**APPLICATION PROCEDURE FOR USE PERMIT**

A Public Hearing before the Planning Commission will be scheduled after the following information has been completed and submitted to the Planning Department Office:

1. Complete the following:  
 Name of Applicant Brandon Orlando  
 Mailing Address 19474 Carson Pass Highway 88 Pine Grove, Ca  
19474 Carson Pass Highway 88 (Pine Groovin' Cafe)

Phone Number 209-915-3456 **KURIBES@ASAI.US 209-736-0882**  
 Assessor Parcel Number APN 030-170-029-000 **KRISTINA X109**

Use Permit Applied For:

- Private Academic School
- Private Nonprofit Recreational Facility
- Public Building and Use(s)
- Airport, Heliport
- Cemetery
- Radio, Television Transmission Tower
- Club, Lodge, Fraternal Organization
- Dump, Garbage Disposal Site
- Church
- OTHER \_\_\_\_\_

**URIBES**  
**ASPEN STREET ARCH.**  
**brandonorland80@yahoo.com**

- 2. Attach a letter explaining the purpose and need for the Use Permit.
- 3. Attach a copy of the deed of the property (can be obtained from the County Recorder's Office).
- 4. If Applicant is not the property owner, a consent letter must be attached.
- 5. Assessor Plat Map (can be obtained from the County Surveyor's Office).
- 6. Plot Plan (no larger than 11" X 17") of parcel showing location of request in relation to property lines, road easements, other structures, etc. (see Plot Plan Guidelines). Larger map(s) or plans may be submitted if a photo reduction is provided for notices, Staff Reports, etc. The need is for easy, mass reproduction.
- 7. Planning Department Filing Fee: \$ 241  
 Environmental Health Review Fee: \$ 120  
 Public Works Agency Review Fee: \$ 85  
 Amador Fire Protection District Fee: \$ 113  
 Discretionary permits may be subject to a CA Fish & Wildlife fee: \$ 85
- 8. Complete an Environmental Information Form.
- 9. Sign Indemnification Form.

**ENVIRONMENTAL INFORMATION FORM**

To be completed by applicant; use additional sheets as necessary.  
Attach plans, diagrams, etc. as appropriate.

**INDEMNIFICATION**

Project: 19474 Carson Pass Highway 88 (Pine Groovin' Cafe)

In consideration of the County's processing and consideration of the application for the discretionary land use approval identified above (the "Project") the Owner and Applicant, jointly and severally, agree to defend, indemnify, and hold harmless the County of Amador from any claim, action, or proceeding against the County to attack, set aside, void or annul the Project approval, or any action relating related to the Project approvals as follows:

1. Owner and Applicant shall defend, indemnify, and hold harmless the County and its agents, officers or employees from any claim, action, or proceeding against the County or its agents, officers or employees (the "County") to attack, set aside, void or annul the Project approval, or any prior or subsequent determination regarding the Project, including but not limited to determinations related to the California Environmental Quality Act, or Project condition imposed by the County. The Indemnification includes, but is not limited to, damages, fees, and or costs, including attorneys' fees, awarded against County. The County in its sole discretion may hire outside counsel to handle its defense or may handle the matter internally. Indemnification also includes paying for the County's defense if it elects to hire outside counsel. Indemnification also includes compensating the County for staff time associated with the litigation. The obligations under this Indemnification shall apply regardless of whether any permits or entitlements are issued.

2. The County may, within its unlimited discretion, participate in the defense of any such claim, action, or proceeding if the County defends the claim, action, or proceeding in good faith.

3. The Owner and Applicant shall not be required to pay or perform any settlement by the County of such claim, action, or proceeding unless the settlement is approved in writing by Owner and Applicant, which approval shall not be unreasonably withheld.

IN WITNESS WHEREOF, by their signature below, Owner and Applicant hereby acknowledge that they have read, understand, and agree to perform the obligations under this Indemnification.

Mr. Chuck Beatty, Director  
Amador County Planning Department  
810 Court St.  
Jackson, CA 95642

25 March 2024

Dear Mr. Beatty,

I have been contracted by Ms Krystina Uribes of Aspen Architects to evaluate a property in Pine Grove that is proposed for development by the Orlando family. The parcel number of the property is 030-017-029 and it is located on State Highway 88, adjacent to the current gas station/car wash facility.

Ms Uribes has informed me that your department is requiring that an assessment of potential impact to oak woodlands must be prepared for this project.

I am very familiar with the property, since I have lived in Pine Grove since 1979. I am aware that there was a structure on the property that was removed recently. I do not have to do my usual protocol of walking the ground and taking measurements of trees since there are no trees on the area except for a few conifers and oaks on the eastern side of the parcel and a conifer forest on the south side of the parcel. The conifer forest that covers the slope on the south of the property is not proposed for development at this time. And I should note that if it were, it would require a Less than 3 acre Conversion Exemption from the Department of Forestry and Fire Protection, and as such, would be exempt from the requirements of PRC 21083.4 for an Oak Woodlands Assessment. Since the trees on the eastern side of the property are not going to be removed, there is no need for a Less than 3 acre Conversion Exemption from Cal Fire.

In regard to the requirements of PRC 21083.4, I can definitively say that: A. this is not an oak woodland, and B. therefore there will be no impact to oak woodlands as a result of the proposed project.

If you have any questions, please feel free to call or email me. Thank you.

Sincerely,

Steve Q. Cannon  
Registered Professional Forester #2316

Ms Megan Scheeline, Unit Forester  
Amador/El Dorado Ranger Unit  
California Department of Forestry  
and Fire Protection  
2840 Mt. Danaher Road  
Camino, CA 95709

25 March 2024

Dear Ms Scheeline,

I was contacted by Mr. Brandon Orlando of Pine Grove, California regarding a property that his family owns in the town of Pine Grove. The parcel number of the property is 030-017-029 and it is 2.35 acres bordering State Highway 88.

Mr. Orlando has contracted with Aspen Architects of Angels Camp to apply to the County of Amador for a building permit to construct a drive-through coffee shop. Ms Krystina Uribes of Aspen Architects informed me that she was told to have a Registered Professional Forester prepare a Less than 3 acre Conversion Exemption for the project area.

When Ms Uribes talked to me, my reaction was that I believed it to be inappropriate to require a Conversion Exemption for that property. I have lived in Pine Grove since 1979 and I have shopped at the grocery store that is now Orlando's Pine Grove Market many times over the years. Logically, I am very familiar with the parcel that the Orlando family proposes to develop. It is currently a graded lot, with remnants of the concrete pad and foundation of the structure that used to occupy the site. In the time that I have lived in Amador County, it has never had any commercial timber species on the area that is proposed for development. I remember a Black locust that grew close to the highway and that gave the contractor who demolished the old structure quite a bit of trouble with its removal due to a very stubborn root system.

The site plan for the proposed project shows the location of a few trees (incense cedar, ponderosa pine & Calif. Black oak) along the eastern side of the parcel and those are not to be removed for the development of the project. A portion of the parcel is shown on the site plan as "Possible future expansion". If that area were to be developed, it would certainly require a < 3 acre Conversion Exemption. But if this non-timberland portion of the parcel were to require a Conversion Exemption, then either the family would not be able to convert the future expansion area or they would be forced to convert the area at this time. Neither option is appropriate or makes any sense.

In summary, I do not believe that it is appropriate for the Department to require a Less than 3 acre Conversion Exemption for this project, as it is currently planned, because the area of the proposed project is not "available for, and capable of growing a crop of trees of commercial species..." as per PRC 4526. If, at some future date, the family moves forward with the development of the area shown as "possible future expansion", I will counsel them to have a Less than 3 acre Conversion Exemption prepared for that area.

If you have any questions, please feel to call or email me. Thank you.

Sincerely

Steve Q. Cannon, RPF #2316

Re: Pine Groovin' Coffee (UP-24;4-3) Application Deficiencies

Dear Project Applicant(s),

On May 2, 2024, the Amador County Technical Advisory Committee (TAC) reviewed this project and found the application to be incomplete. Below is a list of items needed for the County to find the application complete.

1. Project Description: Please update the project description to include the following:
  - a. Days and hours of operation of the drive through restaurant  
**See updated GI-003 sheet listing hours of operations**
  - b. The site plan indicates proposed landscaping in the general vicinity of the remnants of a building situated at the northeast corner of the property. The Cultural Resources Study submitted with the project application identified this structure as potentially culturally significant and recommended preservation in place. The site plan with landscaping to replace the structure is inconsistent with this recommendation. Please provide information regarding the plans for this structure. If further disturbance of the structure is proposed, further study may be required. **See Updated CRS report, reflecting change in findings. No historical significance records found**
2. Site Plan Revisions:
  - a. Parking: Please show where the 3 new parking spots will be added, including 1 of the 3 spots as ADA compliant. **See updated site plan**
  - b. Signs: Clarify whether or not a stand-alone sign is proposed, and if so, add it to the site plan with dimensions and setbacks. **See updated site plan key note 6**
  - c. Access: Please clarify the access point on the State Route (SR) 88 marked "private driveway". Caltrans' Freeway and Highway Operations prefer all traffic from SR 88 to access the business from the existing driveway, and no additional driveways are allowed. **this is Existing Private. No proposed new drive for highway use is being requested**
3. Traffic Operations: Regarding vehicle queuing, please provide a trip generation analysis for the coffee drive-thru additions to the zoning district. **See Letter showing ITE for Drive thru Coffee shop**
4. Property Deed: Please provide an updated property deed showing Brandon Orlando as the current property owner or a letter of consent from the current property owner stating that Brandon Orlando may apply for the Use Permit on the owner's behalf.

**See letter from Property Owner**

Upon receipt of the above items, we will schedule another TAC meeting to continue processing your application. If you have any questions concerning this matter, feel free to contact this office.

Sincerely,

A handwritten signature in blue ink that reads "Nicole Sheppard". The signature is written in a cursive, flowing style.

RE: Use Permit, UP-24;4-3 Pine Groovin' Coffee  
APN: 030-170-029

To Whom It May Concern:

On April 23, 2025, the Amador Water Agency (Agency, AWA) received an early consultation application referral for the Use Permit Application UP-24;4-3 Pine Groovin' Coffee (Development) located at 19474 State Highway 88, Pine Grove, being APN 030-170-029, having been submitted to the County of Amador by Aspen Street Architects, Inc. on behalf of applicant Brandon Orlando. The Agency has been informed that the County of Amador (County) is considering a Use Permit for the Development.

The Development is planned to be within the AWA operated Pine Grove Wastewater System Improvement District #1 (System). AWA is also the wholesale provider of water to the Pine Grove Community Services District, who is the retail water purveyor for this project. The Agency has the following comments regarding the Development:

1. The Development will be required to obtain a "Wastewater Will Serve Commitment" for wastewater service from AWA, prior to initiation of service to the Development. The Development shall provide the commitment letter to the County, which will monitor these conditions.
2. The Development will be required to obtain a "Wholesale Water Will Serve Commitment" for wholesale water service from AWA, prior to initiation of service to the Development. The Development shall provide the commitment letter to the County, which will monitor these conditions.
3. A properly sized Septic Tank Effluent Pumped (STEP) system and grease interceptor, per AWA Standards, may be required, along with an updated connection contract.
4. Service is subject to the AWA Wastewater Code, Water Code, along with AWA Standards, Rates, Rules and Regulations, as may be amended from time to time.

A "Developer Packet", AWA Standards and STEP requirements, with additional information and requirements, may be downloaded from <https://amadorwater.org/connection-installation/> for your convenience. Please be aware that the contents of this packet are subject to change from time to time and are intended only as a guideline for Developers.

Please feel free to contact the Agency with any questions, comments, or concerns regarding the contents of this letter.

Kind Regards,

A handwritten signature in blue ink that reads "Lucas Carthew".

Lucas Carthew  
Assistant Engineer

**AMA-88-PM 22.767 Use  
Permit, UP-24;4-3  
Pine Groovin**

Dear Ms. Sheppard,

The Department of Transportation (Caltrans) appreciates the opportunity to review and respond to the proposed Use Permit (UP-24;4-3) for Pine Groovin' Coffee project that includes a coffee drive-through in the Retail Commercial (C1), and Office zoning district.

The proposed project is located at 19474 State Route (SR) 88, Assessor Parcel Number (APN) 030-170-029, in the community of Pine Grove.

### **Caltrans at this time has the following comments:**

#### **Environmental**

If there are any physical construction activities that will encroach into Caltrans Right of Way (ROW), the project proponent must apply for an Encroachment Permit to the Caltrans District 10 Encroachment Permit Office. All California Environmental Quality Act (CEQA) documentation, with supporting technical studies, must be submitted with the Encroachment Permit Application. These studies will include an analysis of potential impacts to any cultural sites, historic properties, biological resources, hazardous waste locations, scenic highways, and/or other environmental resources within Caltrans Right of Way at the project site(s).

#### **Traffic Operations**

Regarding vehicle queueing, please provide a trip generation analysis for the coffee and drive-through additions to the zoning district. Use analysis software such as SimTraffic and Synchro to find accurate traffic counts.

According to the Site Plan option 1, please clarify the access point on the SR 88 marked "private driveway".

Nicole Sheppard  
May 16, 2024  
Page 2

Caltrans prefers all traffic from SR 88 to access the coffee business from the existing driveway, and no additional driveways are allowed.

**Hydrology**

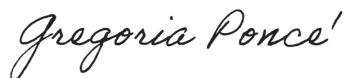

All existing drainage patterns must be perpetuated. It is assumed that no new pavement or impervious area is being proposed. Please provide drainage plans for review once available.

**Encroachment Permits**

If any future project activities encroach into Caltrans ROW, the project proponent must submit an application for an Encroachment Permit to the Caltrans District 10 Encroachment Permit Office. Appropriate environmental studies must be submitted with this application. These studies will include an analysis of potential impacts to any cultural sites, biological resources, hazardous waste locations, and/or other resources within Caltrans ROW at the project site(s). For more information, please visit the Caltrans Website at: <https://dot.ca.gov/programs/traffic-operations/ep/applications>

If you have any questions or would like to discuss these comments, please contact Paul Bauldry at (209) 670-9488 (email: paul.bauldry@dot.ca.gov) or me at (209) 483-7234 (email: Gregoria.Ponce@dot.ca.gov).

**AMA-88-PM 22.767 Use  
Permit, UP-24;4-3  
Pine Groovin**

Dear Ms. Sheppard,

The Department of Transportation (Caltrans) appreciates the opportunity to review and respond to the proposed Use Permit (UP-24;4-3) for Pine Groovin' Coffee project that includes a coffee drive-through in the Retail Commercial (C1), and Office zoning district.

The proposed project is located at 19474 State Route 88, Assessor Parcel Number (APN) 030-170-029, in the community of Pine Grove.

### **Caltrans at this time has the following comments:**

#### **Traffic Operations**

Due to the project's proximity to the access driveway from State Route (SR) 88 and using 45.71 as the average rate of vehicles during the AM Peak Hour of Land Use 938 (Coffee/Donut Shop with Drive-Through Window and No Indoor Seating) referenced in the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition, Caltrans recommends relocating the coffee shop/ drive-through structure to the opposite side of the landscaping element towards the southeast corner of the parcel to avoid potential negative impacts (blocking) to State Route operations.

Freeway and Highway Operations prefer all traffic from SR 88 to access the coffee business from the existing driveway at the northeast corner of the parcel, and no additional driveways are allowed.

#### **Encroachment Permits**

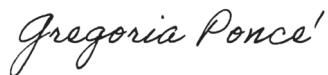

If any future project activities encroach into Caltrans ROW, the project proponent must submit an application for an Encroachment Permit to the Caltrans District 10 Encroachment Permit Office. Appropriate environmental studies must be submitted with this application. These studies will include an analysis of potential impacts to any cultural

Amador County Planning Department  
810 Court Street  
Jackson, CA 95642

**AMA-88-PM 22.767**  
**Use Permit, UP-24;4-3**  
**Pine Groovin**

Dear Ms. Sheppard,

The Department of Transportation (Caltrans) appreciates the opportunity to review and respond to the proposed Use Permit (UP-24;4-3) for the Pine Groovin' Coffee project that includes a coffee drive-through in the Retail Commercial (C1) and Office zoning district.

The proposed project is located at 19474 State Route (SR) 88, in the Pine Grove community, with the Assessor Parcel Number (APN) 030-170-029.

### **Caltrans at this time has the following comments:**

#### **Traffic Operations**

Based on our calculations for trip generation using the Institute of Transportation Engineers (ITE) Trip Generation Manual, 11th Edition for Land Use 938, Coffee/Donut Shop with Drive-Through Window and No Indoor Seating, the maximum number of trips ends generated during a weekday peak hour of adjacent street traffic, between 7 AM to 9 AM, on page 794 was approximately 89 using the fitted curve equation. The method used to estimate trips was to use the fitted curve equation because the equation is provided, and the data plot has at least 20 data points. Please verify your methodology for estimating generated trips, as shown in the previously submitted table.

After reviewing the revised site plan with two opposing direction drive-thru lanes, the proximity to the car wash and the driveway will conflict with entering and exiting vehicles. We recommend that the internal drive-thru lane be reversed and its corresponding ordering window/ kiosk be relocated to allow for safe and proper queuing with parallel entrances. We also recommend having stop/ yield signs after the pickup window for a single merged exit lane with curbs to help direct vehicles back to the driveway at State Route 88. It is also suggested that driveway markings be delineated to direct entrances and exits, the right turn out only, and a "Do Not Enter" sign at the drive-thru exit.

Nicole Sheppard  
August 21, 2024  
Page 2

Any work within State Right-of-Way (ROW) will require an encroachment permit.

**Encroachment Permits**

If any future project activities encroach into State ROW, the project proponent must submit an application for an Encroachment Permit to the Caltrans District 10 Encroachment Permit Office. Appropriate environmental studies must be submitted with this application. These studies will include an analysis of potential impacts to any cultural sites, biological resources, hazardous waste locations, and/or other resources within State ROW at the project site(s). For more information, please visit the Caltrans Website at: <https://dot.ca.gov/programs/traffic-operations/ep/applications>

If you have any questions or would like to discuss these comments, please contact Paul Bauldry at (209) 670-9488 (email: paul.bauldry@dot.ca.gov) or me at (209) 483-7234 (email: Gregoria.Ponce@dot.ca.gov).

Sincerely,

Good morning Nicole,

I wanted to follow up to confirm if the CFD annexation condition applies to this project.

Thank you,

Nicole Sheppard

Hi Nicole. The condition does **not** need to be met since there is no splitting of the parcel or changing the kind of use (changing from resi to commercial, etc.). Thank you.
