COUNTY OF AMADOR
STATE OF CALIFORNIA

CONFLICT OF INTEREST CODE

The Political Reform Act (Government Code §81000 *et seq.*) requires state and local government agencies to adopt and promulgate conflict of interest codes. The Fair Political Practices Commission has adopted a standard conflict of interest code, contained in 2 California Code of Regulations §18730, that can be incorporated by reference in an agency's code. The Fair Political Practices Commission, after public notice and hearing, may amend section 18730 to conform to amendments in the Political Reform Act.

The terms of 2 California Code of Regulations section 18730, incorporated herein by reference, and any amendments to that regulation duly adopted by the Fair Political Practices, together with the attached Appendices I and II, in which officials and employees (together referred to as "designated employees") are designated and disclosure categories are set forth, constitute the Conflict of Interest Code for the County.

Employees holding designated positions shall file their statements of economic interest with the County. All statements will be retained by the County and will be made available for public inspection and reproduction. (Government Code section 81008). The positions listed in Appendix II are the designated employees and are required to file statements at such times required by regulation, 2 California Code of Regulations section 18730, which includes upon appointment, annually, and upon termination.

The disclosure categories set forth in Appendix I specify which kinds of economic interests shall be reported. All designated employees shall disclose those economic interests described in the disclosure category to which they are assigned. It has been determined that the economic interests set forth in each designated position are the kinds of economic interests which it is foreseeable the employees could materially affect through their conduct of their departments.

The County Administrative Officer, or his designee, shall provide the proper forms to designated employees of the County. All designated employees shall file statements of economic interest with the County Elections Official, or his or her designee. The County, consistent with all approvals required and regulations of the Fair Political Practices Commission, may implement an electronic system through which designated employees can file statements of economic interest.
