor's Representations and Warranties**

In order to induce the County to enter into this Contract, Contractor makes the following representations and warranties:

- 5.1 Contractor has visited the site and has examined thoroughly and understood the nature and extent of the Work, locality, actual conditions, as built conditions, and all local conditions and federal, state and local laws and regulations that in any manner may affect cost, progress, performance or furnishing of Work or which relate to any aspect of the design and the means, methods, techniques, sequences or procedures of construction to be employed by Contractor and safety precautions and programs incident thereto.
- 5.2 Contractor has considered the physical conditions at or contiguous to the site or otherwise that may affect the cost, progress, performance or furnishing of the Work, as Contractor considers necessary for the performance or furnishing of the Work at the Contract Price, within the Contract Time and in accordance with the other terms and conditions of Contract Documents, including specifically the provisions of the Contract Specifications.

#### **Article VI. Contract Documents**

- 6.1 <u>Contract Documents.</u> The Contract Documents comprise the entire agreement between the County and Contractor concerning the Work, and consist of the following, each of which is on file in the office of the Amador County Department of Transportation and Public Works. TO: Board of Supervisors

FROM: Richard Vela, Public Works Director

DATE: January 9, 2024

SUBJECT: State Route 88 / Pine Grove Improvement Project;

Amended District 10 Cooperative Agreement 10-0541 A3

CONTACT: Richard Vela (223-6457)

#### Overview:

The Amador County Department of Transportation and Public Works has been working on the design of roadway improvements along the SR 88 corridor in Pine Grove. The revised Phase A has been developed that will provide operational improvements and congestion relief corridor-wide on SR 88 from Ridge Road to just past Pine Grove Elementary School in the town of Pine Grove in Amador County, California. The primary components of the State Route 88/Pine Grove Improvement Project is as follows:

- Widening SR 88 to provide 8-foot shoulders and 12-foot lanes from Ridge Road to just past Pine Grove Elementary School.
- Relocation of egress from Pine Grove Elementary School onto Pine Grove Volcano Road
- Signalization of the SR 88/Pine Grove Volcano Road intersection.
- Providing a new pedestrian crossing near the Pine Grove Town Hall, just east of Irish Town Road.

Amended Cooperative Agreement 10-0541 A3 seeks to revises the Funding and Spending tables by deleting \$4,261,000 of Local-Federal RIP- NHS Fund, deleting \$553,000 of STATE RIP-NHS Fund, and adding \$6,001,000 of STATE STIP/RIP Fund, and revising the Funding Party for Local Fund Source from COUNTY to ACTC. Total cost increased by \$1,187,000. The Amended Cooperative Agreement 10-0541 A3 obligates current funding for the project. This secures the existing funding for the Project. However, it does not handcuff the Board in its decision on the direction for the Project. County Counsel Greg Gillott has reviewed the agreement.

Table 1 depicts the project costs and associated funding. Table 2 depicts the breakdown of project construction funding. This table also shows the implications of a) the end of the Federal fiscal year occurring (September 30, 2023) without the project receiving construction obligation and b) the project being scrapped by the County.

#### **Requested Actions:**

- 1. Approve the Cooperative Agreement in its current form; and
- 2. Authorize the Chairman to sign the final version of the agreement (if not substantially changed) by wet signature or by e-signature.

#### Fiscal Impact:

This work is funded with revenue from the Regional Transportation Improvement Program (RTIP). The Amador County Transportation Commission (ACTC) is the Project Sponsor. Funding is currently programmed by ACTC accordingly in the RTIP. Amador County (County) is receiving reimbursement for eligible project expenses by invoicing California Department of Transportation directly in arrears. The project is included in the adopted Department budget.

- Russ Parker, District II
- Mr. Craig Baracco, Executive Director, Foothill Conservancy

**Public Works Agency**: Discussion and possible action relative to the SR 88 Pine Grove Corridor Improvements Project.

Mr. Richard Vela, Public Works Director, addressed the Board and summarized the staff report relative to this item which is incorporated into these minutes as though set forth in full. In summary, he stated bids for the Project were due on December 7, 2023. Five bids were received and the results of the bidding are as follows:

	George Reed,	\$9,858,426.00
	<b>Teichert Construction</b>	\$11,325,000.00
$\triangleright$	Martin Brothers	\$14,451,852.00
$\triangleright$	<b>Granite Construction</b>	\$14,775,266.70
	Stimpel-Wiebelhaus	\$17,835,848.00
>	Engineer's Estimate	\$7,670,296.00

The lowest bid received is over twenty-eight and one half percent (28.53%0 higher than the Engineer's Estimate. The Engineer's Estimate is less than all the received bids. The lowest bid received is from the apparent low bidder George Reed, Inc. Because the Engineer's Estimate is below all bids, the Department analyzed and evaluated all bids received for the project. The Department is having the Design Engineer review its Engineer's Estimate to find any anomalies.

The following are the options the Board may consider at this time:

- ➤ Do nothing at this time and wait to see if additional funds from external sources can be committed to the project. However, the deadline to award the current bid is January 21, 2024.
- ➤ Use additional internal funding sources and award the contract to the lowest responsible and responsive bidder, George Reed, Inc.
- Reject all bids and direct staff to scale project back to as to fit the current funding. This would result in additional work by the design consultant, Mark Thomas, and review of the revised project by Caltrans. Once the reduced scope project has been approved, rebid the project. This would result in losing most if not all of the 2024 construction season.
- ➤ Reject all bids and terminating the project. Regarding the current funding for the project, \$3,613,379 will be lost and \$5,935,000 will be returned to ACTC for reallocation.

Mr. Vela stated the following are the requested actions the Board may consider:

- 1. Do nothing at this time and wait to see if additional funds from external sources can be committed to the project, which the deadline to award the current bid being January 21, 2024; **OR**
- 2. Award ITB 23-23 SR 88 Pine Grove Corridor Improvements Project to George Reed, Inc. in an amount not to exceed \$9,858,426.00; and
  - Authorize the Board Chairman to sign the construction contract based on the standard sample contract contingent upon County

- Counsel and the Director of Public Works approval; and
- ➤ Delegate authority to the Public Works Director to accept completion of the work and sign and record a Notice of Completion if no liens or stop notices have been served within the thirty (30) day period; and
- Authorize the Board Chairman to sign the agreement and release of claims upon completion of the project and authorize the Public Works Director to release retention and final payment to the contractor; **OR**
- 3. Reject all bids and direct staff to scale project back to fit the current available funding; **OR**
- 4. Reject all bids and terminate the project.

Lengthy discussion ensued with the following individuals providing input.

- ➤ Mr. John Gedney, ACTC Executive Director,
- Matt Brogan, Design Engineer, Mark Thomas, Engineering
- > Jake Weir, Project Engineer, Mark Thomas Engineering
- Ms. Lynda Burman, District V resident
- ➤ Ms. Jan Houghton, District IV resident
- Mr. Logan Carnell, District IV resident
- ➤ Ms. Katherine Evatt, District IV resident (via ZOOM)

The following action was taken.

**ACTION #1**: Direction given pursuant to the following motion.

MOTION #1: It was moved by Supervisor Crew, seconded by Supervisor Oneto to reject all bids and terminate the project in the spirit of fiscal responsibility.

**Ayes: Supervisors Crew and Oneto** 

Noes: Supervisors Brown, Axe and Forster
\*Motion failed for lack of majority vote\*\*

## Memo

To: Board of Supervisors

From: Kim Grady, Clerk/Recorder

Date: December 15, 2023

Re: Budget Transfer

The purpose of this item is to obtain Board of Supervisor's approval to transfer money from our Vital Statistics Trust Fund into our budget to pay an invoice to Kofile.

The invoice is for the completion of a project for our vital records. The records and indexes from 1915 through 2005 have been restored and preserved. Shelving to house the restore books was also purchased and both digital images and microfilm of every vital record have been created.

This project took longer than expected. I was unsure of the completion date so it was not included in our current budget.

# STATEMENT OF INVESTMENT POLICY

# **COUNTY OF AMADOR**

ELIZABETH A. NELSON TREASURER - TAX COLLECTOR

January 9, 2024

### **AUTHORITY AND PURPOSE**

The Treasurer of Amador County (hereinafter "Treasurer" or "County Treasurer") is responsible for investing the pooled surplus and idle funds in the County Treasury. Investments shall be made in accordance with the "Prudent Investor Standard", as set forth in Sections 27000.3 and 53600.3 of the Government Code of the State of California. This standard provides that "when investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, the County Treasurer shall act with care, skill, prudence, and diligence under the circumstances then prevailing (specifically including, but not limited to, the general economic conditions and the anticipated needs of the County and other depositors), that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the County and the other depositors". This standard affords the County Treasurer a broad spectrum of investment opportunities as long as the investment is deemed prudent and is allowable under State of California Government Code Sections 53601 et seq. and 53635 et seq.

This Statement of Investment Policy is intended to provide written guidelines and criteria for the prudent investment of Amador County's surplus funds and idle cash, and to outline the policies for maximizing the efficiency of its cash management system. This policy is written to incorporate industry best practices and recommendations from sources such as the Government Finance Officers Association (GFOA), California Municipal Treasurers Association (CMTA), California Debt and Investment Advisory Commission (CDIAC) and the Association of Public Treasurers (APT).

### **SCOPE**

This Statement of Investment Policy applies to Amador County's pooled investment fund, which encompasses all moneys under the direct control of the Treasurer. This Policy applies to the deposit, management, safekeeping, and investment of all such moneys, as well as all related activities.

### **PHILOSOPHY**

The basic premise underlying Amador County's investment philosophy is, and will continue to be, to ensure that funds are safe and available when needed.

#### **OBJECTIVES**

The County's cash management system is designed to accurately monitor and forecast revenues and expenditures, thus enabling the Treasurer to invest funds to the fullest extent possible. The primary objectives, <u>in priority order</u>, of the County Treasury's investment activities shall be:

# I. LEGAL COMPLIANCE

All investing and investment decisions shall be made in full compliance with

California Government Code Sections 53601 through 53692, as well as any forthcoming amendments or additions to the California Government Code relating to the investment of local agency surplus and idle funds. Additionally, the Treasurer may provide further restrictions and guidelines for the investment of these funds through the Statement of Investment Policy. Each transaction, and the entire investment portfolio, shall comply with the California Government Code and the Investment Policy.

# II. SAFETY AND PRESERVATION OF PRINCIPAL

The safety and preservation of principal are of primary importance. Each investment transaction shall seek to ensure that capital losses are avoided whenever possible, whether they are from securities default, fraud, or adverse market conditions. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk, as outlined below.

#### A. Credit Risk

Credit risk is the risk of loss due to the failure of the security issuer or backer. Credit risk may be mitigated by:

- Limiting investments to those listed in the Eligible Securities/Authorized Investments;
- \* Pre-qualifying and monitoring the financial institutions, broker/dealers, and advisors with which an entity will do business;
- \* Diversifying the investment portfolio; and,
- \* No more than 5% of the total portfolio may be deposited with or invested in securities issued by any single issuer unless otherwise specified in this policy.

#### B. Interest Rate Risk

Interest rate (or market) risk is the risk that the market value of securities in the portfolio will fall due to changes in general interest rates. Interest rate risk may be mitigated by:

- \* Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity; and,
- \* By investing funds primarily in shorter-term securities.

#### III. LIQUIDITY

The investment portfolio shall remain sufficiently liquid to meet all reasonably anticipated cash requirements. It shall be structured in a manner which will provide that securities mature at about the same time as cash is needed. Investment decisions will take into account the fact that the maintenance of liquidity, or the ability to readily convert a security to cash with little or no loss

in value, is an important investment quality, especially when the need for unexpected funds arises. Since all possible cash demands cannot be anticipated, a sufficient portion of the portfolio shall consist of securities with active secondary or resale markets, and deposits in the Local Agency Investment Fund (LAIF) or Local Government Investment Pools, which have immediate withdrawal provisions.

# IV. YIELD

The investment portfolio shall be designed with the objective of earning a reasonable rate of return throughout budgetary and economic cycles, consistent with safe and prudent treasury management. As codified in Section 27000.5 of the Government Code, the yield, or return on the investment, is of the least importance when compared to the safety and liquidity objectives noted above.

### INVESTMENT PARAMETERS

### I. ELIGIBLE SECURITIES/AUTHORIZED INVESTMENTS

California Government Code Sections 53601 et seq. and 53635 et seq. define eligible securities for the investment of public funds by local agencies. \*INELIGIBLE INVESTMENTS: Securities and investment instruments or media not specifically described above are prohibited at this time. Additionally, the Treasurer shall not invest any funds in inverse floaters, range notes, or mortgage derived interest-only strips, nor shall the Treasurer invest any funds in any security that could result in zero interest accrual if held to maturity. Under a provision sunsetting on January 1, 2026, securities backed by the U.S. Government that could result in a zero- or negative-interest accrual if held to maturity are permitted. The Treasurer is prohibited from purchasing or selling securities on margin, and from purchasing foreign denominated securities. Trading securities for the sole purpose of speculating on the future direction of interest rates is prohibited. Agencies that are not Qualified Institutional Buyers (QIB) as defined by the Securities and Exchange Commission are prohibited from purchasing Private Placement Securities. The SEC defines a QIB as having at least \$100,000,000 in securities owned and invested. The purchase of a security with a forward settlement date exceeding 45 days from the time of the investment is prohibited.

#### II. DOWNGRADE PROTOCAL

If securities owned by the County are downgraded by a nationally recognized rating

service to a level below the quality required by this Investment Policy, it will be the County's policy to review the credit situation and the Treasurer will make a determination as to whether to sell or retain such securities in the portfolio. The Treasurer will use his/her discretion in making this determination based on the security's current maturity, the economic outlook for the issuer, and other relevant factors. The Treasurer may elect to sell a security prior to its maturity and record a capital gain or loss in order to improve the quality, liquidity, or yield of the portfolio, or in response to market conditions or risk preferences. If the decision is made to retain a downgraded security in the portfolio, its continued presence in the portfolio will be monitored by the Treasurer on a monthly basis.

### III. SAFEKEEPING AND COLLATERAL/DELIVERY VS. PAYMENT

To protect against potential losses due to failure of individual securities dealers, and to enhance access to securities, interest payments and maturity proceeds, all cash and securities in the County's portfolio shall be held in safekeeping in the County's name by a third party custodian, acting as agent for the County under the terms of a custody agreement executed by the bank and the County. All investment transactions will require a safekeeping receipt or acknowledgment generated from the trade. A monthly report will be received by the County from the custodian listing all securities held in safekeeping with current market data and other information. The only exceptions to the foregoing shall be depository accounts and securities purchases made with: (i) local government investment pools; (ii) time certificates of deposit, and, (iii) mutual funds and money market mutual funds, since these securities are not deliverable.

All securities purchased by the County shall be held by its Safekeeping Agent or Third Party Agent in accordance with Government Code Sections 53601 and 53635; excepting, however, the collateral for Time Deposits in banks, savings banks, and savings and loans.

The collateral for Time Deposits in commercial banks, savings banks, and savings and loans shall be held in a pooled collateral arrangement authorized by the State of California whereby any depository of the County must maintain U.S. Government or Agency Securities at 110%, or Mortgage Securities at 150%, of the par value of the County's invested funds. The County shall require any bank or financial institution to comply with the collateralization criteria defined in Government Code Section 53651 for bank deposits.

The County requires that Repurchase Agreements be collateralized only by securities authorized in accordance with Government Code. The collateralized securities shall be priced at market value, including any accrued interest plus margin and be valued at 102% or greater of the funds borrowed against those securities. Financial institutional shall mark the value of the collateral to market at least monthly and increase or decrease collateral to satisfy the ratio requirement described and the County shall receive monthly statements of collateral.

With the exception of Time Deposits, security purchases shall be conducted on a

delivery - vs - payment (DVP) basis. This procedure requires a simultaneous transaction for securities purchased where the County will forward funds, and the broker/dealer will deliver securities, to the Safekeeping Agent. After both the payment and the securities are received, the Safekeeping Agent forwards the securities to the County and the proceeds to the broker/dealer, thus ensuring a fulfilled trade agreement.

# IV. INTERNAL CONTROLS

The Treasurer's system of internal controls is designed with the intended purpose of preventing and minimizing loss of public funds due to error, fraud or any other means. The system of internal controls that has been established contains, but is not limited to, the following features:

- 1. Separation of transaction authority from accounting and record keeping.
- 2. Custodial (Third-party) safekeeping.
- 3. Clear delegation of authority.
- 4. Qualifications for securities brokers/dealers, investment advisers and for financial institutions.
- 5. Written confirmation from involved parties for investment transactions and wire transfers.
- 6. Legal compliance monitoring.

The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. Periodically, as deemed appropriate by the County and/or the Treasury Oversight Committee, an independent analysis by an external auditor shall be conducted to review internal controls, account activity and compliance with policies and procedures.

# V. QUALIFICATIONS OF BROKERS/DEALERS, DEPOSITORIES AND FINANCIAL INSTITUTIONS

To the extent practicable, the Treasurer shall endeavor to complete investment transactions using a competitive bid process whenever possible. The County's Treasurer will determine which financial institutions are authorized to provide investment services to the County. It shall be the County's policy to purchase securities only from authorized institutions and firms.

In accordance with Section 53601.5, institutions eligible to transact investment business with the County include:

- Institutions licensed by the state as a broker-dealer.
- Institutions that are members of a federally regulated securities exchange.
- Primary government dealers as designated by the Federal Reserve Bank and non-primary government dealers.
- Nationally or state-chartered banks.

- The Federal Reserve Bank.
- Direct issuers of securities eligible for purchase,

In order to be considered for approval by the County Treasurer, a broker/dealer or financial institution must meet the following minimum requirements:

- (a) the firm must be registered with the Financial Industry Regulating Authority (FINRA) as a broker or broker/dealer;
- (b) the firm must be properly licensed/registered to deal with local agencies in California; and,
- (c) For "primary" dealers or regional dealers, the firm must meet the minimum capital requirements of the Uniform Net Capital Rule set forth in 17 CFR s 240.15c3-1.

Selection of financial institutions and broker/dealers authorized to engage in transactions will be at the sole discretion of the County, except where the County utilizes an external investment adviser in which case the Agency may rely on the adviser for selection.

All financial institutions which desire to become qualified bidders for investment transactions (and which are not dealing only with the investment adviser) must supply the Treasurer with audited financials and a statement certifying that the institution has reviewed the California Government Code, Section 53600 et seq. and the County's investment policy. The Treasurer will conduct an annual review of the financial condition and registrations of such qualified bidders.

Public deposits will be made only in qualified public depositories as established by State law. Deposits will be insured by the Federal Deposit Insurance Corporation, or, to the extent the amount exceeds the insured maximum, will be collateralized in accordance with State law.

Selection of broker/dealers used by an external investment adviser retained by the County will be at the sole discretion of the adviser. Where possible, transactions with broker/dealers shall be selected on a competitive basis and their bid or offering prices shall be recorded. If there is no other readily available competitive offering, best efforts will be made to document quotations for comparable or alternative securities. When purchasing original issue instrumentality securities, no competitive offerings will be required as all dealers in the selling group offer those securities at the same original issue price.

Depositories are to meet certain credit standards before being eligible for a certificate of deposit investment which is in excess of the federal insurance limit. Banks, savings banks and savings and loans must have a Gerry Findley, Inc. credit rating of A- or better, or a similar credit rating from a national rating service, to be eligible for such deposits.

No broker, brokerage, dealer, or securities firm will be utilized that has, within any

consecutive 48- month period following January 1, 1996, made a political contribution in an amount exceeding the limitations contained in Rule G-37 of the Municipal Securities Rulemaking Board, to the Treasurer, any member of the Board of Supervisors, or any candidate for those offices.

Each qualified broker/dealer and financial institution will be sent a copy of this Policy for review.

# VI. COUNTY TREASURY OVERSIGHT COMMITTEE

A County Treasury Oversight Committee has been established in accordance with Section 27130 et seq. of the Government Code. The Oversight Committee shall consist of up to seven (7) members: the County Treasurer/Tax Collector; the County Auditor/Controller; the County Administrative Officer; the County Superintendent of Schools, or his or her designee; and, up to three (3) other public members.

The County Treasury Oversight Committee shall:

- A. Review and monitor the Investment Policy;
- B. Annually review the investments made by the County Treasury;
- C. Cause an annual audit to be conducted to determine the County Treasury's compliance with Article 6, Chapter 5 of Division 2 of Title 3 of the Government Code; and,
- D. Meet on other matters as necessary.

By Statute, the County Treasury Oversight Committee has no authority to direct individual investment decisions, select individual investment advisors, brokers, or dealers, or to impinge on the day-to-day operations of the County Treasury.

Committee members may not accept any honoraria, gifts or gratuities from advisors, brokers, dealers, bankers, or other persons with whom the County Treasury conducts business, which are in excess of the limits imposed by State Law, or by the Fair Political Practices Commission.

#### VII. DIVERSIFICATION

Diversification by investment type, maturity, and issuer/institution are three principle areas used to control and limit losses, while enhancing the return on the overall portfolio. (Investments are further limited by specific language relating to each investment type, as set forth in Item I. of this Section).

#### A. INVESTMENT TYPE

With the exception of U.S. Government Treasury and Agency Obligations, and the Local Agency Investment Fund (LAIF), not more than 25% of the portfolio shall be invested in any single investment type at any one time unless otherwise stated in the Eligible Securities/Authorized Investments section.

#### B. MATURITY

An attempt will be made to match maturities with anticipated cash flow requirements. After cash flow needs have been satisfied, maturities shall be distributed to allow investments to mature-out in the event of market deterioration, and to allow the liquidity necessary to take advantage of market opportunities as they arise. From time to time as may be deemed appropriate, a portion of the portfolio may be invested longer-term for the purpose of capturing long-term rates. However, in no instance will a security be purchased which has a stated or potential maturity of more than five years from the date of purchase settlement.

# C. <u>ISSUER/INSTITUTION</u>

With the exception of U.S. Government Treasury and Agency Obligations, LAIF, and CAMP, not more than 5% of the portfolio shall be invested with any single issuer/institution at any given time unless otherwise stated in the Eligible Securities/Authorized Investments section.

### VIII. REPORTING

The Treasurer shall provide quarterly investment reports to the Board of Supervisors, the County Treasury Oversight Committee, and the County Auditor/Controller, within 45 days following the end of the quarter covered by the report. These reports shall include the following investment information as required by Section 16481.2(b) of the Government Code:

- The type of investment, name of the issuer, date of maturity, par and dollar amount invested in each security, investment, and money within the Treasury;
- 2. The weighted average maturity of the investments within the Treasury;
- 3. Any funds, investments, or programs, including loans, that are under the management of contracted parties;
- 4. The market value as of the date of the report, and the source of this valuation for any security within the Treasury;
- 5. A description of the compliance with the Statement of Investment Policy;
- 6. A statement denoting the ability of the County to meet its pool's expenditure requirements for the next six months.

# IX. APPORTIONMENT OF COSTS AND INTEREST

Interest earnings on the County's pooled investments shall be apportioned quarterly. Prior to the quarterly apportionment of pooled fund investment earnings, investment and banking costs incurred by the Treasurer during that quarter shall be totaled, and that total

shall be deducted from the gross interest earnings of the Pool. These costs, which are authorized by Government Code Section 27013, include salaries and benefits, banking services, custodial safekeeping services, computer services, supplies, department and external overhead, as well as any other costs associated with investing, depositing, banking, auditing, reporting, or otherwise handling or managing the funds. This net interest amount shall then be apportioned to pool participants based on the average daily cash balance of funds on deposit by each participant during that quarter in the County Treasury.

# X. OUTSIDE AGENCIES

The County Treasurer shall, by Code, set terms and conditions under which local agencies and other entities that are not required to deposit their funds in the County Treasury may deposit and withdraw such funds for investment purposes. Local agencies from outside the County shall not be permitted to deposit funds into the County Treasury Pool. Funds from local agencies within the County, voluntarily wishing to participate in the Pool, will not be accepted under normal conditions, unless the Treasurer is assured that these funds are for long-term investment. Prior to the acceptance of such funds for deposit, the Treasurer shall require that a resolution be adopted by the board or governing body of the local agency, authorizing that agency to deposit excess funds into the County Treasury for the purpose of investment by the County Treasurer. Each such agency shall agree to be bound by the provisions of the Investment Policy. Deposits from outside agencies are subject to withdrawal restrictions for a set minimum term, to be agreed to prior to the funds being accepted into the Pool, and may not be withdrawn at any time without a minimum of thirty days written notice of the intent to withdraw.

Under normal conditions, voluntary money withdrawn from the Pool will be dispersed on a dollar for dollar basis, plus interest, but under adverse market conditions, when the Treasurer deems that the withdrawal would cause undue losses or significantly lower earnings for the remaining Pool participants, the Treasurer may require one or more of the following three remedies: 1) restrict the percentage of funds that may be withdrawn in any given quarter; 2) restrict the rate at which funds may be withdrawn; and, 3) require the local agency which is withdrawing its funds to accept those funds based on the current market value of the overall Pool.

Terms will be agreed to by any "voluntary" local agency, and a contract signed, before any voluntary funds will be accepted into the Treasury Pool. Specific, individual investments will not be permitted with such voluntary funds.

# XI. CRITERIA FOR WITHDRAWAL OF FUNDS FROM THE COUNTY TREASURY

Pursuant to Section 27136 of the Government Code, depositors, who wish to withdraw funds from the County Treasury for the purpose of investing or depositing those funds outside the Treasury Pool, shall first submit a written request to the Treasurer. Such written request must be in the form of a Resolution adopted by the local agency's governing board requesting the withdrawal. The Resolution must be received by the Treasurer no later than two (2) weeks prior to the date the withdrawal is to take place.

Prior to approving such a withdrawal, the County Treasurer shall make a finding that the proposed withdrawal will not adversely affect the interests of the other depositors in the County Treasury Pool. In no event shall funds be withdrawn which, in the sole judgment of the County Treasurer, will: 1) adversely affect the interests of the other Pool participants; and/or, 2) adversely affect the stability and predictability of the investments in the County Treasury.

# XII. RISK

It is recognized that public funds are characteristically very risk averse, tolerating only low levels of risk. It is further acknowledged that conservative and risk averse approaches to investment management are likely to result in correspondingly lower portfolio yields. As stated earlier, the administration of idle and surplus public funds shall be executed with the intention of fulfilling safety and liquidity needs first, with yield being of secondary concern.

# XIII. LEVEL OF INVESTMENT

The Treasurer strives to maintain the level of investment of all funds as near 100% as possible, through daily and projected cash flow determinations.

#### ETHICS AND CONFLICTS OF INTEREST

All participants in the investment process shall act as custodians of the public trust. Investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The Treasurer shall refrain from personal business activities that would conflict with the proper execution of the investment program, or which could impair his ability to make impartial business decisions. The Treasurer shall abide by The Political Reform Act of 1974 regarding disclosure of material financial interests.

#### <u>AUTHORITY</u>

# I. <u>DELEGATION</u>

By adoption of this Statement of Investment Policy, the Amador County Board of Supervisors delegates to the Treasurer, the authority to invest or reinvest funds of the County, or to sell or exchange securities so purchased, for a one year period, as provided in Section 53607 of the Government Code. Pursuant to California Government Code Section 53635, the Treasurer has full responsibility to invest or to reinvest funds under the control of the Treasurer, or to sell or exchange securities so purchased.

The execution of investment transactions shall be conducted by the Treasurer. However, when circumstances warrant, the responsibility to execute investment transactions may be temporarily delegated to other Treasurer personnel, upon the express approval of the Treasurer.

The Treasurer will be responsible for all transactions undertaken and will establish a system of procedures and controls to regulate the activities of subordinate officials and employees. Such procedures will include explicit delegation of authority to persons responsible for investment transactions. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Treasurer.

The County may engage the services of one or more external investment advisers, who are registered under the Investment Advisers Act of 1940, to assist in the management of the County's investment portfolio in a manner consistent with the County's objectives. External investment advisers may be granted discretion to purchase and sell investment securities in accordance with this investment policy.

The County's overall investment program shall be designed and managed with a degree of professionalism that is worthy of the public trust. The County recognizes that in a diversified portfolio, occasional measured losses may be inevitable and must be considered within the context of the overall portfolio's return and the cash flow requirements of the County.

# II. RETENTION

The Treasurer shall retain the authority to add to, delete, or amend this Statement of Investment Policy as is necessary to facilitate the accurate and efficient transaction of business pertaining to the investment of idle and surplus public funds. The Treasurer shall promptly notify both the Board of Supervisors and the County Treasury Oversight Committee of any material change in this Statement of Investment Policy, which change will then be considered by these entities at a public meeting. The Statement of Investment Policy shall be submitted to the Board and the Oversight Committee on an annual basis for consideration at a public meeting.

ELIZABETH A. NELSON

Amador County Treasurer-Tax Collector

# **GLOSSARY OF INVESTMENT TERMS**

- **Agencies.** Shorthand market terminology for any obligation issued by a government-sponsored entity (GSE), or a federally related institution. Most obligations of GSEs are not guaranteed by the full faith and credit of the US government. Examples are:
- **FFCB.** The Federal Farm Credit Bank System provides credit and liquidity in the agricultural industry. FFCB issues discount notes and bonds.
- **FHLB.** The Federal Home Loan Bank provides credit and liquidity in the housing market. FHLB issues discount notes and bonds.

- **FNMA.** Like FHLB and FreddieMac, the Federal National Mortgage Association was established to provide credit and liquidity in the housing market. FNMA, also known as "FannieMae," issues discount notes, bonds and mortgage pass-through securities.
- **GNMA.** The Government National Mortgage Association, known as "GinnieMae," issues mortgage pass-through securities, which are guaranteed by the full faith and credit of the US Government.
- **PEFCO.** The Private Export Funding Corporation assists exporters. Obligations of PEFCO are not guaranteed by the full faith and credit of the US government.
- **TVA.** The Tennessee Valley Authority provides flood control and power and promotes development in portions of the Tennessee, Ohio, and Mississippi River valleys. TVA currently issues discount notes and bonds.
- **Asset Backed Securities.** Securities supported by pools of installment loans or leases or by pools of revolving lines of credit.
- Average Life. In mortgage-related investments, including CMOs, the average time to expected receipt of principal payments, weighted by the amount of principal expected.
- **Banker's Acceptance.** A money market instrument created to facilitate international trade transactions. It is highly liquid and safe because the risk of the trade transaction is transferred to the bank which "accepts" the obligation to pay the investor.
- **Benchmark.** A comparison security or portfolio. A performance benchmark is a partial market index, which reflects the mix of securities allowed under a specific investment policy.
- **Broker.** A broker brings buyers and sellers together for a transaction for which the broker receives a commission. A broker does not sell securities from their own position.
- **Callable.** A callable security gives the issuer the option to call it from the investor prior to its maturity. The main cause of a call is a decline in interest rates. If interest rates decline, the issuer will likely call its current securities and reissue them at a lower rate of interest.
- **Certificate of Deposit (CD).** A time deposit with a specific maturity evidenced by a certificate.
- Certificate of Deposit Account Registry SYSTEM (CDARS). A private placement service that allows local agencies to purchase more than \$250,000 in CDs from a single financial institution (must be a participating institution of CDARS) while still

- maintaining FDIC insurance coverage. CDARS is currently the only entity providing this service. CDARS facilitates the trading of deposits between the California institution and other participating institutions in amounts that are less than \$250,000 each, so that FDIC coverage is maintained.
- **Collateral.** Securities or cash pledged by a borrower to secure repayment of a loan or repurchase agreement. Also, securities pledged by a financial institution to secure deposits of public monies.
- Collateralized Bank Deposit. A bank deposit that is collateralized at least 100% (principal plus interest to maturity). The deposit is collateralized using assets set aside by the issuer such as Treasury securities or other qualified collateral to secure the deposit in excess of the limit covered by the Federal Deposit Insurance Corporation.
- Collateralized Mortgage Obligations (CMO). Classes of bonds that redistribute the cash flows of mortgage securities (and whole loans) to create securities that have different levels of prepayment risk, as compared to the underlying mortgage securities.
- Collateralized Time Deposit. Time deposits that are collateralized at least 100% (principal plus interest to maturity). These instruments are collateralized using assets set aside by the issuer such as Treasury securities or other qualified collateral to secure the deposit in excess of the limit covered by the Federal Deposit Insurance Corporation.
- **Commercial Paper.** The short-term unsecured debt of corporations.
- Coupon. The rate of return at which interest is paid on a bond.
- Credit Risk. The risk that principal and/or interest on an investment will not be paid in a timely manner due to changes in the condition of the issuer.
- **Dealer.** A dealer acts as a principal in security transactions, selling securities from and buying securities for their own position.
- **Debenture.** A bond secured only by the general credit of the issuer.
- **Delivery vs. Payment (DVP).** A securities industry procedure whereby payment for a security must be made at the time the security is delivered to the purchaser's agent.
- **Derivative.** Any security that has principal and/or interest payments which are subject to uncertainty (but not for reasons of default or credit risk) as to timing and/or amount, or any security which represents a component of another security which has been separated from other components ("Stripped" coupons and principal). A derivative is also defined as a financial instrument the value of which is totally or partially derived from the value of another instrument, interest rate, or index.
- **Discount.** The difference between the par value of a bond and the cost of the bond, when the cost is below par. Some short-term securities, such as T-bills and banker's acceptances, are known as discount securities. They sell at a discount from par and return the par value to the investor at maturity without additional interest. Other securities, which have fixed coupons, trade at a discount when the coupon rate is lower than the current market rate for securities of that maturity and/or quality.
- **Diversification.** Dividing investment funds among a variety of investments to avoid excessive exposure to any one source of risk.
- **Duration.** The weighted average time to maturity of a bond where the weights are the present values of the future cash flows. Duration measures the price sensitivity of a security to changes interest rates.

- Federal Deposit Insurance Corporation (FDIC). The Federal Deposit Insurance Corporation (FDIC) is an independent federal agency insuring deposits in U.S. banks and thrifts in the event of bank failures. The FDIC was created in 1933 to maintain public confidence and encourage stability in the financial system through the promotion of sound banking practices.
- Federally Insured Time Deposit. A time deposit is an interest-bearing bank deposit account that has a specified date of maturity, such as a certificate of deposit (CD). These deposits are limited to funds insured in accordance with FDIC insurance deposit limits.
- **Leverage**. Borrowing funds in order to invest in securities that have the potential to pay earnings at a rate higher than the cost of borrowing.
- Liquidity. The speed and ease with which an asset can be converted to cash.
- **Local Agency Investment Fund (LAIF)**. A voluntary investment fund open to government entities and certain non-profit organizations in California that is managed by the State Treasurer's Office.
- Local Government Investment Pool. Investment pools that range from the State Treasurer's Office Local Agency Investment Fund (LAIF) to county pools, to Joint Powers Authorities (JPAs). These funds are not subject to the same SEC rules applicable to money market mutual funds.
- Make Whole Call. A type of call provision on a bond that allows the issuer to pay off the remaining <u>debt</u> early. Unlike a call option, with a make whole call provision, the issuer makes a lump sum payment that equals the net present value (NPV) of future coupon payments that will not be paid because of the call. With this type of call, an investor is compensated, or "made whole."
- **Margin.** The difference between the market value of a security and the loan a broker makes using that security as collateral.
- **Market Risk.** The risk that the value of securities will fluctuate with changes in overall market conditions or interest rates.
- Market Value. The price at which a security can be traded.
- **Maturity.** The final date upon which the principal of a security becomes due and payable. The investment's term or remaining maturity is measured from the settlement date to final maturity.
- **Medium Term Notes.** Unsecured, investment-grade senior debt securities of major corporations which are sold in relatively small amounts on either a continuous or an intermittent basis. MTNs are highly flexible debt instruments that can be structured to respond to market opportunities or to investor preferences.
- **Modified Duration.** The percent change in price for a 100-basis point change in yields. Modified duration is the best single measure of a portfolio's or security's exposure to market risk.
- **Money Market.** The market in which short-term debt instruments (T-bills, discount notes, commercial paper, and banker's acceptances) are issued and traded.
- **Money Market Mutual Fund.** A mutual fund that invests exclusively in short-term securities. Examples of investments in money market funds are certificates of deposit and U.S. Treasury securities. Money market funds attempt to keep their net asset values at \$1 per share.
- Mortgage Pass-Through Securities. A securitized participation in the interest and

- principal cash flows from a specified pool of mortgages. Principal and interest payments made on the mortgages are passed through to the holder of the security.
- **Municipal Securities.** Securities issued by state and local agencies to finance capital and operating expenses.
- **Mutual Fund.** An entity which pools the funds of investors and invests those funds in a set of securities which is specifically defined in the fund's prospectus. Mutual funds can be invested in various types of domestic and/or international stocks, bonds, and money market instruments, as set forth in the individual fund's prospectus. For most large, institutional investors, the costs associated with investing in mutual funds are higher than the investor can obtain through an individually managed portfolio.
- Nationally Recognized Statistical Rating Organization (NRSRO). A credit rating agency that the Securities and Exchange Commission in the United States uses for regulatory purposes. Credit rating agencies provide assessments of an investment's risk. The issuers of investments, especially debt securities, pay credit rating agencies to provide them with ratings. The three most prominent NRSROs are Fitch, S&P, and Moody's.
- **Negotiable Certificate of Deposit (CD).** A short-term debt instrument that pays interest and is issued by a bank, savings or federal association, state or federal credit union, or state-licensed branch of a foreign bank. Negotiable CDs are traded in a secondary market.
- Primary Dealer. A financial institution (1) that is a trading counterparty with the Federal Reserve in its execution of market operations to carry out U.S. monetary policy, and (2) that participates for statistical reporting purposes in compiling data on activity in the U.S. Government securities market.
- **Prudent Person (Prudent Investor) Rule.** A standard of responsibility which applies to fiduciaries. In California, the rule is stated as "Investments shall be managed with the care, skill, prudence and diligence, under the circumstances then prevailing, that a prudent person, acting in a like capacity and familiar with such matters, would use in the conduct of an enterprise of like character and with like aims to accomplish similar purposes."
- **Repurchase Agreement.** Short-term purchases of securities with a simultaneous agreement to sell the securities back at a higher price. From the seller's point of view, the same transaction is a reverse repurchase agreement.
- **Safekeeping.** A service to bank customers whereby securities are held by the bank in the customer's name.
- Securities and Exchange Commission (SEC). The U.S. Securities and Exchange Commission (SEC) is an independent federal government agency responsible for protecting investors, maintaining fair and orderly functioning of securities markets and facilitating capital formation. It was created by Congress in 1934 as the first federal regulator of securities markets. The SEC promotes full public disclosure, protects investors against fraudulent and manipulative practices in the market, and monitors corporate takeover actions in the United States.
- Securities and Exchange Commission SEC) Rule 15c3-1. An SEC rule setting capital requirements for brokers and dealers. Under Rule 15c3-1, a broker or dealer must have sufficient liquidity in order to cover the most pressing obligations. This is defined as having a certain amount of liquidity as a percentage of the

- broker/dealer's total obligations. If the percentage falls below a certain point, the broker or dealer may not be allowed to take on new clients and may have restrictions placed on dealings with current client.
- **Structured Note.** A complex, fixed income instrument, which pays interest, based on a formula tied to other interest rates, commodities or indices. Examples include inverse floating rate notes which have coupons that increase when other interest rates are falling, and which fall when other interest rates are rising, and "dual index floaters," which pay interest based on the relationship between two other interest rates for example, the yield on the ten-year Treasury note minus the Libor rate. Issuers of such notes lock in a reduced cost of borrowing by purchasing interest rate swap agreements.
- **Supranational.** A Supranational is a multi-national organization whereby member states transcend national boundaries or interests to share in the decision making to promote economic development in the member countries.
- **Total Rate of Return.** A measure of a portfolio's performance over time. It is the internal rate of return, which equates the beginning value of the portfolio with the ending value; it includes interest earnings, realized and unrealized gains, and losses in the portfolio.
- U.S. Treasury Obligations. Securities issued by the U.S. Treasury and backed by the full faith and credit of the United States. Treasuries are considered to have no credit risk and are the benchmark for interest rates on all other securities in the US and overseas. The Treasury issues both discounted securities and fixed coupon notes and bonds.
- **Treasury Bills.** All securities issued with initial maturities of one year or less are issued as discounted instruments and are called Treasury bills. The Treasury currently issues three- and six-month T-bills at regular weekly auctions. It also issues "cash management" bills as needed to smooth out cash flows.
- **Treasury Notes.** All securities issued with initial maturities of two to ten years are called Treasury notes and pay interest semi-annually.
- **Treasury Bonds.** All securities issued with initial maturities greater than ten years are called Treasury bonds. Like Treasury notes, they pay interest semi-annually.
- **Yield to Maturity.** The annualized internal rate of return on an investment which equates the expected cash flows from the investment to its cost.

Owner desires to construct an agricultural structure on the Property and has applied for an Agricultural Building Permit Exemption.

- B. Owner understands and agrees that the exempted agricultural structure can only be used as provided in Amador County Code Chapter 15.04 and that any violation of the conditions under which the Agricultural Building Permit was granted may void the exemption.
- C. As a condition of issuance of the Agricultural Building Permit Exemption, the County requires that the restrictions on the use of the structure and all further obligations of Owner set forth in this Agreement run with the land and be made a matter of public record so that any future purchasers of the property will be made aware of them.
- D. Owner is aware and agrees that this agreement will be recorded in the Amador County Recorder's Office.

NOW, THEREFORE, the parties agree as follows:

- 1. <u>Recitals</u>. The parties acknowledge the truth of the recitals set forth above, which are incorporated into this Agreement.
- 2. Restriction on Use of Agricultural Structure. Owner agrees that in no event shall the exempted agricultural structure be used for any purpose other than to house farm implements, hay, grain, poultry, livestock or horticultural products. The structure shall not be a place of human habitation or a place of employment where agricultural products are processed, treated, or packaged. Employees may only enter the structure on an occasional basis to store or remove equipment or otherwise perform tasks of a limited duration that require infrequent access to the structure. The structure shall not be a place used by the public.

#### Additional Obligations of Owner.

3.1 Owner understands and agrees that despite an exemption from obtaining a permit, the exempted agricultural structure shall be constructed in compliance with Chapter 15.04 of the Amador County Code, and all other applicable laws of Amador County, the State of California and any federal laws that may apply.

- Owner understands and agrees that any violation of this Agreement or other condition under which the Agricultural Building Permit Exemption was granted may, at the County's sole discretion, void the exemption.
- 3.3 Owner acknowledges that if the Agricultural Building Permit Exemption becomes void. Owner shall be required to remove the structure or fully permit the structure (building permit application, plan check, inspection process, etc.) and pay all fees then in effect.
- 3.4 Owner agrees to indemnify the County of Amador and its agents, officers and employees from any claim, action or proceeding against the County or its agents, officers and employees arising from performance or non performance of its obligations under this Agreement.
- 4. County's Remedies Upon Default. Owner acknowledges that any violation of this Agreement shall constitute a public nuisance. Upon any violation of this Agreement, the County may pursue any remedies provided by statute or ordinance. In addition to all other remedies provided by law, Owner further agrees that the County or any governmental entity having jurisdiction may obtain immediate injunctive relief against any use of the agricultural structure that is inconsistent with this Agreement.
- 5. Covenant Running with the Land. Owner agrees that the restrictions and obligations of Owner set forth in this Agreement shall be perpetual and run with the land, binding future owners of the Property, unless and until the exempted agricultural structure is either (i) removed from the property, or (ii) fully permitted by the County.
- 6. No Waiver of Remedies. Failure to exercise any remedy provided for in this Agreement shall not, under any circumstances, be construed as a waiver of the remedy.
- 7. <u>Entire Agreement</u>. This Agreement contains the entire agreement of the parties respecting its subject matter, and supersedes any and all prior discussions, representations, and oral or written agreements, if any, between the parties.

RE:

First Amendment to Agreement with Crestwood Behavioral

Health for Fiscal Year 2023-2024, 2024-2025, 2025-2026

## Background:

The State of California has mandated that County Mental Health Departments must provide residential treatment services to individuals with severe and persistent mental health conditions, who are in need of treatment and are unable to care for themselves in an independent living situation and require a facility that provides psychiatric care in a home environment.

### Key Issue:

If it is determined that an Amador County Behavioral Health client or LPS Conserved client is diagnosed as chronically mentally ill and require a higher level of care that cannot be provided on an outpatient basis at Amador County Behavioral Health, a placement is necessary to provide long term support and care in order to develop independent living skills. Amador County Behavioral Health needs to contract with multiple residential treatment facilities due to limited bed space available for placement throughout California.

### Staff Analysis:

This residential care facility provides room and board, nursing care and special treatment program services. This facility provides geropsych services for clients that are over the age of 65.

Amador County does not have a residential treatment facility in Amador County. Contracting with multiple facilities is needed in order to find an open bed space for placement.

We will reach our maximum of our prior agreement, therefore it needs to be raised. This amendment also extends the dates.

#### SERVICES AGREEMENT

THIS SERVICES AGREEMENT (this "Agreement") is entered into as of Agril 13, 2021 by and between the COUNTY OF AMADOR, a political subdivision of the State of California (the "County") and CRESTWOOD BEHAVIORAL HEALTH, INC., a Delaware Corporation, doing business in the State of California (the "Contractor").

#### RECITALS

- A. Pursuant to Government Code section 31000, County desires to engage assistance to provide the hereinafter set forth special services.
- B. Contractor is in the business of providing Inpatient Mental Health Treatment Services similar to those set forth in this Agreement.
- C. County desires to engage Contractor, and Contractor desires to be hired by County, to perform the work described below, upon the terms and conditions set forth in this Agreement.

NOW THEREFORE, in consideration of the performance of the covenants herein contained, the parties agree as follows:

- 1. <u>SERVICES TO BE RENDERED BY CONTRACTOR</u>. Upon written request by County's Director of Health Services, Contractor will provide Inpatient Mental Health Treatment Services to residents of Amador County referred by the Director of Health Services (the "Work"). The Work is more particularly described on **Attachment A** attached and incorporated by this reference. Contractor shall perform the Work in compliance with all statutes, ordinances, regulations and requirements of federal, state and local governing bodies applicable to the performance of the Work. Without limiting the generality of the foregoing, Contractor agrees to comply with Program Integrity Requirements (42 CFR §438.608) and Beneficiary Problem Resolution Process (42 CFR §438.10(g)(1).
- 2. <u>SERVICES TO BE RENDERED BY COUNTY</u>. County agrees to compensate Contractor in return for performance of the Work as set forth in this Agreement.
- 3. CHANGES IN SCOPE OF SERVICES. Only the Amador County Board of Supervisors has the authority to agree to any extension of time, change order, change in the scope of work, change in the contract price, or other term or condition affecting either Contractor's or County's duties set forth herein. Adjustments in compensation, if any, shall be determined through negotiation between the parties to the Agreement and are subject to approval by the Board of Supervisors. Contractor acknowledges that no County staff person or County officer other than the Board of Supervisors has the power to amend the terms and conditions of this Agreement. Any change not so authorized in advance in writing by the Board of Supervisors shall be null and void.

- 4. <u>TERM; EARLY TERMINATION OF AGREEMENT</u>. The term of this Agreement shall be from July 1, 2021 through June 30, 2024. County reserves the right to terminate this Agreement with or without cause on sixty (60) days prior written notice to Contractor. In the case of such early termination, Contractor shall be paid for all services satisfactorily rendered up to the effective date of termination, up to the maximum fee prescribed for any task.
  - 4.1 County shall have the right to terminate this Agreement upon three (3) days written notice in the event that the receipt of funds from the State is reduced, suspended, or terminated for any reason. Contractor hereby expressly waives any and all claims against County for damages arising from said termination, suspension, or reduction of funds. County shall honor all legitimate obligations incurred by Contractor if the Agreement is terminated by activating this clause.

#### 5. COMPENSATION TO CONTRACTOR; PAYMENT.

- 5.1 Contractor shall be paid for services rendered in accordance with the fee schedule set forth on **Attachment B** attached and incorporated by this reference. Daily Rate shall be inclusive of all services defined in this Agreement, except for transportation services on the day of admission and discharge to and from Contractor's facility, physician services, pharmacy, and other ancillary medical services. Other rates for special circumstances, besides those listed in Attachment B, may be agreed to in writing by the Behavioral Director and the individual program's administrator. Maximum Daily Rate may be increased for FY 2022-23 & FY 2023-2024, based on Crestwood's operating needs and subject to County approval. In no event shall compensation to Contractor exceed for any portion of the Work the amounts set forth on **Attachment B**.
- 5.2 County shall make payment to Contractor within thirty (30) days of the invoice for payment, based upon the services described on the invoice and in an amount properly allowed by the County.
- 5.3 In the event Contractor claims or received payment from County for a service for which reimbursement is later disallowed by County, state or federal agencies, Contractor shall promptly refund the disallowed amount to County upon request or, at County's option, County may offset the amount disallowed from any payment that is due or becomes due to Contractor under this Agreement or any other agreement.
- 5.4 Contractor shall provide a completed W-9 to the Auditor's Office. No payments shall be issued prior to submission of this form.

#### 6. SUPERVISION OF THE WORK.

6.1 Contractor shall supervise and direct the Work, using Contractor's best skill and attention. Contractor shall be solely responsible for all methods, techniques, sequences and procedures, and shall coordinate all portions of the Work. County will deal only

- through Contractor, who shall be responsible for the proper execution of the entire Work.
- 6.2 Contractor shall be responsible to County for the acts and omissions of Contractor's employees, subcontractors, and their agents and employees, and any other persons performing any of the Work under a contract with Contractor.
- 6.3 Contractor shall assign only competent personnel to perform any portion of the Work. If at any time County, in its sole discretion, desires the removal of any person or persons assigned by Contractor to perform the Work, Contractor shall remove such person or persons immediately upon receiving written notice from County. If any person is identified in this Agreement (or any attachment hereto), Contractor shall not remove, replace, substitute, or otherwise change any key personnel without the prior written consent of County.
- 6.4 A subcontractor ("Subcontractor") is a person or organization that has a direct contract with Contractor to perform any of the Work. Contractor agrees that it is as fully responsible to County for the acts and omissions of Subcontractors and of persons either directly or indirectly employed by Contractor as it is for the acts and omissions of persons directly employed by it. Nothing contained in this Agreement or any other document associated with the performance of the work shall create any contractual relation between any Subcontractor and County.
- 6.5 Contractor agrees to bind every Subcontractor and every Subcontractor agrees to be bound by the terms of this Agreement as to that portion of the Work performed by Subcontractor, unless specifically noted to the contrary in a subcontract approved in writing by County. Subcontractor agrees to be bound to the Contractor by the terms of this Agreement and to assume toward Contractor all of the obligations and responsibilities that the Contractor assumes toward County. Contractor agrees to be bound to the Subcontractor by all of the obligations that County assumes to Contractor under this Agreement as to the portion of the Work performed by Subcontractor.
- 7. <u>CONFERENCES</u>, <u>VISITS TO SITE</u>, <u>INSPECTION OF WORK</u>. In the event it should become necessary for the State or County to hold any conference or visit the site of the proposed work, as a part of any such conference, Contractor shall cooperate fully with the parties involved and shall arrange for qualified representatives of Contractor, upon request of County, to attend any such conference or visit to the site as a part thereof.
- 8. <u>ASSIGNMENTS</u>. Neither party may assign, sublet, or transfer its interest in this Agreement without the written consent of the other.
- 9. CONTRACTOR NOT EMPLOYEE OF COUNTY. It is understood that neither Contractor nor any employee of Contractor is acting hereunder as an employee of County, but solely as an independent contractor. Contractor, by virtue of this Agreement, has no authority to bind or incur any obligation on behalf of County. Except as expressly provided in this Agreement, Contractor has no authority or responsibility to exercise any rights or power vested in County. It is understood by both Contractor and County that this Agreement shall

not under any circumstances be construed or considered to create an employer-employee relationship or a joint venture.

### 10. LICENSES, PERMITS, ETC; SANCTIONED EMPLOYEES.

- 10.1 Contractor represents and warrants to County that it and all of its employees providing services under this Agreement have all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required for Contractor to practice its profession and to perform the Work. Contractor represents and warrants to County that Contractor shall, at its sole cost and expense, keep in effect at all times during the term of this Agreement any license, permits, and approvals that are legally required for Contractor and its employees to practice its profession and perform the Work. Contractor further represents and warrants to County that any Subcontractor engaged by Contractor to perform a portion of the Work shall similarly possess all licenses, permits, qualifications, and approvals of whatsoever nature that are legally required for the Subcontractor to perform the portion of the Work that is the subject of the subcontract at issue.
- 10.2 Contractor shall immediately notify County in the event Contractor or any of its employees, volunteers, interns, subcontractors or providers retained in any capacity by Contractor is under investigation by a licensing board, is found to be in violation of any rules or regulations of the licensing board, or is the subject of a disciplinary action.
- 10.3 Contractor shall not employ in any capacity or retain as a subcontractor any individual or entity that is listed on either the Suspended and Ineligible Contractor List published by the California Department of Health Services, or any debarment list published by the Federal Office of the Inspector General with regard to Medicaid or Medicare programs. Contractor shall review at least monthly, pursuant to (42 CFR 455.436), any such lists to confirm the status of Contractor's then current employees or subcontractors. If Contractor does employ or subcontract with an individual or entity on any such lists, Contractor shall be fully responsible for any associated penalties, sanctions, losses or damages that may be imposed on County therefor.
- 11. <u>INSURANCE</u>. Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees. Within **five (5)** business days of award of the Bid to Contractor, Contractor shall furnish to County satisfactory proof that Contractor has the following insurance:
  - 11.1 Minimum Scope and Limit of Insurance: Coverage shall be at least as broad as:
    - 11.1.1 Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$1,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall

- apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.
- 11.1.2 Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.
- 11.1.3 Workers' Compensation insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease.
  - (If Contractor has no employees a Certificate of Exemption from Worker's Compensation Laws must be completed using the County's form and submitted with all other insurance documents).
- 11.1.4 Professional Liability (Errors and Omissions) Insurance appropriate to the Contractor's profession, with limit no less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate.

Broader Coverage/Higher Limits: If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the County.

# 11.2 The insurance policies are to contain, or be endorsed to contain, the following provisions:

- 11.2.1 Additional Insured Status: The County, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).
- 11.2.2 <u>Primary Coverage</u>: For any claims related to this contract, the Contractor's insurance coverage shall be primary insurance primary coverage at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.
- 11.2.3 <u>Notice of Cancellation:</u> Each insurance policy required above shall state that coverage shall not be canceled, except with notice to the County.

- 11.2.4 <u>Waiver of Subrogation:</u> Contractor hereby grants to County a waiver of any right to subrogation which any insurer of said Contractor may acquire against the County by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
- 11.3 <u>Self-Insured Retentions:</u> Self-insured retentions must be declared to and approved by the County. The County may require the Contractor to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or County.
- 11.4 <u>Acceptability of Insurers:</u> Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the County.
- 11.5 <u>Claims Made Policies:</u> If any of the required policies provide coverage on a claims-made basis:
  - 11.5.1 The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
  - 11.5.2 Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.
  - 11.5.3 If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.
- 11.6 Verification of Coverage: Contractor shall furnish the County with Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to County before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The County reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time. Certificates and endorsements shall refer to the Project or Work. Certificates of Insurance shall list the Certificate Holder as: County of Amador, 10877 Conductor Blvd Suite #300, Sutter Creek CA 95685. Contractor shall provide all insurance documentation to the Contract Administrator.

- 11.7 <u>Subcontractors:</u> Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that County is an additional insured on insurance required from subcontractors.
- 11.8 <u>Special Risks or Circumstances:</u> County reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.
- 12. INDEMNIFICATION. Contractor will indemnify, reimburse, hold harmless and defend County, its officers, agents, or employees from any and all liability, damages, loss, costs, and obligations, including court costs and reasonable attorney's fees, arising out of any claim, suits, judgments, loss, or expense occasioned by, but not limited to, injury or death of any person or persons, or loss or damage to any property, resulting from the act or omission of Contractor, in connection with performance of this Agreement. County will indemnify, reimburse, hold harmless and defend Contractor from any and all liability, damages, loss, costs, and obligations, including court costs and reasonable attorney's fees, arising out of any claim, suit judgment, loss, or expense occasioned by, but not limited to, injury or death of any person or persons, or loss or damage to any property, resulting from the act or omission of County, its officers, agents, or employees in connection with the performance of this Agreement.

### 13. DOCUMENTS AND RECORDS.

- 13.1 Contractor shall keep and maintain full and complete documentation and accounting records concerning the Work. Records shall include without limitation all medical records, accounting records and administrative record related to services provided hereunder. Contractor shall preserve these records for a period of at least ten (10) years following the close of the County fiscal year in which the services were rendered; provided, however, that if an audit has been started, records must be retained until completion and final resolution of any and all issues that may arise. Final settlement shall be made at the end of the audit and appeal process. All accounting records shall be maintained so that they clearly reflect the source of funding for each type of service for which reimbursement is claimed by Contractor. Accounting records include without limitation ledgers, books, vouchers, time sheets, payrolls, appointment schedules, client data cards and schedules for allocating costs.
- 13.2 Contractor shall permit County and any authorized state or federal agency to audit, inspect and copy all records, notes and writings of any kind in connection with the Work, to the extent permitted by law, for the purpose of monitoring the quality and quantity of services, accessibility and appropriateness of services, and ensuring fiscal accountability. All such audits, inspections, and copying shall occur during normal business hours. Upon request, Contractor shall provide copies of such records to County. Where required by law, Contractor shall obtain necessary releases to permit County or other governmental or accrediting agencies to access patient medical records.

- 13.3 Contractor shall provide to County a copy of any audits performed with respect to the Work no later than thirty (30) days after completion of the audit report. Contractor shall include in any agreement(s) with auditing firms a clause that will allow access by County and state and federal agencies to the working papers of the external independent auditor.
- 13.4 If Contractor is a Medi-Cal provider, Contractor shall provide a copy to County of any year-end cost report documenting actual contract expenditures funded by this Agreement.
- 13.5 Upon completion or termination of this Agreement, County shall be entitled to immediate possession of, and Contractor shall furnish, on request, any plans, correspondence and other pertinent data gathered or prepared by Contractor for the Work prior to termination. Contractor may retain copies of such original documents for Contractor's files.

### 14. NON-DISCRIMINATION; CULTURAL COMPETENCY; RESIDENCY.

- 14.1 Contractor shall provide all services under this Agreement without discrimination, and shall not discriminate against any employee or applicant for employment, on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation. Contractor will comply with Section 1735 of the Labor Code and all provisions of Executive Order No. 10925 of March 6, 1961, as amended, and all rules, regulations and relevant orders of the President's Committee on Equal Opportunity created thereby. Contractor shall also comply with the California Fair Employment and Housing Act (Government Code, Section 12900 and following).
- 14.2 County residency is a basic eligibility requirement for services rendered under this Agreement; however, transients referred by County in an emergency or persons in involuntary status may also be provided services if requested by County and approved by Contractor.
- 15. ALCOHOL-FREE AND DRUG-FREE WORK PLACE POLICY. While performing any services pursuant to the Agreement, being present on any County property, or using County equipment, the Consultant, its employees, subcontractors and agents (1) shall not be in any way impaired because of being under the influence of alcohol or a drug; (2) shall not possess, consume, or be under the influence of alcohol and/or an illegal drug; and (3) shall not sell, offer, or provide alcohol or an illegal drug to another person.
  - 15.1 If Consultant, or any employees, sub-contractors, or agents violate any of the above provisions, the County may terminate the Agreement immediately.

16. <u>HIPAA COMPLIANCE</u>. The parties acknowledge the existence of the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations ("HIPAA"). Amador County Health Services Department, Behavioral Health Division("ACHSD") is an entity covered by HIPAA [45 C.F.R. Parts 160, 162, and 164], and County is a "hybrid entity" under HIPAA. Contractor, a health care provider as defined in HIPAA (45 C.F.R. § 160-103), is also a Covered Entity. Each Covered Entity hereby represents that they are and shall remain in compliance with the rules and regulations of said Act as required by law. Therefore, pursuant to 45 C.F.R. § 164-502(e)(1)(ii)(A), Covered Entity and Contractor are not required to enter into a separate business associate agreement. Although not presently required, to the extent that it may in the future become mandatory that the parties execute a business associate agreement pursuant to HIPAA, such an agreement shall be executed and made part hereof. Failure or refusal of a party to execute a business associate agreement when required by law shall constitute a basis for termination of this Agreement in its entirety.

The Contractor shall, immediately upon discovery of an unauthorized disclosure or breach of privacy and/or security of Personal Identifiable Information and/or Protected Health Information by Contractor, notify County of such breach within 1 business day of discovery at (209) 223-6412. Contractor shall take prompt corrective action to cure any deficiencies and any action pertaining to such unauthorized disclosure required by Federal and State laws and regulations. Contractor shall investigate such breach and provide a written report of the investigation to the Privacy Officer, postmarked within fifteen (15) working days of the discovery of the breach to the following address:

HIPAA Privacy Officer, Amador County Health Services Department,
Behavioral Health Division
10877 Conductor Blvd, Suite 300, Sutter Creek, CA 95685

In the event the County is obligated to pay any costs associated with an unauthorized disclosure or breach of privacy and/or security of Personal Identifiable Information and/or Protected Health Information by Contractor, Contractor shall pay on County's behalf any and all such costs arising.

17. <u>NOTICES</u>. for as long as the Business Associate, or any of its agents or subcontractors, maintains such PHI for the purposes that make return or destruction infeasible.

- 12. <u>Termination of Agreement</u>. If the Covered Entity determines that the Business Associate has violated a material term of this BAA, the Covered Entity is authorized to terminate the Agreement.

**DATE:** January 9, 2024

TO: Amador Board of Supervisors FROM: Amador Fire Safe Council

**SUBJECT:** Letter of Support for Grant Application

The Amador Fire Safe Council (AFSC) is requesting a letter of support for a planning grant application we will be submitted in early January. Attached is the draft letter of support for your consideration. Following is a brief summary of the project:

Developing the county-wide Community Wildfire Protection Plan (CWPP)

A Community Wildfire Protection Plan (CWPP) is a crucial document for community planning as well as receiving grant funding. The Amador Fire Safe Council will work with fire-mitigation groups, stakeholders, and community members to develop/update the CWPP with funding from the Calfire Wildfire Protection Planning grant solicitation.

What is a Community Wildfire Protection Plan (CWPP):

- (1) Collaboration: A CWPP must be collaboratively developed by local and state government representatives, in consultation with federal agencies and other interested parties.
- (2) Prioritized Fuel Reduction: A CWPP must identify and prioritize areas for hazardous fuel reduction treatments and recommend the types and methods of treatment that will protect one or more at-risk communities and essential infrastructure.
- (3) Treatment of Structural Ignitability: A CWPP must recommend measures that homeowners and communities can take to reduce the ignitability of structures throughout the area addressed by the plan.

Thanks so much for consideration of our request.

Re: 23-WP-AEU 59180688 Amador County Wildfire Protection Plan Project

Dear Ms. Watson:

The County of Amador is pleased to voice its support for the Wildfire Fire Prevention Planning Grant the Amador Fire Safe Council (AFSC) is pursuing. We understand that grant funds will be used to update the Amador County Wildfire Protection Plan (CWPP). A well prepared and thoughtful CWPP is critical to future coordinated fire prevention planning in Amador County. The current CWPP is out of date and needs updating. This funding will provide the AFSC with the resources needed to plan and develop a CWPP that represents the needs county-wide. Amador County will continue to work closely with the Amador Fire Safe Council as this document is updated.

This grant will provide the funds to inspire truly grassroots efforts throughout the county. The AFSC has been working with local communities and partners on county-wide planning of projects and this same effort will be brought to the CWPP development process.

Good luck with your pursuit of this grant. Please keep us advised as to the progress on this important planning effort.

Sincerely,

Brian Oneto, Chair Amador County Board of Supervisors

To: Amador County Board of Supervisors

From: Anne Watts, Director, Amador County Department of Social Services

Re: Revisions to the Memorandum of Understanding Required by AB 2083 for the Integration

of Services for Youth in Foster Care

The California Legislature has identified the need for a System of Care approach for serving foster youth who have experienced severe trauma and who interact with multiple systems and programs, including child welfare or probation, public education, county behavioral health, and local regional centers. Navigating these various systems can be challenging for foster youth and their families.

AB 2083 required that each County develop and implement a Memorandum of Understanding (MOU) outlining the roles and responsibilities of the various local entities that serve children and youth in foster care who have experienced severe trauma and establishing an Interagency Leadership Team. Amador County's MOU was created in partnership with the Amador County Department of Social Services, Behavioral Health Department, and Juvenile Probation along with the Amador County Unified School District, the Amador County Office of Education, the Amador County Superior Court, and the Valley Mountain Regional Center. The goal of the MOU is to address systemic barriers to the traditional provision of interagency services. The MOU supports the structure and processes of each partner agency and provides a framework that guides the operations, activities, decisions, and direction of each of the partner agency employees regarding children, youth, and family programming. The Amador County Board of Supervisors approved the original MOU on April 27, 2021.

AB 153 requires that each county establish a process through tribal consultation with the federally recognized Tribes to engage and coordinate regarding the ongoing implementation of the MOU required by AB 2083. The MOU has been revised to include this process. Additions to the MOU are in red in the attached document. The Interagency Leadership Team is committed to engaging with local Tribes to maximize access to culturally appropriate services and placements.

<u>RECOMMENDATION:</u> It is recommended that the Board of Supervisors approve the revised Amador County System of Care for Children and Youth Memorandum of Understanding (AB 2083).

### **Amador County, California**

### System of Care for Children and Youth

### **Memorandum of Understanding**

(AB 2083)

### **Purpose**

The goal of this Memorandum of Understanding (MOU), pursuant to Assembly Bill 2083, is to address systemic barriers to the traditional provision of interagency services. AB 2083 requires each county in the state of California to develop and to implement an MOU outlining the roles and responsibilities of the various local entities that serve children and youth in foster care who have experienced severe trauma.

Amador County's Interagency Leadership Team (ILT), defined below, is responsible for ensuring systems partners' programs and policies reflect a coordinated, integrated, and effective delivery of services for children and families. The ILT will provide guidance, advice, and input to a broad range of programs for children and families, as requested by public and private agencies. The ILT will fully support the structure and processes contained in this MOU and will provide the framework that will guide each agency's operations, and the activities, decisions and direction of each of their employees regarding programs and services.

#### Vision and Mission

<u>Vision:</u> All children, adults, and families in Amador County will be self-sufficient in keeping themselves, their children and their families SAFE, HEALTHY, AT HOME, IN SCHOOL OR EMPLOYED, OUT OF TROUBLE, AND ECONOMICALLY STABLE.

The ILT establishes and oversees the execution of the MOU.

Valley Mountain Regional Center (VMRC)

The Parties agree to have at least one representative participate as a member of the ILT.

- C. Additionally, the ILT agrees to meet if/when any member identifies a need to do so. Meetings may be held virtually or at an agreed upon location. All ILT members are welcome to add items, including the need for Tribal coordination and/or consultation on a program, policy, or project, to meeting agendas.
- F. ILT decisions will be made by consensus. However, if consensus cannot be reached, decisions may be made by a simple majority vote of the ILT members present, with each ILT agency having one vote.
- G. Annually, the ILT will select one member who will act as Chairperson who will be responsible for coordinating and scheduling meetings (including Tribal consultations), securing the meeting venue, recording minutes, distributing minutes to the ILT members, and following up on the status of action items in between meetings. The Chairperson will be responsible for recording decisions during the meetings and identifying responsible parties for following through on those decisions.
- H. One ILT member will be selected to be the Tribal Liaison. The Tribal Liaison is designated to act as the ILT's representative in matters pertaining to this MOU. The Tribal Liaison shall be responsible for ensuring that the system of care programs are engaging with Tribes consistent with this MOU.
- I. Tribal Consultation: The ILT is committed to engaging and coordinating with Amador County's Tribes in the ongoing implementation of this MOU. The ILT will consult with Tribes before taking any action related to program or policy development, to the greatest extent practicable and permitted by law. Consultation will begin at the earliest possible phases of a project or program planning and continue through each phase of development

and implementation. This meaningful collaboration will recognize and respect diverse tribal customs and traditions.

- **a.** Outreach: The ILT shall consult with Tribes and make relevant information available at the earliest possible time and allow a reasonable opportunity for Tribes to respond and substantively engage in planning.

- c. Consultations: Means of consultation include but are not limited to one or more of the following as appropriate to the subject of the consultation: mailings, e-mail, teleconference, face to face meetings, roundtables, other regular or special ILT meetings. The ILT will communicate and collaborate with Tribes in a manner that is timely and respectful.
- **d.** Timely Notice: The ILT recognizes that Tribes have their own internal processes to negotiate. Contact with Tribes shall be initiated as early and as promptly as possible to provide ample time for Tribes to have substantive input. In the event of an emergency, such as a state of emergency declared by the Governor, the ILT Liaison will contact the Tribal Representative as soon as possible and provide a summary of the actions and potential impacts.
- **e.** Funding: To the extent that ILTs have funding allocated to support Tribal consultation, any such funding may be accessible to Tribes who engage in consultation to support their travel, time, and other costs related to the consultation process. ILTs should include funding availability, if any, in the notice of consultation.
- J. At least annually, the ILT shall invite members of the Interagency Placement Committee (IPC) to join an ILT meeting to provide updates on processes, challenges, and successes.
- K. Other community providers may be invited to meetings upon agreement of the ILT to report on program issues, progress, barriers, and outcomes.

### Part Two: INTEGRATED CORE PRACTICE MODEL (ICPM)

The ICPM articulates the shared values, core components, and standards of practice reflecting current research that demonstrates how collaborative and integrated family services work best in meeting the complex needs of children, youth, non-minor dependents, and families involved with state and county agencies. The ICPM shall be incorporated into every aspect of this Agreement.

The ICPM provides evidence-informed practices and principles in support of effective child/youth and family engagement. The ICPM includes listening authentically, expressing understanding, cultural humility and empathy, using solution-focused questions to understand better the strengths and needs of each family, and looking for and using opportunities to honor each family's voice. This includes discussions of culture and inquiry into the family's tribal affiliation.

### A. All Parties to this Agreement will:

- 1. Become familiar with the ICPM framework and will adopt the values, principles, and practices of the ICPM.
- 2. Utilize the standards of the ICPM in committing timely, effective, and collaborative services to children, youth, and families.
- 3. Promote and provide services which are outcome focused, family centered, strength-based, culturally proficient, evidence informed, comprehensive, and integrated to the extent possible by a single service plan and which encourage families to use their own resources to resolve problems.
- 4. Commit to training all Parties' staff and appropriate contracted partners in the ICPM framework.
- 5. Arrange for initial and on-going training to include staff from all Parties to build interagency rapport and collaboration.

### B. All Parties will include the following language in contracts with appropriate partners:

The Integrated Core Practice Model is a statewide effort that sets practices and principles for children/youth served by both the child welfare and the mental health system that promotes a set of values, principles, and practices that is meant to be shared by all who support children/youth and families involved in the child welfare system, including, but not limited to education, probation, regional centers, drug and alcohol services, and other health and human services agencies or legal systems with which the child/youth is involved. Contractor will collaborate and communicate with partner agencies utilizing the values of Integrated Court Practice Model Practice Behaviors, attached and herein incorporated as Attachment 1.

### Part Three: INFORMATION AND DATA SHARING

- A. All Parties agree, to the fullest extent allowed by law, to share necessary and relevant client specific information in order to conduct treatment, coordinate care, and ensure the highest quality care is available to youth. The ILT prioritizes information sharing between the Parties so that delays in service delivery are minimized.
- B. AB 2083 provides that:
  - 1. Members of the ILT may disclose and exchange information with one another that may be designated as confidential under state law if the member of the team having that information reasonably believes it is generally relevant to the identification, reduction, or elimination of barriers to services for, or to placement of, children and youth in foster care or to improve provision of those services or those placements.
  - 2. Members of the ILT who receive disclosed or exchanged information/documents shall destroy or return that information/document once the purpose for which it was disclosed or exchanged is satisfied. Any information or document disclosed or exchanged shall be confidential and shall not be open to public inspection, unless the information or writing is aggregated and de-identified in a manner that prevents the identification of an individual who is a subject of that information or writing. Any

- discussion concerning the disclosed or exchanged information or writing during a team meeting shall be confidential and shall not be open to public inspection.
- C. Members of the Interagency Placement Committee (IPC), child multi-disciplinary team (MDT), or Child and Family team (CFT) that is convened for the purpose of implementing the provisions of this MOU shall comply with applicable statutory confidentiality provisions for that committee or team.
- D. Parties will adopt confidentiality standards consistent with and authorized by California Welfare and Institutions Code (WIC) Section 18986.46 and WIC 10850 consistent with its integrated family-centered approach.
- E. The Amador County Exchange of Information form will be utilized across all partner agencies.
- F. Parties will coordinate data collection, data exchange and filing of documents, including electronic filing between courts, social services agencies, and other key partners and track data that permits them to measure performance.

### Part Four: SCREENING, ASSESSMENT, AND ENTRY TO CARE

- A. All Parties follow their own distinct processes and tools to determine eligibility for their agency's services.
- B. All Parties' leadership teams shall:
  - 1. Be aware of and understand the existing screening, assessment, and entry to care procedures of other partners serving youth.
  - 2. Assure that each of these screening systems coordinate with each other, share client information cooperatively to help facilitate assessment and entry to care or to expedite eligibility into the system.
  - 3. Agree to ensure that necessary and legal timelines for services are met and to proactively prevent delays in determination of client eligibility for and access to services.
  - 4. Make efforts to reduce the number of meetings for the child/youth and family to assist in service planning, and the parties agree to conduct joint meetings whenever feasible.
  - 5. Share family, relative, and non-related extended family member information with appropriate releases to support familial connections and potential placement options.
  - 6. Provide an in-service training to all ILT members and stakeholders regarding the screening, assessment, and entry to care eligibility requirements and criteria for each agency. All Parties will attend.
  - 7. Initiate referrals for mental health assessments for children/youth without an identified mental health assessment or treatment plan.
- C. The Child and Adolescent Needs and Strengths (CANS) tool will be utilized as part of the Child and Family Team (CFT) meeting process to assist in determining services and/or placement of children/youth in the lowest possible level of care. In addition to CANS, all Parties will continue to utilize assessment tools deemed appropriate and beneficial to their agency.

### Part Five: CHILD AND FAMILY TEAMING (CFT)

Services for children and families are most effective when delivered in the context of a single, integrated team that includes the child or youth, his or her family, natural and community supports, and professionals. The Child and Family Team (CFT) process is key to supporting the well-being of children, youth, and families served by public agencies and their partners. It is based on the belief that children, youth, and families have the capacity to resolve their problems if given sufficient support and resources to help them do so.

The process begins when a child/youth enters foster care, and a child welfare social worker or juvenile probation officer engages with the child/youth and his or her family and then uses a variety of strategies to identify other team members, the child or youth's strengths, the child, youth, and family's concerns, and a plan to help achieve positive outcomes for safety, permanency, and well-being. This strengths-based approach to practice recognizes that families are experts in their own lives, and they can achieve success when they have an active role in creating and implementing solutions.

- A. The agency with legal jurisdiction will convene, facilitate, and document the CFT meetings to provide a single, unified teaming process for all youth in care.
- B. A CFT meeting shall be conducted by the placing agency as soon as possible, but no more than 30 days from the child/youth's entry into care to address case planning for the youth while in placement. Reconvening of the CFT will occur every 6 months thereafter, upon changes to the child's needs or circumstances, and whenever requested until exit from care.
- C. Potential attendees at CFT meetings may include: child/youth, family, identified family support persons, CFT facilitator, social worker, probation officer, mental health clinician, Valley Mountain Regional Center staff, education representatives, foster family agency staff, resource parents, Short Term Residential Therapeutic Program (STRTP) staff, Court Appointed Special Advocates, Tribal partners, alcohol and drug services counselors, and Welfare to Work staff.
- D. When the child/youth has or may have a developmental disability, Valley Mountain Regional Center will participate in the CFT meeting.
- E. Parties to this agreement who attend CFT meetings will actively participate to maximize planning, resources, quality and timeliness of services, and child/youth/family engagement.

### Part Six: INTERAGENCY PLACEMENT COMMITTEE (IPC)

The Interagency Placement Committee (IPC) is a multi-agency, multi-disciplinary team that supports children and youth, including Non-Minor Dependents (NMD), with significant behavioral, emotional, medical and/or developmental needs through a collaborative review process whereby a child/youth/NMD's treatment and placement needs are determined. The IPC reviews available assessments/evaluations, treatment information, and other relevant information related to the child/youth/NMD's history and needs. The primary purpose of the IPC is to review and to approve the initial and continued treatment of youth in an STRTP consistent with state law. Placement of any child/youth into an STRTP must be approved by an IPC that has considered the recommendation of the Child and Family Team. The IPC assessment shall determine or confirm whether the child/youth/NMD meets medical necessity criteria for Medi-

Cal specialty mental health services and/or the youth's individual behavior or treatment needs can only be met by the level of care provided in an STRTP, and not a lower level of care.

- A. The Amador County Children's Multi-Disciplinary Team serves as the IPC. The MDT meets weekly and is available to serve in its IPC capacity each week as needed.
- B. At a minimum, members of the MDT include representatives from:

Amador County Alcohol and Drug Services

**Amador County Child Protective Services** 

**Amador County Juvenile Probation** 

Amador County Office of Education and/or Amador County Unified School District

**Amador County Mental Health** 

Amador Tuolumne Community Action Agency

Nexus Youth and Family Services

Sierra Child and Family Services

Valley Mountain Regional Center, when the child/youth has or may have a developmental disability.

Tribal Representative, when applicable

- C. The IPC will select a member who will facilitate the meeting agenda as well as communication between the Parties outside of the scheduled meetings.
- D. Each participant in the IPC will be responsible for bringing information to the IPC meeting related to the child/youth/NMD's history, records, assessments, evaluations, and needs known to the member's agency and will actively participate in the IPC discussion and recommendation. All participants shall review and consider all material and information received.
- E. The IPC will:
  - 1. Review requests for out of home placement, including level of care and services, considering all options for the child/youth and recommending the lowest level of care that is appropriate to meet the needs of the child/youth.
  - 2. Identify supports for the child/youth and families when the child/youth is between placements.
  - 3. Determine the appropriate therapeutic treatment for the child/youth.
  - 4. Monitor all children/youth in STRTP placements to support their transition upon completion of treatment in the STRTP.
- F. Make recommendations, in writing, for the lowest level of care appropriate for the child/youth. If the recommendation for out of home placement is made, the placing agency will utilize the lowest level of care possible to not exceed the recommended level of care proposed by the IPC.

- G. The IPC agrees to be responsive with support, resources, and strategies as solutions to placement are explored. The IPC is solution focused and agrees to proactively help the placement agency to locate appropriate placements in a timely manner.
- H. IPC recommendations will be made in writing, signed by each participating agency designee, and will be provided to the placement agency.

### Part Seven: ALIGNMENT AND COORDINATION OF SERVICES

- A. All Parties agree to work collaboratively to engage and to surround the child and family with needed services, resources, and supports while avoiding duplication of services and minimizing confusion felt by families. The ICPM, ILT, CFT, and IPC play important roles in the process of coordinating services that are fully inclusive of multiple partners.
- B. All parties shall follow the guiding principles of alignment and coordination of services, including:
  - 1. Identification of the specific needs and strengths of the child/youth and their family.
  - 2. Identification of services and community supports that the child/youth and their family require to address the challenges they face as a result of their needs.
  - 3. Identification of which partner agency, or agencies, can provide these services and community supports to address the needs of the child/youth and their family.
  - 4. Development of a care plan that considers the child/youth and family's voice and choice and provides them with realistic supports to address their needs in a timely and appropriate manner.

- C. All parties will commit to on-going mutual training to assist with alignment and coordination efforts.
- D. ILT members will review the availability, policies and procedures, practices, and effectiveness of the services available in the community to increase alignment and will maintain a compilation of educational, health, mental health, and child welfare program options available.

### Part Eight: STAFF RECRUITMENT, TRAINING, AND COACHING

- A. All Parties agree to recruit, establish, support, coach, and maintain highly trained and competent staff teams.

- C. All Parties commit to training staff on trauma-informed care and collaborative work across county agencies to improve outcomes for children, youth, and families. This includes that ILT members will support the work and vision of Resilient Amador.
- D. All Parties commit to training staff from other partner agencies on their processes, eligibility requirements, and service availability. Whenever feasible, new staff from participating agencies will be trained together to allow for consistency and team building between agencies. It is important that partner agencies have an understanding of each other's services in order to be able to participate effectively in Child and Family Team, Individualized Education Plan, School Attendance Review Board, Interagency Placement Committee, Intensive Care Coordination, and Children's Multi-Disciplinary Team meetings.
- E. Each Agency shall provide coaching to staff to help with the transfer of learning to practice and the continuation of skill building.

### Part Nine: FINANCIAL RESOURCE MANAGEMENT

- B. All Parties commit to leverage resources of each eligible child/youth to increase appropriate and timely care and services to meet the unique needs of the child/youth and their family.
- C. All Parties commit to informing all other Parties of federal, state, local, and private resources known to that agency that are available to the child/youth and their family, and to families in general. This includes cross training on financial statutes and regulations to reduce antiquated processes and misinterpreted statutes and regulations.
- D. All Parties agree to reinvest any fiscal savings, as permitted, into identified gaps in services, or early intervention, prevention, and wraparound programs, in order to avoid, if possible, the out of home placement of children and youth.
- E. The Parties will communicate with one another to avoid duplication of services and payment.

### **Part Ten: DISPUTE RESOLUTION PROCESS**

- A. All Parties agree to resolve disputes at the lowest staffing level possible. Disputes shall first be reviewed by applicable Party supervisors. If resolution cannot be made at the supervisor level, disputes shall proceed up the chain of command within the applicable agencies, ending with the ILT, until resolution occurs. If resolution cannot be made by the ILT after all potential resources have been exhausted, the ILT shall request the State Children and Youth System of Care Technical Assistance team to assist in recommending a resolution.
- B. ILT decisions will be made by consensus. However, if consensus cannot be reached, decisions may be made by a simple majority vote of the ILT members, with each ILT agency having one vote.

- B. All Parties agree to have on-going communication with Resource Families regarding service availability, the needs of the children/youth placed in their care, and training opportunities.
- C. In line with the ICPM, all Parties agree to support Resource Families by listening authentically, expressing understanding, cultural humility and empathy, using solution-focused questions to understand the strengths and needs of the family, and looking for and using opportunities to honor each family's voice.
- D. All Parties will support Resource Families in the delivery of high quality, trauma-informed care to children and youth.
